Section 1 – Introduction

This directory provides a list of Health Alliance Medicare’s network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage (EOC).

You will have to choose one of our network providers listed in this directory to be your **Primary Care Provider (PCP)**. Generally, you must get your health care services from your PCP. In most situations, your PCP must give you approval in advance before you can use other providers in the Plan’s network, such as Specialists, Hospitals, Skilled Nursing Facilities or home health care agencies. This is called giving you a “referral.”

The network providers listed in this directory have agreed to provide you with health care services. You may go to any of our network providers listed in this directory; however, some services may require a referral. If you have been going to one network provider, you are not required to continue to go to that same provider. In some cases, you may get covered services from non-network providers. Other providers are available in our network.

If you obtain routine care from out-of-network providers, it may cost more than if you went to an in-network provider.

If you receive care from a non-network provider and receive a bill from that provider, you should not pay it. Instead, please submit it to Health Alliance Medicare so we can determine what, if any, of the fees you actually must pay.

Emergency care can always be obtained in or out of the service area from the nearest available provider.

If you have a medical emergency:

- **Get help as quickly as possible.** Call 911 for help or go to the nearest emergency room, Hospital or urgent care center. Call for an ambulance if you need it. You do not need to get approval or a referral first.
- **As soon as possible, make sure to tell Health Alliance Medicare about your emergency.** We need to follow up on your Emergency Care. You or someone else should call to tell us about your Emergency Care, usually within 48 hours.

HMO Members: You must use network providers except in emergency or urgent care situations or for out-of-area renal dialysis or other services. If you obtain routine care from out-of-network providers, neither Medicare nor Health Alliance Medicare will be responsible for the costs.

What is the service area for Health Alliance?

The counties in our service area are listed below.

Illinois: Iroquois and Kankakee

How do you find Health Alliance Medicare providers in your area?

This directory is organized by category (Primary Care Physicians, Specialty Care, etc.) and then alphabetically by city. Or, you can use the index that begins on page I-1 to find an alphabetical listing of all providers.

If you have questions about Health Alliance Medicare or require assistance in selecting a PCP, please call our Member Service Department at 1-800-965-4022, 8 a.m. to 8 p.m., Local Time, 7 days a week. From April 1–September 30 voicemail will be used on weekends and holidays. TTY users should call 711.

Section 2 – List of Network Providers

Section 2 - List of Network Providers

Midlevel providers (including nurse practitioners and physician assistants) cannot be selected as Primary Care Physicians. However, you may use the services of a midlevel provider by selecting his or her supervising physician as your designated Primary Care Physician. Midlevel providers are indicated by italics.
