HEALTH ALLIANCE INDEMNITY POLICY

INTRODUCTION

The Health Alliance Indemnity Policy is a health insurance plan established as a fully insured health insurance product of Health Alliance Medical Plans, Inc. (Health Alliance). The main office of Health Alliance is located at 3310 Fields South Drive, Champaign, Illinois 61822.

This Indemnity Policy, along with the Description of Coverage and the Summary of Benefits and Coverage (SBC), describe your out-of-network benefits under the Point of Service (POS) healthcare Plan chosen by your Employer Group. It is important for you to read this Policy, as it explains your rights, benefits and responsibilities as a Health Alliance Member. As a Member, you are subject to all terms and conditions of this Policy and payment of any Copayments, Coinsurance and Deductible amounts, as specified on the Description of Coverage and/or the SBC.

Health Alliance Customer Service Representatives are available to help you understand your healthcare plan. We encourage you to call the number on the back of your Health Alliance Identification Card to speak with one of our representatives about your benefits.

HOW THE HEALTH ALLIANCE INDEMNITY POLICY WORKS

The Health Alliance Indemnity Policy allows you and your covered Dependents to choose where you receive healthcare services. Healthcare services are paid according to the POS Plan Indemnity Policy Description of Coverage and/or the SBC, up to the Maximum Allowable Charges (MAC) after the individual or family Deductible has been met. The Provider may bill you for any amount up to the billed charge after the Plan has paid its portion of the bill.

Make sure that claims from Non-Participating Providers are submitted to Health Alliance within 60 days from the date of service. Claims submitted more than one year from the date of service are not covered by the Plan; see “Payment of Claims.” You are responsible for submitting the claim or bill to Health Alliance if the Provider does not agree to send a claim on your behalf. The Provider will bill the portion you are responsible for directly to you after the Plan has determined its payment.

PRIOR AUTHORIZATION

Non-Participating Provider or Extended Network Prior Authorization Procedure

When using Non-Participating or Extended Network Providers, you are responsible for ensuring that all services listed are Prior Authorized before you receive the service. If the Prior Authorization request is approved, both you and your Provider will be notified of the Effective Dates and the kind of care and services you are authorized to receive. Once your Prior Authorization approval expires, it is your responsibility to notify your Provider so he/she can determine whether further care is needed, and if so, submit another Prior Authorization request to Health Alliance.

If your Prior Authorization request is denied, you and your Provider will be notified in writing. If your Prior Authorization request is denied, Health Alliance will not provide coverage for the requested services. Health Alliance maintains a list of services that require Prior Authorization for Medical Necessity. Prior Authorization can be initiated by calling Health Alliance at the number on the back of your Health Alliance Identification Card.

If Prior Authorization is not obtained, a retrospective review will be performed. If Medical Necessity criteria are not met, you are responsible for the entire cost of the services received.

Healthcare Services that Require Prior Authorization

Prior Authorization provides you with assurance that a hospitalization, procedure or supply will be covered by the Plan. Coverage will not be provided for healthcare services that are not Medically Necessary. Services that require Prior Authorization will not be covered if you receive those services prior to approval of the Prior Authorization request and it is later determined the services were not Medically Necessary. To determine which medical procedures or durable medical supplies require Prior Authorization, log in to hally.com and click on the menu tab. In the menu, under “Find Care,” select either “Medical Prior Authorization List” or “Durable Medical Supplies List.” You may send a Customer Service Request from there, or contact Health Alliance at the number listed on the back of your Health Alliance Identification Card.

PLEASE NOTE: You may use Non-Participating Providers and have benefits paid at the Participating Provider level only when services are not available from a Participating Provider and if you have received Prior Authorization from Health Alliance, or in a medical emergency. In other words, the Plan will pay at the Participating Provider benefit level for Non-Participating services only if you obtain Prior Authorization before receiving treatment. The only exception to this rule is for a medical emergency. Care required to treat and stabilize a medical emergency will be covered at the same level as services received through a Participating Provider.

Prior Authorization Procedures for Non-Urgent Care (Pre-Service Claims)

Health Alliance maintains a list of services that require Prior Authorization for Medical Necessity. Prior Authorization must be obtained prior to a scheduled hospitalization, procedure or purchase of a supply requiring Prior Authorization as described on hally.com. Health Alliance will make a coverage decision and notify you or your authorized representative in writing within 15 days of receipt of the request for Prior Authorization but no later than 30 days after receiving all of the requested information.

If the Plan needs additional information to make a decision, Health Alliance will advise you or your authorized representative of the specific information needed within 15 days of the request for Prior Authorization. You will have 45 days to provide the requested information. Health Alliance will make a coverage decision within 15 days of receipt of the additional information or within 15 days after the end of the period given to provide the additional information, whichever is earlier.

