

Treatment Cost Calculator

A New Era of Patient Power

Our Treatment Cost Calculator is a powerful tool that helps members explore a wide range of healthcare options and potentially save money.

With the **Treatment Cost Calculator** you can easily:

- Save money with more informed shopping
- Review a helpful estimate of costs for specific treatments (based on your plan's coverage)
- Compare costs for in-network and out-of-network providers
- Search by medical treatment, service or condition
- Find doctors, hospitals and clinics in your area

The screenshot shows the Health Alliance Treatment Cost Calculator interface. At the top, it says "Health Alliance" and "Your Personal Cost Calculator". The main heading is "Knee Replacement - Full". Below this, there is a "Description" section and a "Your Out-of-Pocket Estimate: \$3,419" section. The estimate is based on average costs for in-network healthcare providers in Illinois (Chicago, IL, Local). It shows an Estimated Total Cost of \$28,587, with an In-network estimate of \$21,128 and an Out-of-Pocket estimate of \$3,419. A "Provider Search Tip" section is also visible, along with a "Compare providers for a better estimate" section. The bottom part of the screenshot shows a "Provider Search" results table with columns for "Provider", "Location", and "Out-of-Pocket Estimate".

Provider	Location	Out-of-Pocket Estimate
SANDLER, CHRIS J	Orthopedic Surgery	
ROBBIN COMMUNITY HOSPITAL	ROBBIN COMMUNITY HOSPITAL	\$3,419
ROBBIN COMMUNITY HOSPITAL	ROBBIN COMMUNITY HOSPITAL	\$3,419

Log in to YourHealthAlliance.org and click "Find Care" at the top of the At-A-Glance page. The Treatment Cost Calculator can be found in the right panel.
