Welcome to Health Alliance POS Individual Plan

The Health Alliance Point of Service (POS) Individual plan is a product of Health Alliance Medical Plans, Inc. (Health Alliance), an Illinois domestic stock insurance company licensed to provide both HMO and Indemnity plans. Health Alliance administers all aspects of this Plan, which is located at 3310 Fields South Drive, Champaign, IL 61822. Customer Service Representatives are available via the phone at 1-866-247-3296; this number is also on the back of your Health Alliance Identification Card.

The Health Alliance Point of Service (POS) Individual plan allows you and your covered Dependents to make a choice on where you wish to receive health care services. Your level of coverage is determined by how you choose to receive services. You may choose to receive services from a Participating Provider and receive the highest level of benefits. A Participating Provider is a Physician or Provider that has entered into a valid contract with Health Alliance to provide health care services to Health Alliance HMO Members. These are called HMO Policy (in-network) benefits.

You may also choose to receive services from a Non-Participating Provider. These are called Indemnity Policy (out-of-network) benefits. Choosing to receive services, other than Emergency Services, from a Non-Participating Provider will result in a lower benefit level and more Out-Of-Pocket expenses.

With the Health Alliance Point of Service (POS) Individual plan, you receive two Policies under one Plan. You receive an HMO Policy that explains your in-network benefits and an Indemnity Policy that explains your out-of-network benefits. In addition, you will be responsible for ensuring that all Preauthorization requirements have been met.

This Policy, the Description of Coverage, the Summary of Benefits and Coverage (SBC) and the application, constitute the entire contract between you and Health Alliance. No change in this contract will be valid until approved by an executive officer of Health Alliance. No agent has the authority to change this contract or to waive any of its provisions. Any provision, term, benefit or condition of coverage in this Policy may be amended, revised or deleted by Health Alliance in accordance with changes in State and/or Federal law. This may be done without your consent.

It is important for you to read this Policy as it explains your rights, benefits and responsibilities as a Health Alliance Member. As a Member, you are subject to all terms and conditions of this Policy, and payment of Copayments, Coinsurance and Deductible amounts, as specified on the Description of Coverage and the SBC.

You have the right to examine and return this Policy to Health Alliance within 10 days of receipt and to receive a refund of any premium paid if you are not satisfied with the Policy for any reason. If you return the Policy to Health Alliance, it will be considered void as of the date it was issued to you by Health Alliance. If health care services are provided to you or any Dependent during the 10-day examination period and prior to the return of the Policy, you will not be entitled to receive a refund of the premium paid for any reason.

WARNING, LIMITED BENEFITS WILL BE PAID WHEN NON-PARTICIPATING PROVIDERS ARE USED. You should be aware that when you elect to utilize the services of a Non-Participating Provider for a covered service in non-emergency situations, benefit payments to such Non-Participating Provider are not based upon the amount billed. The basis of your benefit payment will be determined according to your Policy’s fee schedule, Maximum Allowable Charge, or other method as defined by the Policy. YOU CAN EXPECT TO PAY MORE THAN THE COINSURANCE AMOUNT DEFINED IN THE POLICY AFTER THE PLAN HAS PAID ITS REQUIRED PORTION. Non-Participating Providers may bill Members for any amount up to the billed charge after the Plan has paid its portion of the bill as provided in Section 356z.3a of this Code. Participating Providers have agreed to accept discounted payments for services with no additional billing to the Member other than Copayments, Coinsurance and Deductible amounts. You may obtain further information about the Participating status of professional Providers and information on Out-Of-Pocket expenses by calling Health Alliance at the number on the back of your Health Alliance Identification Card.
The Effective Date of this Plan is stated on the SBC. This Plan will be automatically renewed from Plan Year to Plan Year, unless canceled or terminated at an earlier date by you, Health Alliance or the Health Insurance Marketplace as specified in the “Termination” section of this Policy.

Health Alliance Customer Service Representatives are available to help you understand your health care plan. We encourage you to call the number on the back of your Health Alliance Identification Card to speak with one of our representatives about your benefits.

IN WITNESS WHEREOF, Health Alliance Medical Plan, Inc. has duly executed this Policy.

HOW THE HEALTH ALLIANCE HMO INDIVIDUAL PLAN WORKS

The Health Alliance HMO Plan provides coverage for your Medically Necessary health care services in exchange for your agreement to certain limitations. You are required to receive all your covered medical care from the Physicians, Hospitals and other Providers within your Health Alliance Provider network, also referred to as Participating Providers. You are also required to have all your medical care coordinated by your Primary Care Physician whom you select from a list of available Primary Care Physicians in within your Provider Network.

A Provider Directory listing Participating Providers by specialty with addresses and telephone numbers is available at HealthAlliance.org. Click on “Find a Doctor” in the site’s directory. We encourage you to create a login to view your plan specific Providers and other Plan information. If you do not have access to the internet or prefer to have a printed copy of the Provider Directory, a paper directory can be provided upon request. If your Primary Care Physician believes you require care from a specialist or other Provider, your Primary Care Physician will refer you to the appropriate Provider. In addition, Preauthorization from Health Alliance is required for some types of care.

Your Relationship with Your Primary Care Physician
Upon enrollment, you must select a Primary Care Physician. We want you to have an open and honest relationship with your Primary Care Physician because this Physician will direct all your health care needs. The list of Participating Providers (Provider Directory) in your Provider Network is available at HealthAlliance.org or will be provided to you upon request.

In addition to their Primary Care Physician, female Members may select a Woman’s Principal Health Care Provider to provide covered services within the scope of his or her license without the need for a referral from a Primary Care Physician. A Woman’s Principal Health Care Provider must be selected from among the list of Participating Providers in your Provider Network.

A Primary Care Physician (allopathic or osteopathic) who specializes in pediatrics may be selected for your Dependent children on this Plan.

You may change your Primary Care Physician or Woman’s Principal Health Care Provider by calling Health Alliance at the number on the back of your Health Alliance Identification Card or by writing Health Alliance. Health Alliance requires Primary Care Physicians to provide access or direction to patients when they are unavailable or after hours. Health Alliance Members also have access to the Patient Advisory line. This phone number is listed on the back of your Health Alliance Identification card.

The Relationship Between Health Alliance and Participating Providers
Participating Providers are responsible for providing you with the services covered by this Policy. Health Alliance has contracted with Providers to provide you with covered services. Health Alliance does not provide medical services or make medical treatment decisions. Participating Providers are independent contractors and are not agents of Health Alliance. We have not given Participating Providers the authority to act on behalf of Health Alliance in any manner or to make any promises or representations to you on its behalf. Participating Providers are responsible to you for the services they provide to you, including the health care services covered under this Policy. They are responsible to you for the manner and skill with which those services are provided or rendered.

Specialty Care from Participating Providers
If your Primary Care Physician believes specialty care is Medically Necessary, he or she may refer you to a Participating Provider in your Provider Network. Physicians, Hospitals, mental health and other health care Providers are listed in the Provider Directory by specialty with addresses and telephone numbers. Your Primary Care Physician will determine the number of visits needed for specialty care. If you have a medical condition that requires ongoing specialty care, you may apply to your Primary Care Physician for a standing referral. A standing referral will be effective for either the time period or number of visits specified by your Primary Care Physician. If the specialty services needed are not available from a Participating Provider in your Provider Network, a referral from your Primary Care Physician and Preauthorization from Health Alliance is required for coverage of
the specialty services. Non-Participating Provider services are covered only when a Participating Provider cannot provide the requested Medically Necessary services, except Emergency Services. Female Members may obtain services from a Participating Woman’s Principal Health Care Provider without a referral from a Primary Care Physician.

**Non-Participating Providers or Out-of-Network Coverage**
Health Alliance will not cover services rendered by a Non-Participating Provider, except for Emergency Services, unless your Primary Care Physician or Woman’s Principal Health Care Provider refers you and you receive Preauthorization from Health Alliance.

**Termination or Non-Renewal of Participating Provider**
In the event that Health Alliance chooses to terminate or not renew a Participating Provider’s contract, the Policyholder and Provider will be notified within 60 days. If a Provider notifies us of their intent to terminate their relationship with Health Alliance, we will notify you within 60 days or as soon as possible after Health Alliance receives notice. In the event that the Provider’s license has been disciplined by a State licensing board, immediate written notice may be provided.

**Continued Care Coverage with Terminating Physicians**
If your treating Physician’s contract terminates with Health Alliance, you may be eligible for coverage of continued treatment by that Physician during a transitional period if you are in an ongoing course of treatment or if you are pregnant. The following conditions must be met: the Physician’s termination did not involve potential harm to a patient or disciplinary action by a state licensing board, the Physician remains in your Service Area and the Physician agrees to abide by the terms and conditions of the terminating contract, unless otherwise approved by Health Alliance. You must contact the Customer Service Department at the number on the back of your Health Alliance Identification Card within 30 days of receiving the termination notice if you want coverage of continued care with a terminating Physician.

- **Ongoing Course of Treatment**
  If you are in an ongoing course of treatment, Health Alliance will cover continued treatment with your Physician for a period of 90 days. The 90-day period starts on the date you receive notice from Health Alliance that your Physician’s contract with Health Alliance is terminating.

- **Maternity Care**
  If you are pregnant and have entered week 13 of your pregnancy by the date of your Physician’s termination, Health Alliance will cover continued care with that Provider through post-partum care.