The determination period may be extended one time for 15 days due to circumstances beyond the control of Health Alliance. Health Alliance will notify you or your authorized representative in writing of the reason for the extension.

If your Prior Authorization request is denied, you may request an appeal of the denial; see “Appeal Procedures for Non-Urgent Care Decisions.” If your Prior Authorization request is denied on the basis of Medical Necessity, appropriateness, healthcare setting, level of care or effectiveness, and you have exhausted the internal appeals process, you also have the right to request that decision be reviewed by an independent review organization; see “External Review of Appeals.”

Prior Authorization Procedures for Urgent Care (Pre-Service Claims)

Health Alliance maintains a list of services that require Prior Authorization for Medical Necessity. Health Alliance will make a coverage decision for Urgent Care within 24 hours of receipt of the requested information, but no later than 72 hours after receipt of the urgent Prior Authorization request. Health Alliance will try to reach you or your authorized representative by telephone as soon as a decision has been made. You or your authorized representative will be notified in writing or electronically within three (3) days of the coverage decision.

If additional information is needed, Health Alliance will notify you or your authorized representative within 24 hours of the request specifying what information is needed to make a decision. You will have 48 hours to provide the requested information. Health Alliance will make a decision as soon as possible after receipt of the requested information, but no later than 48 hours after receipt.

If your Prior Authorization request for Urgent Care is denied, you have the right to request an expedited internal appeal of the denial; see “Appeal Procedures for Urgent Care Decisions.” If your Physician or other healthcare Provider believes that the denial of coverage of healthcare services or the time frame for completion of an expedited internal review would jeopardize your life, your health or your ability to regain maximum function, you have the right to request an expedited review by an independent review organization. If your Prior Authorization request is denied due to treatment being experimental or investigational and your Physician certifies in writing that treatment would be significantly less effective if not promptly initiated, you may request an expedited external review of the denial at the same time you request an expedited internal appeal of the denial; see “External Review of Appeals” and “Expedited Medical Necessity Review.”

To determine which medical procedures or durable medical supplies require Prior Authorization, log in to hally.com and click on the menu tab. In the menu, under “Find Care,” select either “Medical Prior Authorization List” or “Durable Medical Supplies List.” You may send a Customer Service Request from there, or contact Health Alliance at the number listed on the back of your Health Alliance Identification Card.

Notification of Emergency Services

If you are treated or are admitted as an inpatient for an Emergency Medical Condition, you must notify Health Alliance at the number listed on the back of your Health Alliance Identification Card within 48 hours, or as soon as reasonably possible, after care begins.

Notice of Member’s Right to Appeal a Surprise Bill

When you receive services from an in-network Hospital or ambulatory surgical center, certain Providers may be out-of-network. In these cases, the most those Providers may bill you is your Plan’s applicable in-network cost-share. This applies to air ambulance services, Emergency Services, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services. These Providers can’t balance bill you and may not ask you to give up your protections not to be balance billed.

If you receive other services at these in-network facilities, out-of-network Providers can’t balance bill you, unless you give written consent and give up your protections.

Health care providers and facilities must provide patients with a plain-language consumer notice explaining that patient consent is required to receive care on an out-of-network basis before that provider can bill at the higher out-of-network rate.

COVERAGE DECISIONS

Concurrent Care Decisions

Any reduction or termination before the end of an approved period of time, length of stay or number of treatments is considered a denial of coverage. You will be notified in writing at a time sufficiently in advance of the reduction or termination to allow you or your authorized representative to request an internal appeal of the concurrent care decision and to obtain a determination on review before the coverage is reduced or terminated; see “Appeal Procedures for Concurrent Care Decisions.”

If your Physician or other healthcare Provider believes that the denial of coverage of healthcare services or the time frame for an expedited internal review would jeopardize your life, your health or your ability to regain maximum function, you have the right to request an expedited review by an independent review organization. If the denial of coverage is based on the determination that the requested service or treatment is experimental or investigational and your healthcare Provider certifies in writing that the service or treatment would be significantly less effective if not promptly initiated, you may request an expedited review by an independent review organization; see “External Review of Appeals” and “Expedited Medical Necessity Review.”

Coverage Decisions (Post-Service Claims)

Health Alliance will make a coverage decision within 30 days of receipt of a claim for payment or reimbursement of healthcare services that have already been provided. If any services are denied, you or your authorized representative will be notified in writing.

If the Plan needs additional information to make a decision, Health Alliance will advise you or your authorized representative of the specific information needed within 30 days of receipt of the claim. You will have 45 days to provide the requested information. Health Alliance will make a decision within 15 days of receipt of the additional information or within 15 days after the end of the period given to provide the additional information, whichever is earlier.

The determination period may be extended one time for 15 days due to circumstances beyond the control of Health Alliance. You or your authorized representative will be notified in writing of the reason for the extension.