**Continued Care Coverage for New Members**
If your treating Physician is not a Participating Provider in your Provider Network, you may be eligible for coverage of continued treatment during a transitional period with that Physician if you are in an ongoing course of treatment or if you are pregnant. Your Physician must agree to accept reimbursement rates like other Participating Providers in your Provider Network, and comply with Health Alliance quality assurance requirements and policies and procedures, unless otherwise approved by Health Alliance. You must contact Health Alliance within 15 days of your Effective Date of coverage if you want coverage of continued care with your Non-Participating Physician.

- **Ongoing Course of Treatment**
  If you are in an ongoing course of treatment, Health Alliance will cover continued treatment with your treating Physician for a period of 90 days from your Effective Date of coverage.

- **Maternity Care**
  If you are pregnant and have entered week 13 of your pregnancy on your Effective Date of coverage, Health Alliance will cover continued care with your treating Physician through post-partum care.
PREADUATION

Participating Provider Preauthorization Procedure
Your Primary Care Physician or Participating Provider is responsible for obtaining Preauthorization from Health Alliance on your behalf. If the Preauthorization request is approved, you and the Primary Care Physician or Participating Provider who requested the Preauthorization will be notified of the effective dates and the care and services you are authorized to receive. If the Preauthorization request is denied, you and your Primary Care Physician and the Participating Provider will be notified in writing. If the Preauthorization request is denied, the Plan will not provide coverage for the requested services.

Non-Participating Provider or Extended Network Preauthorization Procedure
When using Non-Participating Providers or Extended Network Provider you are responsible for ensuring that all services listed are Preauthorized before you receive the service. If the Preauthorization request is approved, both you and your Provider will be notified of the effective dates and the kind of care and services you are authorized to receive. Once your Preauthorization approval expires, it is your responsibility to notify your Provider so he/she can determine whether further care is needed, and if so, submit another Preauthorization request to Health Alliance.

If your Preauthorization request is denied, Health Alliance will not provide coverage for the requested services. Preauthorization can be initiated by calling Health Alliance at the number on the Health Alliance Identification Card.

If your Preauthorization request is denied, you may request an appeal of the denial; see “Appeals” and “Medical Necessity Review”. If your Preauthorization request is denied on the basis of Medical Necessity, appropriateness, health care setting, level of care or effectiveness and you have exhausted the internal appeals process, you also have the right to request that decision be reviewed by an independent review organization, see “External Review of Appeals”.

If your Preauthorization request for urgent care is denied, you have the right to request an expedited internal appeal of the denial, see “Appeals” and “Expedited Medical Necessity Review”. If your Physician or other health care Provider believes that the denial of coverage of health care services or the timeframe for completion of an expedited internal review would jeopardize your life, your health or your ability to regain maximum function, you have the right to request an expedited review by an independent review organization. If your Preauthorization request is denied due to treatment being experimental or investigational and your Physician certifies in writing that treatment would be significantly less effective if not promptly initiated, you may request an expedited external review of the denial at the same time you request an expedited internal appeal of the denial, see “External Review of Appeals” and “Expedited Medical Necessity Review.”

To determine what procedures or supplies would require Preauthorization visit the Health Alliance website at HealthAlliance.org, login to your account, click on the Authorizations tab and choose Policies & Procedures in the menu on the right, or contact Health Alliance at the number listed on the back of your Health Alliance Identification Card.

Non-Participating Provider and Extended Network Provider Preauthorization Penalty
If you or your Non-Participating Provider or Extended Network Provider do not notify Health Alliance of Hospital admissions to a Non-Participating or Extended Network Provider Hospital or do not Preauthorize any of the Inpatient Surgical procedures that are required and they are performed by a Non-Participating Provider or Extended Network Provider the Plan imposes an additional penalty amount. The Penalty amount is the lesser of 50% or $1,000 per service. The Preauthorization penalty does not apply to your Benefit Year Out-of-Pocket Maximum.
Notification of Emergency Services
If you are treated or are admitted as an inpatient, for an Emergency Medical Condition, you must notify Health Alliance at the number listed on the back of your Health Alliance Identification Card within 48 hours, or as soon as reasonably possible, after care begins.

ELIGIBILITY, ENROLLMENT AND EFFECTIVE DATE OF COVERAGE

The Health Insurance Marketplace determines eligibility and your Effective Date of coverage.

Individuals must meet the following requirements to be eligible for enrollment in the Plan:

Policyholder
To be eligible to enroll as a Policyholder under this plan, you must submit an application to the Health Insurance Marketplace and meet the following requirements:

• You must be a citizen or national of the United States, or a non-citizen who is lawfully present in the United States.
• You must not be incarcerated.
• You must not be enrolled under another Health Alliance individual health insurance plan while covered under this Plan.
• You must not be eligible for Medicare or Medicaid.
• You must live in the plan’s Service Area.

Dependent
Your Dependent may be eligible to enroll in coverage under the Plan if he or she is not enrolled under another Health Alliance individual health insurance plan while covered under this Plan, is not eligible for Medicare or Medicaid, and has one of the following relationships to you:

• Your Legal Spouse.
• Your natural-born, legally adopted child or stepchild.
• A child for whom you are the court-appointed legal guardian.
• A child placed in foster care or placed for adoption with you or your Legal Spouse. Placement or placed means you assume and retain total or partial support of the child. If the child’s placement terminates, upon termination the child will no longer be eligible for benefits under the Plan.

Examples of Dependents who are not eligible for coverage under the Plan include, but are not limited to grandchildren (unless you are the legal guardian), parents and other relatives.

A person is not an eligible Dependent if on active duty in the Armed Forces or National Guard of any country.

An eligible Dependent child must be (a) under the age of 26, regardless of student status, or (b) under the age of 30, if a veteran and an Illinois resident who served in the Armed Forces of the United States and who has received a release or discharge other than a dishonorable discharge, or (c) as otherwise specified in this Policy. To be eligible for coverage, the Dependent who is a veteran may be required to submit a form approved by the Illinois Department of Veterans’ Affairs stating the date on which the Dependent was released from service to the Health Insurance Marketplace and/or Health Alliance.

A Dependent child may continue coverage under the Plan if upon reaching the Limiting Age an apparent disabled condition makes the Dependent child incapable of self-sustaining employment, and if he or she is dependent on his or her parent or other care Providers for lifetime care and supervision. The Health Insurance Marketplace and/or Health Alliance may request documentary proof of the disability and dependency. Requests will be no more often than annually from the date when Health Alliance was first notified of the child’s disability and dependency.
Initial Enrollment
If you meet the eligibility requirements stated in the “Policyholder” or “Dependent” subsections, you will be notified of the receipt of your enrollment application and the amount of premium due. Initial enrollment is completed upon receipt of the initial premium payment by Health Alliance.

If a Member is not eligible for coverage under the Plan and intentional misstatement or fraud has been perpetrated, whether intentionally or not, and Providers have been reimbursed for services and supplies on behalf of the Member, any such Member, or responsible parent or guardian in case of a minor, is required to reimburse Health Alliance for any and all sums paid on his or her behalf for health care services together with any reasonable attorneys’ fees and expenses incurred in collection of such sums.

Initial Enrollment is limited to the designated open enrollment period each year, unless you qualify for a Special Enrollment Period.

Open Enrollment
There will be an Open Enrollment Period each year in which individuals may initially apply for an individual plan or switch individual plans for the next year. You will receive notification in advance of the Open Enrollment Period each year. Individuals may only apply or switch plans outside of this Open Enrollment Period each year when there is a qualifying event for a Special Enrollment Period.

Effective Date
The Plan’s Effective Date is shown on the SBC and will be automatically renewed from Plan Year to Plan Year, unless canceled or terminated at an earlier date by you, Health Alliance or the Health Insurance Marketplace, or if you elect to switch plans during the Open Enrollment Period.

Special Enrollment Period
Federal law, this Policy and the Individual Health Insurance Marketplace describe special enrollment provisions, which establish a period of time in which you have the option to enroll in the Plan or switch your plan when you or your Dependents experience a qualifying event. Members may be required to send documentation regarding their special enrollment event to the Health Insurance Marketplace and/or Health Alliance. In order to enroll in coverage retroactively under a special enrollment period, the premium due for all months of retroactive coverage must be paid in full as detailed in the “Payment of Initial Premiums” section.

You and your Dependents are eligible for a special enrollment period of 60 days when one of the following qualifying events occurs:

- If you and/or your Dependents involuntarily lose coverage due to loss of eligibility, which may include loss of coverage resulting from termination of employment, a reduction in the number of work hours, termination of employer contributions, a termination in a class of coverage, being released from incarceration, or you receive a notice of the loss of minimum essential coverage, you and your eligible Dependents may enroll in the Plan. Your prior coverage must meet minimum essential coverage standards in order for the loss of coverage to be considered a qualifying event. If you experience this qualifying event, you and your eligible Dependents may enroll in the Plan. You have 60 days before or 60 days after a loss of coverage to select a Plan. If the plan is selected before the loss, the Effective Date is the first of the month following the qualifying event. If the Plan is selected after the loss, the Effective Date would be the first day of the second following month following the qualifying event.

- If you and/or your eligible Dependents exhaust COBRA continuation or state continuation coverage, you and your eligible Dependents losing coverage may enroll in the Plan. If you experience this qualifying event, you and your eligible Dependents may enroll in the Plan. You have 60 days before or 60 days after a loss of coverage to select a Plan. If the Plan is selected before the loss, the Effective date is the first of the month following the qualifying event. If the Plan is selected after the loss, the Effective date would be the first day of the second following month following the qualifying event.
• If you and/or your Dependents cease to live in the Service Area and there is no other affordable benefits plan option available under the Plan. If you experience this qualifying event, you and your eligible Dependents may enroll in the Plan. You have 60 days before or 60 days after a loss of coverage to select a Plan. WHAT IS COVERED/WHAT IS NOT COVERED—PHARMACY BENEFITS

Benefits
Health Alliance administers pharmacy benefits through a national pharmacy benefit manager. Many independent pharmacies and most national chains are Participating pharmacies. Prescription drugs may be obtained through any in-network retail or mail order pharmacy. To find out if a pharmacy is a Participating pharmacy, call Health Alliance at the number listed on the back of your Health Alliance Identification Card.