If your claim for coverage is denied on the basis of Medical Necessity, appropriateness, healthcare setting, level of care or effectiveness, you have the right to request an internal review of the denial; see “Appeal Procedures for Coverage Decisions Post-Service Claims.” If you have exhausted the internal appeals process, you have the right to request an external review by an independent review organization; see “External Review of Appeals.”

ELIGIBILITY, ENROLLMENT AND EFFECTIVE DATE OF COVERAGE

Individuals must meet the following requirements to be eligible for enrollment in the Plan.

Policyholder

The Policyholder must be a bona fide Employee, regularly employed on a permanent basis by the Employer Group, who enrolls under his or her Employer Group’s health plan with Health Alliance. A Policyholder must live or work in the Service Area of the Employer Group’s Plan and is subject to all terms and conditions of the Group Enrollment Agreement.

Dependent

Your Dependent may be eligible to enroll under the Employer Group’s Plan for coverage if he or she has one of the following relationships to the Policyholder:

- Your Legal Spouse.
- Your natural-born, legally adopted child or stepchild.
- A child for whom you or your Legal Spouse are the court-appointed legal guardian.
- A child placed in foster care or placed for adoption with you or your Legal Spouse. “Placement” or “placed” means you assume and retain total or partial support of the child. If the child’s placement terminates, upon termination the child will no longer be eligible for benefits under the Plan.

Examples of Dependents who are not eligible for coverage under the Plan include, but are not limited to grandchildren (unless you are the legal guardian), parents and other relatives.

A person is not an eligible Dependent if on active duty in the Armed Forces or National Guard of any country or if covered under the Plan as an Employee.

An eligible Dependent child must be under the age 26. The only exceptions are if it states otherwise in the Group Enrollment Agreement or if the Dependent child is under the age of 30, is a veteran and an Illinois resident who served in the Armed Forces or National Guard of the United States and who has received a release or discharge other than a dishonorable discharge.

To be eligible for coverage, the eligible Dependent child who is a veteran may be required to submit a form to Health Alliance, approved by the Illinois Department of Veterans’ Affairs, stating the date in which the Dependent was released from service.

Coverage for a Dependent will terminate the last day of the year in which the Dependent reaches the Limiting Age as stated in this Policy.

A Dependent child may continue coverage under the Plan if upon reaching the Limiting Age, an apparent Disabled condition makes the Dependent incapable of self-sustaining employment, and if they are dependent on their parent or other care Providers for lifetime care and supervision. Health Alliance may request documentary proof of the disability and dependency. Requests will be no more often than annually from the date when Health Alliance was first notified of the child's disability and dependency.

If your Employer Group elects Domestic Partner coverage, the following Dependents are also eligible Dependents on this Plan:

- The child of a Domestic Partner who lives with you.
- A child who you, your Domestic Partner or your Legal Spouse are the court-appointed guardian of.
- A child placed in foster care or placed for adoption with you or your Legal Spouse. Placement or placed means you assume and retain total or partial support of the child in anticipation of an adoption. If the child's placement terminates, upon termination the child will no longer be eligible for benefits under the Plan.
- A Domestic Partner if:
 - Both you and your Domestic Partner are at least 18 years old.
 - You and your Domestic Partner share a common permanent residence.
 - Neither you nor your Domestic Partner is married, legally separated or a member of another Domestic Partnership.
 - Both you and your Domestic Partner are capable of consenting to the Domestic Partnership.
 - You and your Domestic Partner are not related by blood closer than permitted by state law for marriage.
 - Both you and your Domestic Partner agree to be jointly responsible for each other's basic living expenses incurred during the Domestic Partnership.
 - *Basic living expenses* are considered shelter, utilities and all costs directly related to the maintenance of their common residence. It also includes any other cost, such as medical care, if some or all of the cost is paid as a benefit because a person is another person's Domestic Partner.
 - *Joint responsibility* means that each partner agrees to provide for the other partner's basic living expenses if the partner is unable to provide for him/herself. Persons to whom these expenses are owed may enforce this responsibility if, in extending credit or providing good or services, they relied on the existence of the Domestic Partnership and the agreement of both partners to be jointly responsible for those specific expenses.

Retired Employee Enrolled in Health Alliance Medicare Plans

If a Retired Employee is covered under this Plan, or is covered under a Health Alliance-administered Medicare Advantage or Medicare Supplement plan, his or her Dependent Spouse and/or covered Dependent child(ren) may remain covered under this Plan if:

- The Legal Spouse and/or Dependent child(ren) were covered under the Employer Group Plan at the time of the Employee's retirement.
- The Legal Spouse and/or Dependent child(ren) continue to meet the eligibility requirements for Dependent coverage.
- Or as otherwise specified in the Group Enrollment Agreement.