You must present your Health Alliance Identification Card for each prescription purchase. Your card contains information needed to process your prescription. The pharmacist will ask you to pay your prescription Deductible, Copayment and/or Coinsurance at the time it is filled. If you do not present your Health Alliance Identification Card, you may be asked to pay the full retail price of your prescription. To request reimbursement you may submit your itemized receipt, along with the requested information noted on it, to the pharmacy benefit manager’s address noted on the back of your Identification Card.

Prescription Drugs obtained at a Participating pharmacy when prescribed by a Participating Physician, hereinafter referred to as Physician for purposes of this section, in connection with Medically Necessary services are covered for Members subject to the following terms, conditions and limitations.

Prescription Drugs obtained from a Non-Participating pharmacy in conjunction with emergency services are covered subject to the terms, conditions and limitations listed below.

Prescription Refill Synchronization
Prescription refill synchronization is the allowance to refill one or more maintenance medication(s) on the same day to eliminate the need for multiple trips to the pharmacy for easier management of medications.

Member cost share will be adjusted based on the quantity of medication filled for the purpose of synchronization of medications. A daily proration cost share would be charged to accommodate medication synchronization.
Schedule II, III or IV controlled substances, drugs that have special handling or sourcing needs that require a single designated pharmacy to fill or refill the prescription, and drugs that cannot be safely split into short-fill periods to achieve synchronization are excluded from refill synchronization.

If you have more than one maintenance medication prescription and fill each at different times and would like to sync them up to be able to fill at the same time each month, please contact Health Alliance at the number listed on the back of your Health Alliance Identification Card.

Preauthorization
Some prescription drugs require Preauthorization from Health Alliance and certain criteria to be met by you. Drugs that require Preauthorization are noted on the prescription Drug Formulary.

Newly released prescription drugs require Preauthorization for up to six months from the date of launch until the drugs have undergone review by the Health Alliance Pharmacy and Therapeutics Committee.

The list of drugs that require preauthorization can be found on our website HealthAlliance.org in the Pharmacy Programs section. Your Physician may obtain a Preauthorization Request Form by contacting Health Alliance directly or online at YourHealthAlliance.org. Preauthorization can be verified by calling Health Alliance at the number listed on the back of your Health Alliance Identification Card. If Preauthorization is not obtained, Health Alliance will not provide coverage and you will be required to pay the full cost of the drug.

Prescription Drug Formulary
A prescription drug formulary, or “formulary”, is a list of covered prescription and over-the-counter drugs. You can use the formulary to determine if a drug requires preauthorization, step therapy, or has a quantity limit. The formulary also shows you the tier placement for each drug. These tiers will help you estimate how much you will pay each time you fill a prescription. The formulary is split into six tiers.

This six-tier system accomplishes two important goals. First, it provides members and their prescribers with access to a wide variety of treatment options. Second, it allows the plan to assign drugs a cost-sharing that accurately reflects the drug’s benefit and cost when compared to other formulary products which treat the same condition.

The drugs listed in the Health Alliance formulary are reviewed and revised at least annually by the Health Alliance Pharmacy and Therapeutics Committee. Prescription drugs may be moved between tiers, as new drugs may be added to a tier or an existing drug may be removed from a tier during the Benefit Year. This could occur up to six times per year or every two months. If a drug moves to a higher tier then you will be notified at least 60 days prior to the change so that you can discuss with your Physician any lower tier or formulary alternatives available to you. Any Member receiving immunosuppressant drugs will be notified at least 60 days prior to the change so that it can be discussed with your Physician.

Some prescription drugs are not included on the Health Alliance Drug Formulary. Non-formulary drugs have covered formulary alternatives in most instances. Coverage of non-formulary drugs requires a request for Medical Exception from your physician. Members may qualify for a medical exception if they meet one of the below requirements:
• Medication provides clinically superior outcomes compared to all currently available agents based upon review of the published literature.
• Documentation of trial and failure of all currently available formulary agents in the same therapeutic class.
• Documentation of allergic reactions or contraindication to all currently available formulary agents in the same therapeutic class.

The Medical Exception request must explain the reason covered formulary alternatives cannot be used. Medical Exception can be requested by members, their authorized representative or a prescriber. Requests may be made verbally, electronically, via paper form, or some other writing and reviewed by a pharmacist. In the case of a non-urgent exception request, Health Alliance will approve or deny the request within 72 hours after receipt of the request. Urgent requests follow the same procedure but Health Alliance will approved or deny the request within 24 hours after receipt of the request. In the case of a denial, Health Alliance will provide the member or their authorized representative and prescribing provider with the reason for the denial, an alternative covered medication (if applicable), and information regarding the procedure for submitting an appeal to the denial.

To access the most up-to-date version of our Individual Formulary, visit the Pharmacy Programs section of our website HealthAlliance.org or call Health Alliance at the number listed on the back of your Health Alliance Identification card. Some plan’s pharmacy benefits may differ from this list. Upon request, Health Alliance will provide you with information as to whether a prescription drug is included in the formulary and whether the drug will be covered at the Preferred Generic Tier, Non-Preferred Generic Tier, Preferred Brand Tier, Non-Preferred Brand Tier or Specialty Prescription Drug Copayment or Coinsurance.

Preventive Drugs
As part of the Wellness benefit, preventive drugs are covered under the prescription Drug Formulary. Preventive drugs are covered at no charge when prescribed by a Participating Provider and obtained at a Participating Pharmacy.

For a listing of the preventive drugs, please see section “Wellness Care” under “What is Covered” and/or the Health Alliance Drug Formulary. In addition to the preventive drugs listed here, coverage will also include any other preventive drugs approved by the United States Preventive Service Task Force (USPSTF) that may be upgraded to Grade A or B during the Benefit year. The drugs listed in the Health Alliance formulary are also reviewed and revised at least annually by the Health Alliance Pharmacy and Therapeutics Committee.

Prescription drugs may be moved between tiers, as new drugs may be added to a tier or an existing drug may be removed from a tier during the Benefit Year, this could occur up to six times per year or every two months. If a drug moves to a different tier or is removed from the formulary then you will be notified at least 60 days prior to the change so that you can discuss with your Physician any formulary alternatives available to you.

APPEALS

Appeals are divided into two categories: administrative decisions or denials of coverage based on Medical Necessity, appropriateness, health care setting, level of care or effectiveness. Health Alliance has one level of appeal available to you. The appeals procedures are detailed in any notice of appeal determination you may receive, as well as detailed in this section of this Policy. You or any person you have chosen as your authorized representative, including your Physician or other health care Provider or attorney, may request an appeal of either category. The party filing the appeal may send us written comments, documents, records or other information regarding your appeal. All available information relevant to your appeal will be considered when reviewing your appeal. A Clinical Peer not involved in the initial denial will review appeals made on the basis of Medical Necessity, appropriateness, health care setting, level of care or effectiveness. A review committee or an individual not involved in the initial denial and who does not work under the authority of the initial decision maker will review administrative appeals.

You, your authorized representative, Physician or other health care Provider may request an appeal within 180 days of receiving the initial denial notice by calling the Member Relations Department at 1-800-500-3373, via facsimile at 1-217-902-9708 or writing to the Member Relations Department, Health Alliance Medical Plans, 3310 Field South Drive, Champaign, Illinois, 61822. The party filing the appeal may send us written comments, documents, records or other information regarding your appeal Administrative Review.

The deadlines for filing an appeal or external review will not be postponed or delayed by health care provider appeal unless the health care provider is acting as an authorized representative for the covered person; i.e., the covered person should be filing internal appeals independently and concurrently unless the health care provider has been designated in writing as the authorized representative.

Notice of Appeal Determination
Health Alliance will make a decision and send a written notice to you, your authorized representative, Physician and any health care Provider who recommended services.

The written notice sent to you or your authorized representative will include:

- The reasons for the decision.
- References to the benefit plan provisions on which the decision is based, and the contractual, administrative or medical policy criteria for the decision.
• Subject to privacy laws and other restrictions, if any, the identification of the claim, date of service, health care provider, claim amount (if applicable), and a statement describing denial codes with the meanings and the standards used. Upon request, diagnosis/treatment codes with their meanings and the standards used are also available.

• An explanation of Health Alliance’s external review processes (and how to initiate an external review) and a statement of your right, if any, to bring a civil action under Section 502(a) of ERISA following a final decision on internal appeal.

• A statement in non-English language(s) that indicates how to access the language services provided by Health Alliance.

• The right to request, free of charge, reasonable access to and copies of all documents, records, medical policies and other information relevant to the decision.

• Any internal rule, guideline, policy or other similar criteria relied on in the decision, or a statement that a copy of such rule, guideline, policy or other similar policy will be provided free of charge on request.

• An explanation of the clinical judgment relied on in the decision, or a statement that such explanation will be provided free of charge upon request.

• A description of the standard that was used in denying the claim and a discussion of the decision.

• Contact information for applicable office of health insurance consumer assistance.

If Health Alliance’s decision is to continue to deny or partially deny your referral, prior authorization or claim or you do not receive timely decision, you may be able to request an external review of your referral, prior authorization or claim by an independent third party, who will review the denial and issue a final decision. Your external review rights are described in the External Review of Appeals section below.

The operations of Health Alliance are regulated by the Illinois Department of Insurance. Filing an appeal does not prevent you from filing a Complaint with the Illinois Department of Insurance or keep the Illinois Department of Insurance from investigating a Complaint.

Administrative Review
Appeals for administrative decisions will be reviewed by a committee or an individual not involved in the initial denial and who does not work under the authority of the initial decision maker. Health Alliance will notify the party filing an appeal within 3 days of any additional information that is required to evaluate the appeal. Health Alliance will notify the party filing the appeal in writing of its decision within 15 days from the date Health Alliance receives all the information requested to complete the review.

Medical Necessity, Appropriateness, Health Care Setting, Level of Care or Effectiveness Review
Appeals for denial of coverage of health care services will be reviewed by a Clinical Peer not involved in the denial of coverage of health care services. Health Alliance will notify the party filing an appeal within 3 days of any additional information that is required to evaluate the appeal. Health Alliance will make a decision and notify you, your authorized representative, Physician and any other health care Provider who recommended services within 15 days after receipt of all necessary information.

**Expedited Medical Necessity Review**

You, your authorized representative, Physician or other health care Provider may request an appeal for denial of urgent care services that require Preauthorization. A Clinical Peer not involved in the original decision to deny coverage of health care services will review the appeal. Health Alliance will make a decision and notify you, your authorized representative, Physician and any other health care Provider who recommended services by telephone within 24 hours of receipt of all requested information, but no later than 48 hours after receipt of the request for an appeal. Health Alliance will provide written notification within 3 days of the decision.

If the appeal of your Preauthorization request is denied, you have the right to request that decision be reviewed by an independent review organization not associated with Health Alliance by submitting a written request for an external review to the Illinois Department of Insurance, see “External Review of Appeals.” If you have a medical condition where the timeframe for completion of a standard external review would jeopardize your life, your health or your ability to regain maximum function, an expedited external review may be requested. If the requested health care services are denied and the denial concerns an emergency admission, availability of care, continued stay, or health care service and you have not been discharged from the facility, you may request an expedited external review. If the denial of coverage is based on the determination that the requested service or treatment is experimental or investigational and your health care Provider certifies in writing that the service or treatment would be significantly less effective if not promptly initiated, you may request an expedited external review; see “External Review of Appeals” and “Expedited Medical Necessity Review.”

If your Preauthorization request for urgent care is denied, you have the right to request an expedited internal appeal of the denial. If your Physician or other health care Provider believes that the denial of coverage of health care services or the timeframe for completion of an expedited internal review would jeopardize your life, your health or your ability to regain maximum function, you have the right to request an expedited review by an independent review organization. If your Preauthorization request is denied due to treatment being experimental or investigational and your Physician certifies in writing that treatment would be significantly less effective if not promptly initiated, you may request an expedited external review of the denial at the same time you request an expedited internal appeal of the denial.

**External Review of Appeals**

For denials made on the basis of Medical Necessity, appropriateness, health care setting, level of care or effectiveness, you, your authorized representative, your Physician or other health care Provider or attorney may request an external review by an independent review organization, not associated with Health Alliance, if you are not satisfied with the Health Alliance resolution of the denial of coverage for health care services. This can be done by submitting a written request to the Illinois Department of Insurance. The party requesting the external review may contact the Illinois Department of Insurance at 1-877-850-4740.

You may contact the Office of Consumer Health Insurance (OCHI), Illinois Department of Insurance External Review Unit at 320 West Washington Street, 4th Floor, Springfield, IL 62727; toll free at 1-877-850-4740; via facsimile at 1-217-557-8495; by email at doi.externalreview@illinois.gov or at https://mc.insurance.illinois.gov/messagecenter.nsf.

Except in the case of an expedited review at the initial urgent Preauthorization request denial, see “Preauthorization”, you must exhaust the internal review process before a request for an external review can be made.

You will also be considered to have exhausted the internal review process if:

- You have not received our written decision on your internal appeal within 30 days or 60 days if it involves a retrospective appeal, see “Appeals” and “Medical Necessity, Appropriateness, Health Care Setting, Level of Care or Effectiveness Review”;
- You have not received our written decision on your expedited internal appeal within 48 hours, see “Appeals” and “Expedited Medical Necessity Review”; or
- Health Alliance agrees to waive the internal review exhaustion requirement.

**Medical Necessity, Appropriateness, Health Care Setting, Level of Care or Effectiveness Review**

A written request for external review may be submitted within 4 months after receipt of notification that your appeal for approval of coverage of health care services has been denied. Assignment of an independent review organization will be made within 1 business days of determining your request is eligible for an external review. The independent reviewer will make a decision within 5 days, but in no event later than 45 days after receipt of all necessary information and provide written notification of its decision to all parties involved in the appeal.
An expedited external review is not available for review of denials for health care services that have already been provided.

### Expedited Medical Necessity Review

An expedited external review may be requested orally or in writing if you, your Physician or other health care Provider involved in the appeal believe that the denial of coverage of health care services or a standard external review would jeopardize your life, your health or your ability to regain maximum function.

After determining the request is eligible for external review, Illinois Department of Insurance will immediately assign an independent review organization to conduct the review. The independent review organization will make a decision no later than two business days after receipt of the required information and provide written notification of its decision to all parties involved in the appeal.

An expedited external review is not available for review of denials for health care services that have already been provided.

**COORDINATION OF BENEFITS**

This coordination of benefits (COB) provision applies when you or your covered Dependent has health care coverage under more than one plan. When you are covered by two or more health plans, benefits provided by the other plan will be coordinated with those provided by this Plan.

**Definitions**

1. A “Plan” is any of the following that provides benefits or services for medical or dental care or treatment. However, if separate contracts are used to provide coordinated coverages for Members of a Group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
   - “Plan” includes: Group insurance, closed panel or other forms of Group or Group-type coverage (whether insured or uninsured), individual or family insurance, closed panel or other individual coverage, medical care components of Group long-term care contracts, such as skilled nursing care; medical benefits under Group or individual automobile contracts, no-fault automobile insurance (by whatever name it is called) and Medicare or other governmental benefits, as permitted by law.
   - “Plan” does not include: Hospital indemnity insurance, school accident-type coverage, benefits for non-medical components of Group long-term care policies, and Medicare supplement policies, Medicaid policies and coverage under other governmental plans, unless permitted by law.

2. The “Order of Benefit Determination Rules” determine whether this Plan is a “primary plan” or “secondary plan” when compared to another plan covering the person.
   - When this Plan is primary, its benefits are determined before those of any other plan and without considering any other plan’s benefits.
   - When this Plan is secondary, its benefits are determined after those of another plan and may be reduced because of the primary plan’s benefits.
   - When there are more than two health plans covering the person, the Plan may be primary as to one or more of the other health plans and secondary to different health plan(s).

3. “Allowable Expense” means a health care service or expense of a similar service or expense to which COB applies, including Copayments, Coinsurance and Deductibles, that is covered at least in part by any of the plans covering the person. When a plan provides benefits in the form of services (for example, an HMO), the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense or service that is not covered by any of the plans is not an allowable expense. The following are examples of expenses or services that are not allowable expenses:
• If a covered person is confined in a private Hospital room, the difference between the cost of a semi-private room in the Hospital and the private room is not an allowable expense (unless the patient’s stay in a private Hospital room is Medically Necessary in terms of generally accepted medical practice, or one of the plans provides coverage for Hospital private rooms).

• If a person is covered under two or more plans that compute their benefit payments on the basis of Usual, Customary and Reasonable fees, any amount in excess of the highest of the Usual, Customary and Reasonable fee for a specific benefit is not an allowable expense.

• If a person is covered under two or more plans that provide benefits or services on the basis of negotiated fees, any amount in excess of the highest of the negotiated fees is not an allowable expense.

• If a person is covered by one plan that calculates its benefits or services on the basis of Usual, Customary and Reasonable fees and another plan that provides its benefits or services on the basis of a negotiated fee, the primary plan’s payment arrangement shall be the allowable expense for all plans.

• The amount a benefit is reduced by the primary plan because a covered person does not comply with the plan provisions is not an allowable expense. Examples of these provisions are second surgical opinions, Preauthorization or when the covered person has a lower benefit because he or she did not use a Participating Provider.

4. “Claim Determination Period” means a Benefit Year. However, it does not include any part of a year during which a person has no coverage under this Plan or before the date this COB provision or a similar provision takes effect.

5. “Closed Panel Plan” is a plan that provides health benefits to covered persons primarily in the form of services through a panel of Providers who have contracted with Health Alliance, and that limits or excludes benefits for services provided by other Providers, except in cases of an Emergency Medical Condition or referral by a Provider on the panel.

6. “Custodial Parent” means a parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one-half of the calendar year without regard to any temporary visitation.

**Order of Benefit Determination Rules**
This Plan determines its order of benefits using the first of the following rules that applies:

1. A plan with no provision for coordination with other benefits is considered to pay its benefits before a plan that contains such a provision.

2. **Non-Dependent/Dependent.** The benefits of the plan that covers the person as an employee or Member (that is, other than as a Dependent) are determined before those of the plan that covers the person as a Dependent.

3. **Dependent Child/Parent Not Legally Separated or Divorced.** Except as stated in (4) below, when this Plan and another plan cover the same child as a Dependent of different persons, called “parents:”
   
   • The benefits of the plan of the parent whose birthday falls earlier in a year are determined before those of the plan of the parent whose birthday falls later in the year.
   
   • If both parents have the same birthday, the benefits of the plan that covered one parent longer are determined before those of the plan that covered the other parent for a shorter period of time.