Active Employees Enrolled in Medicare

In addition to this Plan, the Employer Group may offer a Medicare Advantage or Medicare Supplement plan administered by Health Alliance to active Employees who are Medicare eligible and Medicare is the primary payer if the group has 20 or less total Employees. For groups of 21 or more Employees, Medicare would be

secondary to the employer Plan. If offered, this plan will also be available to the Employee's Legal Spouse and Dependent children. If your Employer offers this option, you may choose to:

- enroll in this Plan
- enroll in the Employer Group's Medicare Advantage plan
- enroll in the Employer Group's Medicare Supplement plan

If enrollment in the Employer Group's Medicare Advantage or Medicare Supplement plan is elected, those eligible individuals who are not enrolled in Medicare may be enrolled in this Health Alliance Group Plan.

Contact your Employer for information concerning your eligibility for the Employer Group Medicare Advantage or Medicare Supplement plan.

Initial Enrollment

If you meet the requirements stated in the "Policyholder" or "Dependent" subsections and you also meet the Employer Group's eligibility requirements, you may enroll by submitting a completed application to your Employer within 31 days of your eligibility date.

If a Member is not eligible for coverage under the Plan and the information has been withheld or omitted, which would constitute fraud or intentional misrepresentation of information, whether intentionally or not, and Providers have been reimbursed for services and supplies on behalf of the Member, any such Member, or responsible parent or guardian in the case of a minor, is required to reimburse Health Alliance for any and all sums paid on his or her behalf for healthcare services, along with any reasonable attorneys' fees and expenses incurred in collection of such sums.

Effective Date

The Effective Date of coverage under this Plan depends on the Employer Group's eligibility requirements. The eligibility requirements are specified in the Group Enrollment Agreement between the Employer Group and Health Alliance. This Plan will remain in effect for the term specified in the Group Enrollment Agreement, unless canceled or terminated at an earlier date by you, your Employer Group or Health Alliance.

Newborns, Adopted Children, Children Placed for Adoption or Children Placed in Foster Care

If you are the birth mother paying premiums for individual coverage (Employee only), your Newborn child is covered from the moment of birth only if you submit an application to your Employer and pay the applicable premium within 31 days of the birth. If you are paying premiums for Family Coverage, your Newborn child is covered for the first 31 days of life. For the Newborn to be continually covered past the initial 31 day time frame, you must submit an application to your Employer to add the child within 31 days of birth. Coverage for a Newborn will include Medically Necessary care for illness, Injury, congenital defects, birth abnormalities and premature birth. A Newborn of a Dependent child is not covered.

If you adopt a child, serve as a child's legal guardian, a child is placed for adoption with you or placed in foster care with you, coverage is subject to the submission of written documentation accompanied by a completed application within 31 days from the date of the order. Examples of accepted written documentation include an interim court order or a final order of adoption, guardianship or placement for adoption or placement in foster care, signed by a judge.

Premiums for coverage of a Newborn, adopted child, child placed for adoption or placed in foster care will be payable from the date of eligibility and must be paid within 31 days from the date your request for coverage is received. Applications are available through your Employer.

Qualified Medical Child Support Order

The term "Qualified Medical Child Support Order" means an order that creates or recognizes the Dependent's right to receive benefits under this Plan. A support order may be issued by a state court or through a state administrative process. If the Policyholder has a Dependent child and your Employer Group receives a Medical

Child Support Order Notice identifying the child's right to enroll in the Plan, your Employer will notify both the Policyholder and the Dependent that the order has been received. The notification will also indicate the procedure for determining whether the Medical Child Support Order is qualified.

Your Employer will notify you whether the Dependent is eligible for coverage within 31 days of receipt of the order. If the Employer Group offers more than one Plan option, the Dependent will be enrolled in the same Plan in which the Policyholder is enrolled. The Dependent's eligibility for enrollment will be under the same terms and conditions as other Dependents of the Plan. Your Employer does not need approval from you to add a Dependent to the Plan.

Children covered under a Qualified Medical Child Support Order and who reside in a Health Alliance Service Area that is different from the Health Alliance Service Area of the Policyholder will receive the same covered benefits as the Policyholder when utilizing contracted Providers in the Dependent's Health Alliance Service Area and following the Plan's requirements.

The Dependent may designate another person, such as a custodial parent or legal guardian, to receive the Policy, Description of Coverage, the SBC, reimbursement for claims, explanation of benefit forms and other Plan materials.

If your Employer determines that the order is not a Qualified Medical Child Support Order, each Dependent specified in the order as entitled to enroll in the Plan may submit a written appeal to the Employer. The Employer is required to respond in writing within 31 days of receiving the appeal.

The Employer Group will not disenroll or discontinue coverage for any Dependent child until:

- Satisfactory written evidence is provided that the order is no longer effective.
- Comparable coverage through another plan will take effect no later than the disenrollment date.
- The Employer Group eliminates Dependent coverage for all Policyholders.
- The Employer Group terminates the Plan for all Members.