   However, if the other plan does not have the rule described in the first bullet immediately above, but instead has a rule based upon the gender of the parent, and if, as a result, the plans do not agree on the order of benefits, the rule in the other plan will determine the order of benefits.

4. **Dependent Child/Legally Separated or Divorced.** If two or more plans cover a person as a Dependent child of divorced or separated parents, benefits for the child are determined in this order:
• The plan of the parent with custody of the child.
• The plan of the Legal Spouse of the parent with custody of the child.
• The plan of the parent who does not have custody of the child.

However, if the specific terms of a court decree state that one of the parents is responsible for health care expenses of the child, and the entity obligated to pay or provide the benefits of the plan of that parent has actual knowledge of those terms, the benefits of that plan are determined first. The plan of the other parent will be the secondary plan. This paragraph does not apply to any claim determination period or Benefit Year when any benefits are actually paid or provided before the entity has the actual knowledge.

5. **Dependent Child/Joint Custody.** If the specific terms of a court decree state that the parents will share joint custody, without stating that one of the parents is responsible for the health care expenses of the child, the plans covering the child will follow the order of benefit determination rules outlined in (3) above.

6. **Dependent Adult.** If a married Dependent has his or her own coverage as a dependent under a Spouse’s plan and has coverage as a Dependent under either or both parent’s plan the plans covering the Dependent will follow the order of benefit determination rules outlined in (9) below.

   • In the event that the Dependent’s coverage under the Spouse plan began on the same date as the Dependent’s coverage under either or both parent’s plans, the plans covering the Dependent will follow the order of benefit determination rules outlined in (3) above.

7. **Active/Inactive Employee.** The benefits of a plan that covers a person as an employee who is neither laid off nor retired (or as the employee’s Dependent) are determined before those of a plan that covers that person as a laid off or retired (or as that employee’s Dependent). If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this requirement will be ignored.

8. **Continuation Coverage.** If a person whose coverage is provided by a federal or state law right of continuation is also covered by another plan, the following will be the order of benefit determination:

   • The benefits of the plan covering the person as a Member, or as that person’s Dependent, will pay first.
   • The benefits of the plan providing continuation coverage will pay second.

If the other plan does not contain the order of benefits determination described within this subsection, and if, as a result, the plans do not agree on the order of benefits, this requirement will be ignored.

9. **Longer/Shorter Length of Coverage.** If none of the above rules determines the order of benefits, the benefits of the plan that covered an employee or Member longer are determined before those of the plan that covered that person for the shorter term. Benefits by this Policy will not be increased by virtue of this coordination of benefits limitation. It will be the obligation of any Member claiming benefits by this Policy to notify Health Alliance of the existence of all other plan contracts, as well as the benefits payable by any other plan contract. Health Alliance will have the right to release and obtain from any Physician, other medical professional, insurance company or other person or organization, any claim information (including copies of records) to pay to any other organization any amount determined to be warranted by this Policy. Health Alliance may recover any overpayment, which may have been made to any person, insurance company or organization under the provisions of this section. Each Member claiming benefits by this Policy must give Health Alliance any information it needs to pay the claim.

10. **Network.** If the primary plan has a network of Providers and the secondary plan does not have such a network, the secondary plan must pay benefits as if it were primary when a covered individual uses a Non-Participating Provider, unless the services are rendered on an emergency basis or are authorized and paid for by the primary plan.

11. If none of the previously discussed rules apply, then the plans are to share the allowable expense equally.
Effect on the Benefits of This Plan
When this Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all plans during a claim determination period are not more than 100 percent of total allowable expenses. Each benefit is reduced in proportion and then charged against any applicable benefit limit of this Plan.

Right to Receive and Release Needed Information
Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other plans. Health Alliance may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under this Plan and other plans covering the person claiming benefits. Health Alliance need not tell or get the consent of any person to do this. Each person claiming benefits under this Plan must give Health Alliance any facts it needs to apply those rules and determine benefits payable.

Health Alliance may also request updated information from you annually or when information is received that indicates a change from the information we have on file to verify or update your Coordination of Benefits information. You may fill out and return the request via mail or you may contact Health Alliance at the number listed on the back of your Health Alliance Identification Card to respond to these requests. If no response is received within 45 days from the receipt of the request for information, claims may not be considered for payment.

Facility of Payment
A payment made under another plan may include an amount that should have been paid under this Plan. If it does, Health Alliance may pay that amount to the organization that made that payment. That amount will then be treated as though it was a benefit paid under this Plan. Health Alliance will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services, in which case “payment made” means reasonable cash value of the benefits provided in the form of services.

RIGHT OF REIMBURSEMENT
If a Covered Person recovers expenses for sickness or Injury that occurred due to the negligence of a third party the Plan shall have the right to first reimbursement for all benefits paid by the Plan from any and all damages collected from the negligent third party for those same expenses whether by action at law, settlement, or compromise, by the Covered Person, Covered Person’s parents, if the Covered Person is a minor, or Covered Person’s legal representative as a result of that sickness or Injury. You are required to furnish any information or assistance or provide any documents that the Plan may reasonably require in order to exercise its rights under this provision. This provision applies whether or not the third party admits liability.

Health Alliance may also request information from you based on claims or other information received to verify Third Party Liability information or to verify if a Third Party is involved. You must fill out the requested form in writing and return via mail or fax to Health Alliance Medical Plans 3310 Fields South Drive, Champaign, IL 61822 or to our Recovery Department at 217-902-9786. If no response is received within 45 days from the request, claims may not be considered for payment.

SUBROGATION
The Plan is assigned the right to recover from the negligent third party, or his or her insurer, to the extent of the benefits paid by the Plan for that sickness or Injury. You are required to furnish any information or assistance or provide any documents that the Plan may reasonably require in order to obtain its rights under this provision. This provision applies whether or not the third party admits liability. Health Alliance may also request information from you based on claims or other information received if a third party is involved. If no response is received within 45 days from the receipt of the request, claims may not be considered for payment.

Medicare Eligible Beneficiaries
The federal “Medicare Secondary Payor” (MSP) laws regulate how health plans may offer health care coverage to Medicare-Eligible employees and Dependents. Under the MSP laws, Medicare generally pays primary to the individual health coverage provided under this Policy. In the event you or one of your Dependents become eligible for Medicare, or your current Medicare status has terminated or changed while you are an active member of this plan, you must notify Health Alliance promptly to ensure timely claims payment.

For a Medicare-Eligible Member to obtain the greatest level of benefit, a Medicare-Eligible Member should:

- Enroll in Part A and Part B of Medicare.
- Obtain needed health care services and items from Providers according to the terms and conditions of this Policy. For services received from Providers, this Plan will cover any applicable Medicare deductible and coinsurance amounts, as well as any services and items described in the “What is Covered” section that Medicare does not cover.

We encourage you to call the number on the back of your Health Alliance Identification Card to speak with one of our Customer Service Representatives with any questions about the benefits available and how to obtain them.

The benefits of this Plan for Medicare-eligible Beneficiaries do not include payment for services and items to the extent Medicare payment is available or would be available for such services or items if the Member enrolled in Medicare and made a proper claim for Medicare payment. Refer to “Medicare Benefits” under the “What is Not Covered” section for this exclusion, and to the “Terms” section for the definition of Medicare-eligible Beneficiary.

INTRODUCTION

This Indemnity Policy is the out of network Policy section of the individual Point of Service (POS) plan that you have chosen.

This Policy, along with the Description of Coverage and the SBC explains to you all the details of the health care plan that you have chosen. It is important for you to read this Policy so you can get to know what your rights are as a Member, what’s expected of you and what your benefits are.

If you have questions about your plan or need help understanding your benefits, please call Health Alliance at the number listed on the back of your Health Alliance Identification card.

HOW THE HEALTH ALLIANCE INDEMNITY INDIVIDUAL POLICY WORKS

The Health Alliance Indemnity Individual Policy allows you and your covered Dependents to choose where you receive health care services. Health care services are paid according to the POS Plan Indemnity Policy Description of Coverage and the SBC, up to the Maximum Allowable Charge after the individual or family Deductible has been met. The Provider may bill you for any amount up to the billed charge after the Plan has paid its portion of the bill.

Make sure that claims from Non-Participating Providers are submitted to Health Alliance within 60 days from the date of service. Claims submitted more than one year from the date of service are not covered by the Plan, see “Payment of Claims” section. You are responsible for submitting the claim or bill to Health Alliance if the Provider does not agree to send a claim on your behalf. The Provider will bill the portion you are responsible for directly to you after the Plan has determined its payment.

PREAUTHORIZATION

Non-Participating Provider or Extended Network Preauthorization Procedure
When using Non-Participating or Extended Network Providers, you are responsible for ensuring that all services listed are Preauthorized before you receive the service. If the Preauthorization request is approved, both you and your Provider will be notified of the effective dates and the kind of care and services you are authorized to receive. Once your Preauthorization approval expires, it is your responsibility to notify your Provider so he/she can determine whether further care is needed, and if so, submit another Preauthorization request to Health Alliance.

If your Preauthorization request is denied, Health Alliance will not provide coverage for the requested services. Preauthorization can be initiated by calling Health Alliance at the number on the Health Alliance Identification Card.

If there is no Preauthorization, a Retrospective Review will be performed. If Medical Necessity criteria are not met, you are responsible for the entire cost of the services received.

If your Preauthorization request is denied, you may request an appeal; see “Appeals” and “Medical Necessity Review”. If your Preauthorization request is denied on the basis Medical Necessity, appropriateness, health care setting, level of care or effectiveness and you have exhausted the internal appeals process, you also have the right to request that decision be reviewed by an independent review organization, see “External Review of Appeals”.