Enrollment of a Dependent in response to a Qualified Medical Child Support Order must be made according to the specifications of the order, without regard for normal enrollment dates.

Open Enrollment

An Employer Group may have an Open Enrollment period in which eligible Employees and their eligible Dependents may enroll in the Plan by submitting a completed application to their Employer within 31 days of the Employer Group's renewal date.

Special Enrollment

Federal law and this Policy describe special enrollment provisions that establish a period of time in which you have the option to enroll in an Employer Group Plan when you or your Dependents experience a qualifying event.

To be eligible to enroll under one of these qualifying events, you must submit a written request to your Employer requesting changes in your coverage within 31 days of the event. Any request to add yourself or eligible Dependents after the 31-day period will not be granted. You and/or your eligible Dependents may enroll in any benefit package under the Plan. You may be required to provide supporting documentation to Health Alliance for the change in enrollment.

You and/or your Dependents are eligible for a special enrollment period of 31 days when one of the following qualifying events occurs:

- You and/or your eligible Dependents are eligible for a special enrollment period under another Employer-sponsored Group health plan if you are no longer eligible for the Plan because you cease to live or work in the Service Area and there is no other benefit plan option available under the Plan. The Effective Date of

coverage is impacted by the date of the qualifying event. If the date of the qualifying event is within days 1-15 of the month, the Effective Date is the first of the month following the date of the qualifying event. If the date of the qualifying event is within days 16 through the end of the month, the Effective Date is the first of the second month following the date of the qualifying event.

- If you and/or your eligible Dependents exhaust COBRA continuation or state continuation coverage or your employer's contribution or government subsidies paying for COBRA ends, you and your eligible Dependents losing coverage may enroll in the Plan. The Effective Date of coverage for you and your eligible Dependents added through this qualifying event is the first day of the month following the qualifying event if applying before this qualifying event, or you may choose the Effective Date of the 15th of the month in which the COBRA continuation or state continuation coverage ended. The Effective Date of coverage for you and your eligible Dependents added through this qualifying event is the first day of the second month following the qualifying event if applying after this qualifying event. You will have the option to elect coverage to begin on the first of the following month after the qualifying event or other Regular Effective Date.

If you do not make such a request within 31 days, coverage will be effective under this Policy only if or when the Employer Group gives written consent.

Coverage During Qualified Military Service

A Policyholder absent from work due to qualified military service under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), as amended, may elect to continue the type of coverage in effect on the day immediately prior to the start of the leave. - Such coverage will continue until the earlier of the following occurs:

 - The day after the date on which the Policyholder was required to apply for or return to a position of employment and fails to do so.

- Any exclusion or any waiting period under the Plan may not be imposed in connection with the reinstatement of coverage upon reemployment if one would not have been imposed had coverage not been terminated because of service. However, an exclusion or waiting period may be imposed for coverage of any illness or

Injury determined by the Secretary of Veterans Affairs to have been incurred in, or aggravated during, the performance of uniformed service.

If a Policyholder decides to waive coverage during the qualified military service and returns to employment in a position satisfying the Employer Group's eligibility requirements following the leave, prior Plan coverage will be reinstated immediately upon re-employment if the Policyholder reports to work within the required time frames established under USERRA and appropriate documentation is provided upon request.

WHAT IS COVERED/WHAT IS NOT COVERED—PHARMACY BENEFITS

Benefits

The following prescription drug benefit is covered under the Health Alliance POS Plan Indemnity Policy. Prescription drugs may be obtained through any in-network retail or mail order pharmacy. You pay the Copayment or Coinsurance specified on the POS Plan Indemnity Policy Description of Coverage for prescription drugs obtained at a Non-Participating pharmacy. Health Alliance shall apply any third-party payments, financial assistance, discount, product vouchers, or any other reduction in out-of-pocket expenses made by or on behalf of such insured for prescription drugs toward a covered individual's deductible, copay, or cost-sharing responsibility, or Out-of-Pocket Maximum associated with the individual's health insurance.

You must present your Health Alliance Identification Card for each prescription purchase. Your card contains information needed to process your prescription. The pharmacist will ask you to pay your prescription Deductible, Copayment and/or Coinsurance at the time it is filled. If you do not present your Health Alliance Identification Card, you may be asked to pay the full retail price of your prescription. To request reimbursement you will need to your itemized receipt, along with the requested information noted on it, to the pharmacy benefit manager's address noted on the back of your Health Alliance Identification Card.

Prescription drugs prescribed by a Provider in connection with Medically Necessary services are covered for Members subject to the following terms, conditions and limitations.

Prescription Refill Synchronization

Prescription refill synchronization is the allowance to refill one or more maintenance medications on the same day to eliminate the need for multiple trips to the pharmacy for easier management of medications. For a complete listing of the covered medications, you can view the prescription Drug Formulary at HealthAlliance.org/Pharmacy.