If your Preauthorization request for urgent care is denied, you have the right to request an expedited internal appeal of the denial, see “Appeals” and “Expeditied Medical Necessity Review”. If your Physician or other health care Provider believes that the denial of coverage of health care services or the timeframe for completion of an
expedited internal review would jeopardize your life, your health or your ability to regain maximum function, you have the right to request an expedited review by an internal review organization. If your Preauthorization request is denied due to treatment being experimental or investigational and your Physician certifies in writing that treatment would be significantly less effective if not promptly initiated, you may request an expedited external review of the denial at the same time you request an expedited internal appeal of the denial, see “External Review of Appeals” and “Expedited Medical Necessity Review”.

To determine what procedures or supplies would require Preauthorization visit the Health Alliance website at HealthAlliance.org, login to your account, click on the Authorizations tab and choose Policies & Procedures in the menu on the right, or contact Health Alliance at the number listed on the back of your Health Alliance Identification Card.

Preauthorization can be initiated by calling Health Alliance at the number on the back of your Health Alliance Identification Card.

Health Care Services that Require Preauthorization
Preauthorization provides you with assurance that a Hospitalization, procedure or supply will be covered by the Plan. Coverage will not be provided for health care services that are not Medically Necessary. Services that require Preauthorization will not be covered if you receive those services prior to approval of the Preauthorization request and it is later determined the services were not Medically Necessary. To determine what procedures or supplies would require preauthorization visit the Health Alliance website HealthAlliance.org or contact Health Alliance at the number listed on the back of your Health Alliance Identification Card.

PLEASE NOTE: You may use Non-Participating Providers and have benefits paid at the Participating Provider level only when services are not available from a Participating Provider and if you have received Preauthorization from Health Alliance, or in a Medical Emergency. In other words, the Plan will pay at the Participating Provider benefit level for Non-Participating services only if you obtain Preauthorization before receiving treatment. The only exception to this rule is in a Medical Emergency Care required to treat and stabilize a Medical Emergency will be covered at the same level as services received through a Participating Provider.

Non-Participating Provider and Extended Network Provider Preauthorization Penalty
If you or your Non-Participating Provider or Extended Network Provider do not notify Health Alliance of Hospital admissions to a Non-Participating or Extended Network Provider Hospital or do not Preauthorize any of the Inpatient Surgical procedures that are required and they are performed by a Non-Participating Provider or Extended Network Provider the Plan imposes an additional penalty amount. The Penalty amount is the lesser of 50% or $1,000 per service. The Preauthorization penalty does not apply to your Benefit Year Out-of-Pocket Maximum.

Notification of Emergency Services
If you are treated or are admitted as an inpatient for an Emergency Medical Condition, you must notify Health Alliance at the number listed on the back of your Health Alliance Identification Card within 48 hours, or as soon as reasonably possible, after care begins.

COVERAGE DECISIONS

Concurrent Care Decisions
Any reduction or termination before the end of an approved period of time, length of stay or number of treatments is considered a denial of coverage. You will be notified in writing at a time sufficiently in advance of the reduction or termination in order to allow you or your authorized representative to appeal the concurrent care decision and obtain a determination on review before the coverage is reduced or terminated.
Coverage Decisions (Post-Service Claims)
Health Alliance will make a coverage decision within 30 days of receipt of a claim for payment or reimbursement of health care services that have already been provided. When any services are denied, you or your authorized representative will be notified in writing.

If the Plan needs additional information to make a decision, Health Alliance will advise you or your authorized representative of the specific information needed within 30 days of receipt of the claim. You will have 45 days to provide the requested information. Health Alliance will make a decision within 15 days of receipt of the additional information or within 15 days after the end of the period given to provide the additional information, whichever is earlier.

The determination period may be extended one time for 15 days due to circumstances beyond the control of Health Alliance. You or your authorized representative will be notified in writing of the reason for the extension.

WHAT IS COVERED/WHAT IS NOT COVERED—PHARMACY BENEFITS

Benefits
The following prescription drug benefit is covered under the Health Alliance POS Plan Indemnity Policy. Prescription drugs may be obtained through any in-network retail or mail order pharmacy. To find out if a pharmacy is a Participating pharmacy, call Health Alliance at the number listed on the back of your Health Alliance Identification Card. You pay the Copayment or Coinsurance specified on the POS Plan Indemnity Policy Description of Coverage for prescription drugs obtained at a non-Participating pharmacy.

You must present your Health Alliance Identification Card for each prescription purchase. Your card contains information needed to process your prescription. The pharmacist will ask you to pay your prescription Deductible, Copayment and/or Coinsurance at the time it is filled. If you do not present your Health Alliance Identification Card, you may be asked to pay the full retail price of your prescription. To request reimbursement for payment made at a non-participating pharmacy, you will need to submit a copy of the prescription and paid receipt to Health Alliance Medical Plans, Attn: Pharmacy Department, 3310 Fields South Drive, Champaign, IL 61822.

Prescription drugs prescribed by a Physician in connection with Medically Necessary services are covered for Members subject to the following terms, conditions and limitations.

Prescription Refill Synchronization
Prescription refill synchronization is the allowance to refill one or more maintenance medication(s) on the same day to eliminate the need for multiple trips to the pharmacy for easier management of medications.

Member cost share will be adjusted based on the quantity of medication filled for the purpose of synchronization of medications. A daily proration cost share would be charged to accommodate medication synchronization.

Schedule II, III or IV controlled substances, drugs that have special handling or sourcing needs that require a single designated pharmacy to fill or refill the prescription, and drugs that cannot be safely split into short-fill periods to achieve synchronization are excluded from refill synchronization.

If you have more than one maintenance medication prescription and fill each at different times and would like to sync them to be able to fill them at the same time each month, please contact Health Alliance at the number listed on the back of your Health Alliance Identification Card.

Preauthorization
Some prescription drugs require Preauthorization from the Health Alliance and certain criteria to be met by you. Drugs that require Preauthorization are noted on the prescription Drug Formulary.

Newly released prescription drugs require Preauthorization for up to six months from the date of launch until the drugs have undergone review by the Health Alliance Pharmacy and Therapeutics Committee.

The list of drugs that require preauthorization can be found on our website HealthAlliance.org in the Pharmacy Programs section. Your Physician may obtain a Preauthorization Request Form by contacting Health Alliance directly or online at YourHealthAlliance.org. Preauthorization can be verified by calling Health Alliance at the number listed on the back of your Health Alliance Identification Card. If Preauthorization is not obtained, you will be required to pay a penalty as listed on the Description of Coverage.

Prescription Drug Formulary
A prescription drug formulary, or “formulary,” is a list of covered prescription and over-the-counter drugs. You can use the formulary to determine if a drug requires preauthorization, step therapy, or has a quantity limit. The formulary also shows you the tier placement for each drug. These tiers will help you estimate how much you will pay each time you fill a prescription. The formulary is split into six tiers.
This six-tier system accomplishes two important goals. First, it provides members and their prescribers with access to a wide variety of treatment options. Second, it allows the plan to assign drugs a cost-sharing that accurately reflects the drug’s benefit and cost when compared to other formulary products which treat the same condition.

The drugs listed in the Health Alliance formulary are reviewed and revised at least annually by the Health Alliance Pharmacy and Therapeutics Committee. Prescription drugs may be moved between tiers, as new drugs may be added to a tier or an existing drug may be removed from a tier during the Benefit Year. This could occur up to six times per year or every two months. If a drug moves to a higher tier or is removed from the formulary then you will be notified at least 60 days prior to the change so that you can discuss with your Physician any lower tier or formulary alternatives available to you. Any Member receiving immunosuppressant drugs will be notified at least 60 days prior to the change so that it can be discussed with your Physician.

Some prescription drugs are not included on the Health Alliance Drug Formulary. Non-formulary drugs have covered formulary alternatives in most instances. Coverage of non-formulary drugs requires a request for Medical Exception from your physician. Members may qualify for a medical exception if they meet one of the below requirements:

- Medication provides clinically superior outcomes compared to all currently available agents based upon review of the published literature.
- Documentation of trial and failure of all currently available formulary agents in the same therapeutic class.
- Documentation of allergic reactions or contraindication to all currently available formulary agents in the same therapeutic class

The Medical Exception request must explain the reason covered formulary alternatives cannot be used. Medical Exception can be requested by members, their authorized representative or a prescriber. Requests may be made verbally, electronically, via paper form, or some other writing and reviewed by a pharmacist. In the case of a non-urgent exception request, Health Alliance will approve or deny the request within 72 hours after receipt of the request. Urgent requests follow the same procedure but Health Alliance will approved or deny the request within 24 hours after receipt of the request. In the case of a denial, Health Alliance will provide the member or their authorized representative and prescribing provider with the reason for the denial, an alternative covered medication (if applicable), and information regarding the procedure for submitting an appeal to the denial.

To access the most up-to-date version of our Individual Formulary visit the Pharmacy Programs section of our website HealthAlliance.org or call Health Alliance at the number listed on the back of your Health Alliance Identification Card. Some plan’s pharmacy benefits may differ from this list. Upon request, Health Alliance will provide you with information as to whether a prescription drug is included in the formulary and whether the drug will be covered at the Preferred Generic Tier, Non-Preferred Generic Tier, Preferred Brand Tier, Non-Preferred Brand Tier and/or Specialty Prescription Drug Copayment or Coinsurance.

**Preventive Drugs**

As part of the Wellness benefit, preventive drugs are covered under the prescription Drug Formulary. Preventive drugs received out of network are subject to the Prescription Drug Copayments or Coinsurance listed on the Description of Coverage. For additional information, see “Preventive Drugs” in the Wellness section of this Policy.
For a listing of the preventive drugs, please see section “Wellness Care” under “What is Covered” and/or the Health Alliance Drug Formulary. In addition to the preventive drugs listed here, coverage will also include any other preventive drugs approved by the United States Preventive Service Task Force (USPSTF) that may be upgraded to Grade A or B during the Benefit year. The drugs listed in the Health Alliance formulary are also reviewed and revised at least annually by the Health Alliance Pharmacy and Therapeutics Committee.

Prescription drugs may be moved between tiers, as new drugs may be added to a tier or an existing drug may be removed from a tier during the Benefit Year, this could occur up to six times per year or every two months. If a drug moves to a different tier or is removed from the formulary then you will be notified at least 60 days prior to the change so that you can discuss with your Physician any formulary alternatives available to you.

**APPEALS**

Appeals are divided into two categories: administrative decisions or denials of coverage based on Medical Necessity, appropriateness, health care setting, level of care or effectiveness. Health Alliance has one level of appeal available to you. The appeals procedures are detailed in any notice of appeal determination you may receive, as well as detailed in this section of this Policy. You or any person you have chosen as your authorized representative, including your Physician or other health care Provider or attorney, may request an appeal of either category. The party filing the appeal may send us written comments, documents, records or other information regarding your appeal. All available information relevant to your appeal will be considered when reviewing your appeal. A Clinical Peer not involved in the initial denial will review appeals made on the basis of Medical Necessity, appropriateness, health care setting, level of care or effectiveness. A review committee or an individual not involved in the initial denial and who does not work under the authority of the initial decision maker will review administrative appeals.

You, or any person you have chosen as your authorized representative, including your Physician or other health care Provider or attorney, may request an appeal within 180 days of receiving the initial denial notice by calling the Member Relations Department at 1-800-500-3373, via facsimile at 1-217-902-9708 or writing to the Member Relations Department, Health Alliance Medical Plans, Inc., 3310 Fields South Drive, Champaign, IL 61822. The party filing the appeal may send us written comments, documents, records or other information regarding your appeal Administrative Review.
The deadlines for filing an appeal or external review will not be postponed or delayed by health care provider appeal unless the health care provider is acting as an authorized representative for the covered person; i.e., the covered person should be filing internal appeals independently and concurrently unless the health care provider has been designated in writing as the authorized representative.

**Notice of Appeal Determination**
Health Alliance will make a decision and send a written notice to you, your authorized representative, Physician and any health care Provider who recommended services.

The written notice sent to you or your authorized representative will include:

- The reasons for the decision.
- References to the benefit plan provisions on which the decision is based, and the contractual, administrative or medical policy criteria for the decision.
- Subject to privacy laws and other restrictions, if any, the identification of the claim, date of service, health care provider, claim amount (if applicable), and a statement describing denial codes with the meanings and the standards used. Upon request, diagnosis/treatment codes with their meanings and the standards used are also available.
- An explanation of Health Alliance’s external review processes (and how to initiate an external review) and a statement of your right, if any, to bring a civil action under Section 502(a) of ERISA following a final decision on internal appeal.
- A statement in non-English language(s) that indicates how to access the language services provided by Health Alliance.
- The right to request, free of charge, reasonable access to and copies of all documents, records, medical policies and other information relevant to the decision.
- Any internal rule, guideline, policy or other similar criteria relied on in the decision, or a statement that a copy of such rule, guideline, policy or other similar policy will be provided free of charge on request.
- An explanation of the clinical judgment relied on in the decision, or a statement that such explanation will be provided free of charge upon request.
- A description of the standard that was used in denying the claim and a discussion of the decision.
- Contact information for applicable office of health insurance consumer assistance.

If Health Alliance’s decision is to continue to deny or partially deny your referral, prior authorization or claim or you do not receive timely decision, you may be able to request an external review of your referral, prior authorization or claim by an independent third party, who will review the denial and issue a final decision. Your external review rights are described in the External Review of Appeals section below.

The operations of Health Alliance are regulated by the Illinois Department of Insurance. Filing an appeal does not prevent you from filing a Complaint with the Illinois Department of Insurance or keep the Illinois Department of Insurance from investigating a Complaint.

Expedited Medical Necessity Review
You, your authorized representative, Physician or other health care Provider may request an appeal for denial of Urgent Care services that require Preauthorization. A Clinical Peer not involved in the original decision to deny coverage of health care services will review the appeal. Health Alliance will make a decision and notify you, your authorized representative, Physician and any other health care Provider who recommended services by telephone within 24 hours of receipt of all requested information, but no later than 48 hours after receipt of the request for an appeal. Health Alliance will provide written notification within 3 days of the decision.

If the appeal of your Preauthorization request is denied you have the right to request that decision be reviewed by an independent review organization not associated with Health Alliance by submitting a written request for an external review to the Illinois Department of Insurance, see “External Review of Appeals”. If you have a medical condition where the timeframe for completion of a standard external review would jeopardize your life, your health or your ability to regain maximum function, an expedited external review may be requested. If the requested health care services are denied and the denial concerns an emergency admission, availability of care, continued stay or health care service and you have not been discharged from the facility, you may request an expedited external review. If the denial of coverage is based on the determination that the requested service or treatment is experimental or investigational and your health care Provider certifies in writing that the service or treatment would be significantly less effective if not promptly initiated, you may request an expedited external review, see “External Review of Appeals” and “Expedited Medical Necessity Review”.

**External Review of Appeals**

For denials made on the basis of Medical Necessity, appropriateness, health care setting, level of care or effectiveness, you, your authorized representative, your Physician or other health care Provider or attorney may request an external review by an independent review organization, not associated with Health Alliance, if you are not satisfied with the Health Alliance resolution of denial of coverage for health care services. This can be done by submitting a written request to the Illinois Department of Insurance. The party requesting the external review may contact the Illinois Department of Insurance at 1-877-850-4740.

You may contact the Illinois Department of Insurance, Office of Consumer Health Insurance (OCHI), External Review Unit at 320 West Washington Street, 4th Floor, Springfield, IL 62727-0001; toll free at 1-877-850-4740; via facsimile at 1-217-557-8495; by email at doi.externalreview@illinois.gov or at https://mc.insurance.illinois.gov/messagecenter.nsf; or at 122 South Michigan, 19th Floor, Chicago, Illinois 60603.

Except in the case of an expedited review at the initial urgent Preauthorization request denial, see “Preauthorization”, you must exhaust the internal review process before a request for an external review can be made.

You will also be considered to have exhausted the internal review process if:

- You have not received our written decision on your internal appeal within 30 days or 60 days if it involves a retrospective appeal, see “Appeals” and “Medical Necessity, Appropriateness, Health Care Setting, Level of Care or Effectiveness Review”;
- You have not received our written decision on your expedited internal appeal within 48 hours, see “Appeals” and “Expedited Medical Necessity Review”; or
- Health Alliance agrees to waive the internal review exhaustion requirement.

**Medical Necessity, Appropriateness, Health Care Setting, Level of Care or Effectiveness Review**

A written request for external review may be submitted within 4 months after receipt of notification that your appeal for approval of coverage of health care services has been denied. Assignment of an independent review organization will be made within 1 business days of determining your request is eligible for an external review. The independent reviewer will make a decision within 5 days, but in no event later than 45 days after receipt of all necessary information and provide written notification of its decision to all parties involved in the appeal.
If your Preauthorization request or the appeal for approval of coverage is denied you must submit your request for external review within: 4 months

If it is determined that your request is ineligible for an external review, Health Alliance will notify you why your request is ineligible or incomplete within: 1 business day

The Department of Insurance will assign an independent review organization after determining your request is eligible within: 1 business day

You and your authorized representative must provide any additional information to the independent review organization from the date you receive notice within: 5 business days

Illinois Department of Insurance must notify you of the external review determination within: 1 business day

**Expedited Medical Necessity Review**

An expedited external review may be requested orally or in writing if you, your Physician or other health care Provider involved in the appeal believe that the denial of coverage of health care services or a standard external review would jeopardize your life, your health or your ability to regain maximum function.

After determining the request is eligible for external review, Illinois Department of Insurance will immediately assign an independent review organization to conduct the review. The independent review organization will make a decision no later than two business days after receipt of the required information and provide written notification of its decision to all parties involved in the appeal.

An expedited external review is not available for review of denials for health care services that have already been provided.

- Non-payment of premium, which includes payments not made in a timely manner.
- Acts of fraud or any material intentional misrepresentation.
- You no longer live within the Service Area.
- Health Alliance ceases to offer coverage or a qualified health plan in the market.
- Any other reasons allowed by state or federal law.

Health Alliance and the Health Insurance Marketplace may terminate your rights and the rights of any covered Dependent and cancel this Policy as of your Effective Date if any material information has been withheld or omitted and thereafter such information is discovered by Health Alliance or the Health Insurance Marketplace. Any such Member, or responsible parent or guardian in the case of a minor, shall be required to reimburse Health Alliance for any and all sums expended on his or her behalf for health care services from the Effective Date of coverage to the date of termination, together with reasonable attorneys’ fees and expenses incurred in collection of such sums. You will be provided at least 30 days written advanced notice before Your Policy is rescinded. You have the right to appeal any such rescission.

Coverage of a Dependent child will terminate on the last day of the month in which the Dependent reaches the Limiting Age.
If the child is incapable of self-sustaining employment by reason of an apparent disabled condition and the child is dependent on his or her parent or other care Providers for lifetime care and supervision, the child will continue to be covered as a Dependent child for the duration of the disability and dependency.