Member cost share will be adjusted based on the quantity of medication filled for the purpose of synchronization of medications. A daily pro-rated cost share will be charged to accommodate medication synchronization.

Schedule II, III or IV controlled substances, drugs that have special handling or sourcing needs that require a single designated pharmacy to fill or refill the prescription, and drugs that cannot be safely split into short-fill periods to achieve synchronization are excluded from refill synchronization.

If you have more than one maintenance prescription that you fill at different times and would like to sync them to be able to fill them at the same time each month, please contact Health Alliance at the number on the back of your Health Alliance Identification Card.

Prior Authorization

Some prescription drugs require Prior Authorization from Health Alliance and certain criteria to be met by you. Drugs that require Prior Authorization are noted on the prescription Drug Formulary.

Newly released prescription drugs require Prior Authorization for at least six months from the date of launch until the drugs have undergone review by the Health Alliance Pharmacy and Therapeutics Committee.

Your Physician may obtain a Prior Authorization Request Form online at hally.com or by contacting Health Alliance directly. Prior Authorization can be verified by calling Health Alliance at the number listed on the back of your Health Alliance Identification Card. If Prior Authorization is not obtained, Health Alliance will not provide coverage, and you will be required to pay the full cost of the drug.

Prescription Drug Formulary

A prescription Drug Formulary, or “formulary,” is a list of covered prescription and over-the-counter drugs. You can use the formulary to determine if a drug requires Prior Authorization, step therapy, or if it has a quantity limit. The formulary also shows you the tier placement for each drug. These tiers will help you estimate how much you will pay each time you fill a prescription. The formulary is split into six tiers.

Drug Tier	Includes
Preventive	Preventive care drugs
Tier 1	Preferred generics
Tier 2	Non-preferred generics
Tier 3	Preferred brand name
Tier 4	Non-preferred brand name
Tier 5	Preferred specialty pharmacy and medical
Tier 6	Non-preferred specialty pharmacy and medical

This tiered system accomplishes two important goals. First, it provides Members and their prescribers with access to a wide variety of treatment options. Second, it allows the Plan to assign drugs a cost-sharing that accurately reflects the drug’s benefit and cost when compared to other formulary products that treat the same condition.

The drugs listed in the Health Alliance formulary are reviewed and revised at least annually by the Health Alliance Pharmacy and Therapeutics Committee. The Pharmacy and Therapeutics Committee meets six times per year, or every two months, to determine changes to be made to the formulary. Newly available prescription drugs may be added to the formulary after they are reviewed by the Committee. Prescription drugs may also be moved to a higher or lower cost-sharing tier, or removed from the formulary, based on recommendations of the Pharmacy and Therapeutics Committee. If a drug moves to a higher tier or is removed from the formulary, you will be notified at least 60 days prior to the change so that you can discuss with your Physician any lower-tier or formulary alternatives available to you.

Some prescription drugs are not included in the Drug Formulary. Non-formulary drugs have covered formulary alternatives in most instances. Coverage of non-formulary drugs requires a request for a medical exception from your Physician. Members may qualify for a Medical Exception if they meet one of the below requirements:

- The medication provides clinically superior outcomes compared to all currently available agents based upon review of the published literature.
- Documentation of trial and failure of all currently available formulary agents in the same therapeutic class.
- Documentation of allergic reactions or contraindication to all currently available formulary agents in the same therapeutic class.

The medical exception request must explain the reason the covered formulary alternatives cannot be used. A medical exception can be requested by Members, their authorized representative or a prescriber. Requests may be

made verbally, electronically, via paper form, or some other writing and reviewed by a pharmacist. In the case of a non-urgent exception request, Health Alliance will approve or deny the request within 72 hours after receipt of the request. Urgent requests follow the same procedure, but Health Alliance will approve or deny the request within 24 hours after receipt of the request. In the case of a denial, Health Alliance will provide the Member or their authorized representative and prescribing Provider with the reason for the denial, an alternative covered medication (if applicable) and information regarding the procedure for submitting an appeal to the denial.

To access the most up-to-date version of our Small Group Drug Formulary, go to HealthAlliance.org/Pharmacy, or call Health Alliance at the number listed on the back of your Health Alliance Identification Card. Some plans' pharmacy benefits may differ from this list. Upon request, Health Alliance will provide you with information as to whether a prescription drug is included in the formulary and whether the drug will be covered at the Preferred Generic Tier, Non-Preferred Generic Tier, Preferred Brand Tier, Non-Preferred Brand Tier, Preferred Specialty Tier or Non-Preferred Specialty Tier Prescription Drug Copayment and/or Coinsurance.

In addition to the preventive drugs listed here, coverage will also include any other preventive drugs approved by the United States Preventive Service Task Force (USPSTF) that may be upgraded to Grade A or B during the Benefit Year. The drugs listed in the Health Alliance formulary are also reviewed and revised at least annually by the Health Alliance Pharmacy and Therapeutics Committee.

Tier 6 Specialty Pharmacy Prescription Drugs are at a higher cost than Tier 5 and usually have clinically comparable alternatives available at the Tier 5 level. These are also known as Non-Preferred Specialty Drugs.

This system of cost sharing also helps Health Alliance continue to cover the majority of Specialty Pharmacy Drugs. The drugs listed in the Health Alliance formulary are reviewed and revised at least annually by the Health Alliance Pharmacy and Therapeutics Committee. The Pharmacy and Therapeutics Committee meets six times per year, or every two months, to determine changes to be made to the formulary. Newly available Specialty Prescription Drugs may be added to the formulary after they are reviewed by the Committee. APPEALS

Appeals are divided into two categories: administrative decisions and denials of coverage based on Medical Necessity, appropriateness, healthcare setting, level of care or effectiveness. Health Alliance has one level of appeal available to you. The appeals procedures are detailed in any notice of appeal determination you may receive, as well as detailed in this section of this Policy. You, or any person you have chosen as your authorized representative, including your Physician, other healthcare Provider or attorney, may request an appeal of either category. The party filing the appeal may send us written comments, documents, records or other information regarding your appeal. All available information relevant to your appeal will be considered when reviewing your appeal. A Clinical Peer not involved in the initial denial will review appeals made on the basis of Medical Necessity, appropriateness, healthcare setting, level of care or effectiveness appeals. A review committee or an individual not involved in the initial denial and who does not work under the authority of the initial decision maker will review administrative appeals.

You, your authorized representative, Physician, other healthcare Provider or attorney may request an appeal within 180 days of receiving the initial denial notice by calling the Member Relations Department at 1-800-500-3373, via fax at 1-217-902-9708 or by writing to the Member Relations Department, Health Alliance Medical Plans, Inc. 3310 Fields South Drive, Champaign, Illinois 61822.

The deadlines for filing an appeal or external review will not be postponed or delayed by healthcare Provider appeal unless the healthcare Provider is acting as an authorized representative for the Member; i.e., the Member should be filing internal appeals independently and concurrently unless the healthcare Provider has been designated in writing as the authorized representative.

Notice of Appeal Determination

Health Alliance will make a decision, send a written notice and verbally notify you, your authorized representative, Physician and any healthcare Provider who recommended services.

The written notice sent to you or your authorized representative will include:

- The reasons for the decision.
- References to the benefit plan provisions on which the decision is based, and the contractual, administrative or medical policy criteria for the decision.
- Subject to privacy laws and other restrictions, if any, the identification of the claim, date of service, healthcare Provider, claim amount (if applicable), and a statement describing denial codes with the meanings and the standards used. Upon request, diagnosis/treatment codes with their meanings and the standards used are also available.
- An explanation of Health Alliance’s external review processes (and how to initiate an external review) and a statement of your right, if any, to bring a civil action under Section 502(a) of ERISA following a final decision on internal appeal.
- A statement in non-English language(s) that indicates how to access the language services provided by Health Alliance.
- The right to request, free of charge, reasonable access to and copies of all documents, records, medical policies and other information relevant to the decision.
- Any internal rule, guideline, policy or other similar criteria relied on in the decision, or a statement that a copy of such rule, guideline, policy or other similar policy will be provided free of charge on request.
- An explanation of the clinical judgment relied on in the decision, or a statement that such explanation will be provided free of charge upon request.
- A description of the standard that was used in denying the claim and a discussion of the decision; and
- Contact information for applicable office of health insurance consumer assistance.

If Health Alliance’s decision is to continue to deny or partially deny your referral, Prior Authorization or claim or you do not receive timely decision, you may be able to request an external review of your referral, Prior Authorization or claim by an independent third party, who will review the denial and issue a final decision. Your external review rights are described in the “External Review of Appeals” section below.

The operations of Health Alliance are regulated by the Illinois Department of Insurance. Filing an appeal does not prevent you from filing a complaint with the Illinois Department of Insurance or keep the Illinois Department of Insurance from investigating a complaint. TERMINATION

In the event the Employer Group terminates this Policy, all rights to benefits and services will cease on the date of termination. The Employer Group will be responsible for notifying you of termination of this Policy under this subsection and your right to elect coverage under an individual conversion plan subject to the provision in the “Conversion of Coverage” section of this Policy.

If you terminate employment with your Employer Group, coverage under this Policy will terminate the last day of the month in which employment ends or on the date of the termination. If you become ineligible for continued membership in the Employer Group while the Group Enrollment Agreement between Health Alliance and the Employer Group is in effect, you may be eligible for continuation of coverage subject to the provisions stated in the “Continuation of Employer Group Coverage” section, or you may convert coverage. To convert coverage, see the “Conversion of Coverage” section of this Policy.