A Legal Spouse whose coverage as a Dependent would cease due to divorce or the death of the Policyholder has the option of converting to his or her own individual Policy without a lapse in coverage if the individual lives in the Service Area. To apply for coverage, the individual must contact the Health Insurance Marketplace. If the application is not received within 60 days following issuance of the divorce decree or the death of the Policyholder, the individual may reapply for coverage, if eligible for a qualifying event or during the Open Enrollment Period.

To apply for coverage, the individual must contact the Health Insurance Marketplace. If the application is not received within 60 days prior to the termination of the Policy, the individual may reapply for coverage, if eligible for a qualifying event or during the Open Enrollment Period.

The obligation of Health Alliance under this Policy is limited to arranging for the provision of the health care services stated in this Policy up to the effective date of termination. Health Alliance will not be liable for arranging for the provision of, or reimbursement for the provision of, covered health care services after the effective date of termination. “Effective date of termination,” for the purposes of this section, will mean that date on which Health Alliance has the right to terminate this Policy according to the terms and conditions of this Policy or the date you no longer meet the eligibility requirements set forth in the “Eligibility, Enrollment and Effective Date of Coverage” section of this Policy.

COORDINATION OF BENEFITS

This coordination of benefits (COB) provision applies when you or your covered Dependent have health care coverage under more than one plan. When you are covered by two or more health plans, benefits provided by the other plan will be coordinated with those provided by this Plan.

Definitions
1. A “Plan” is any of the following that provides benefits or services for medical or dental care or treatment. However, if separate contracts are used to provide coordinated coverages for Members of an Employer Group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.

   - “Plan” includes: Employer Group insurance, closed panel or other forms of Employer Group or Employer Group-type coverage (whether insured or uninsured), individual or family insurance, closed panel or other individual coverage, medical care components of Employer Group long-term care contracts, such as skilled nursing care; medical benefits under Employer Group or individual automobile contracts, no-fault automobile insurance (by whatever name it is called) and Medicare or other governmental benefits, as permitted by law.

   - “Plan” does not include: Hospital indemnity insurance, school accident type coverage, benefits for non-medical components of Employer Group long-term care policies, and Medicare supplement policies, Medicaid policies and coverage under other governmental plans, unless permitted by law.

2. The “Order of Benefit Determination Rules” determine whether this Plan is a “primary plan” or “secondary plan” when compared to another plan covering the person.

   - When this Plan is primary, its benefits are determined before those of any other plan and without considering any other plan’s benefits.
• When this Plan is secondary, its benefits are determined after those of another plan and may be reduced because of the primary plan’s benefits.
• When there are more than 2 health plans covering the person, the Plan may be primary as to one or more of the other health plans and secondary to different health plan(s).

3. “Allowable Expense” means a health care service or expense of a similar service or expense to which COB applies, including Copayments, Coinsurance and Deductibles, that is covered at least in part by any of the plans covering the person. When a plan provides benefits in the form of services (for example, an HMO), the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense or service that is not covered by any of the plans is not an allowable expense. The following are examples of expenses or services that are not allowable expenses:

• If a covered person is confined in a private Hospital room, the difference between the cost of a semi-private room in the Hospital and the private room is not an allowable expense, unless the patient’s stay in a private Hospital room is Medically Necessary in terms of generally accepted medical practice, or one of the plans provides coverage for Hospital private rooms.
• If a person is covered under two or more plans that compute their benefit payments on the basis of Usual, Customary and Reasonable fees, any amount in excess of the highest of the Usual, Customary and Reasonable fee for a specific benefit is not an allowable expense.
• If a person is covered under two or more plans that provide benefits or services on the basis of negotiated fees, any amount in excess of the highest of the negotiated fees is not an allowable expense.
• If a person is covered by one plan that calculates its benefits or services on the basis of Usual, Customary and Reasonable fees and another plan that provides its benefits or services on the basis of a negotiated fee, the primary plan’s payment arrangement shall be the allowable expense for all plans.
• The amount a benefit is reduced by the primary plan because a covered person does not comply with the plan provisions is not an allowable expense. Examples of these provisions are second surgical opinions, Preauthorization or when the covered person has a lower benefit because he or she did not use a Participating Provider.

4. “Claim Determination Period” means a Benefit Year. However, it does not include any part of a year during which a person has no coverage under this Plan, or before the date this COB provision or a similar provision takes effect.

5. “Closed Panel Plan” is a plan that provides health benefits to covered persons primarily in the form of services through a panel of Providers that have contracted with Health Alliance, and that limits or excludes benefits for services provided by other Providers, except in cases of an Emergency Medical Condition or referral by a Provider on the panel.

6. “Custodial Parent” means a parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one-half of the calendar year without regard to any temporary visitation.

Order of Benefit Determination Rules
This Plan determines its order of benefits using the first of the following rules that applies:

1. A plan with no provision for coordination with other benefits is considered to pay its benefits before a plan that contains such a provision.

2. Non-Dependent/Dependent. The benefits of the plan that covers the person as an employee or Member (that is, other than as a Dependent) are determined before those of the plan that covers the person as a Dependent.

3. Dependent Child/Parent not Legally Separated or Divorced. Except as stated in (4) below, when this Plan and another plan cover the same child as a Dependent of different persons, called “parents”:
• The benefits of the plan of the parent whose birthday falls earlier in a year are determined before those of the plan of the parent whose birthday falls later in the year.
• If both parents have the same birthday, the benefits of the plan that covered one parent longer are determined before those of the plan that covered the other parent for a shorter period of time.

However, if the other plan does not have the rule described in the first bullet immediately above, but instead has a rule based upon the gender of the parent, and if, as a result, the plans do not agree on the order of benefits, the rule in the other plan will determine the order of benefits.

4. **Dependent Child/Legally Separated or Divorced.** If two or more plans cover a person as a Dependent child of divorced or separated parents, benefits for the child are determined in this order:

- The plan of the parent with custody of the child.
- The plan of the Legal Spouse of the parent with custody of the child.
- The plan of the parent who does not have custody of the child.

However, if the specific terms of a court decree state that one of the parents is responsible for health care expenses of the child, and the entity obligated to pay or provide the benefits of the plan of that parent has actual knowledge of those terms, the benefits of that plan are determined first. The plan of the other parent will be the secondary plan. This paragraph does not apply to any claim determination period or Benefit Year when any benefits are actually paid or provided before the entity has the actual knowledge.

5. **Dependent Child/Joint Custody.** If the specific terms of a court decree state that the parents will share joint custody, without stating that one of the parents is responsible for the health care expenses of the child, the plans covering the child will follow the order of benefit determination rules outlined in (3) above.

6. **Dependent Adult.** If a married Dependent has his or her own coverage as a dependent under a Spouse’s plan and has coverage as a Dependent under either or both parent’s plan the plans covering the Dependent will follow the order of benefit determination rules outlined in (9) below.

- In the event that the Dependent’s coverage under the Spouse plan began on the same date as the Dependent’s coverage under either or both parent’s plans, the plans covering the Dependent will follow the order of benefit determination rules outlined in (3) above.

7. **Active/Inactive employee.** The benefits of a plan that covers a person as an employee who is neither laid off nor retired (or as the employee’s Dependent) are determined before those of a plan that covers that person as a laid off or retired (or as that employee’s Dependent). If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this requirement will be ignored.

8. **Continuation Coverage.** If a person whose coverage is provided by a federal or state law right of continuation is also covered by another plan, the following will be the order of benefit determination:

- The benefits of the plan covering the person as a Member, or as that person’s Dependent, will pay first.
- The benefits of the plan providing continuation coverage will pay second.

If the other plan does not contain the order of benefits determination described within this subsection, and if, as a result, the plans do not agree on the order of benefits, this requirement will be ignored.

9. **Longer/Shorter Length of Coverage.** If none of the above rules determines the order of benefits, the benefits of the plan that covered an employee or Member longer are determined before those of the plan that covered that person for the shorter term. Benefits by this Policy will not be increased by virtue of this coordination of benefits limitation. It will be the obligation of any Member claiming benefits by this Policy to notify Health Alliance of the existence of all other plan contracts, as well as the benefits payable by any other plan contract. Health Alliance will have the right to release and obtain from any Physician, other medical professional, insurance
company or other person or organization, any claim information (including copies of records) to pay to any other organization any amount determined to be warranted by this Policy. Health Alliance may recover any overpayment, which may have been made to any person, insurance company or organization under the provisions of this section. Each Member claiming benefits by this Policy must give Health Alliance any information it needs to pay the claim.

10. **Network.** If the primary plan has a network of Providers and the secondary plan does not have such a network, the secondary plan must pay benefits as if it were primary when a covered individual uses a Non-Participating Provider, unless the services are rendered on an emergency basis or are authorized and paid for by the primary plan.

11. If none of the previously discussed rules applies, then the plans are to share the allowable expense equally.

**Effect on the Benefits of This Plan**
When this Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all plans during a claim determination period are not more than 100 percent of total allowable expenses. Each benefit is reduced in proportion and then charged against any applicable benefit limit of this Plan.

**Right to Receive and Release Needed Information**
Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other plans. Health Alliance may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under this Plan and other plans covering the person claiming benefits. Health Alliance need not tell, or get the consent of, any person to do this. Each person claiming benefits under this Plan must give Health Alliance any facts it needs to apply those rules and determine benefits payable.

Health Alliance may also request updated information from you annually or when information is received that indicates a change from the information we have on file to verify or update your Coordination of Benefits information.