Health Alliance may terminate your benefits and cancel this Policy immediately for any of the following reasons:

- You no longer live or work within the Service Area. The Service Area is specified on the Description of Coverage and/or the SBC.
- The Health Alliance Identification Card is provided for use by any person not eligible for covered services under this Policy.
- Failure to pay the required premium under the “Premiums” section of this Policy, subject to the grace period.
- Any other reasons allowed by state or federal law.

When Medicare is the primary payer, coverage of a Dependent of an active Employee who is enrolled in the Employer Group’s Medicare Advantage or Medicare Supplement Plan will terminate on the earlier of:

- The date the Employee is no longer covered under any plan offered by the Employer Group.
- The date he or she no longer satisfies the Dependent eligibility requirements as specified in the “Eligibility, Enrollment and Effective Date of Coverage” section.

- The date of the Employee's death.
- The date on which any required contribution for coverage is not made, subject to any applicable grace period.
- The date the Employer Group eliminates Dependent coverage for all Policyholders.
- The date the Plan is terminated.
- Or any other termination reason as stated in the "Termination" section of this Policy.

If the age or tobacco status of the insured has been misstated, premiums will be adjusted back to the Effective Date of the Policy, and the Member will be responsible for the adjusted premiums.

Health Alliance may terminate the Member's rights and the rights of any covered Dependent and cancel this Policy as of his or her initial Effective Date if the Member performs an act or practice that constitutes fraud or makes an intentional misrepresentation of material fact as prohibited by the terms of the Member's Policy. The Member will be provided at least 30 days written advanced notice before the Member's Policy is rescinded. The Member has the right to appeal any such rescission.

If a Member is not eligible for coverage under the Plan and the information has been withheld or omitted, which would constitute fraud or intentional misrepresentation of information, and Providers have been reimbursed for services and supplies on behalf of the Member, any such Member, or responsible parent or guardian in case of a minor, is required to reimburse Health Alliance for any and all sums paid on his or her behalf for healthcare services, along with any reasonable attorneys' fees and expenses incurred in collection of such sums.

Coverage of a Dependent child will terminate on the last day of the month in which the child reaches the Limiting Age as stated in this Policy.

A Dependent child may continue coverage under the Plan if upon reaching the Limiting Age, an apparent Disabled condition makes the Dependent incapable of self-sustaining employment, and the child is dependent on their parent or other care Providers for lifetime care and supervision. Health Alliance may request documentary proof of the disability and dependency. Requests will be made no more often than annually from the date when Health Alliance was first notified of the child's disability and dependency.

If your Employer Group elects Domestic Partner coverage, coverage of a Domestic Partner and the child of a Domestic Partner will terminate on the last day of the month if one of the following occurs:

- One of the Domestic Partners marries.
- The Domestic Partners no longer have a common residence.

Coverage for healthcare services under this Policy will terminate at 11:59 p.m. on the effective date of termination of this Policy. The obligation of Health Alliance under this Policy is limited to arranging for the provision of the healthcare services stated in this Policy up to the effective date of termination. Health Alliance will not be liable for arranging for the provision of, or reimbursement for the provision of, covered healthcare services after the effective date of termination. "Effective date of termination," for the purposes of this section, will mean that date on which Health Alliance has the right to terminate this Policy according to the terms and conditions of this Policy or the date the Group Enrollment Agreement terminates, or the date you no longer meet the eligibility requirements set forth in the "Eligibility, Enrollment and Effective Date of Coverage" section of this Policy.

In the event Health Alliance decides to no longer offer a particular type of insurance product, the following processes will be followed:

- Health Alliance will notify you and your Employer at least 90 days prior to the renewal date that the insurance product is discontinued.
- Health Alliance will offer your Employer the option to purchase a plan that is currently offered in the health insurance marketplace.

- If an insurance product is discontinued, Health Alliance would do so uniformly and without regard to any specific Employer’s claims or Member health conditions.

Coverage of a Policyholder who is a Retired Employee will end upon his or her enrollment in Medicare, unless otherwise noted in the Group Enrollment Agreement. The Retired Employee will be given the opportunity to enroll in the Employer Group’s Medicare Advantage or Medicare Supplement Plan administered by Health Alliance if one is offered.

Coverage of a Dependent of a Retired Employee will terminate on the earlier of:

- The date the Retired Employee is no longer covered under any Health Alliance-administered plan.
- The date the Dependent no longer satisfies the Dependent eligibility requirements as specified in the “Eligibility, Enrollment and Effective Date of Coverage” section.

- The date of the Retired Employee’s death.
- The date on which any required contribution for coverage is not made, subject to any applicable grace period.
- The date the Employer Group eliminates Dependent coverage for all Policyholders.
- The date the Plan is terminated.

COORDINATION OF BENEFITS

This coordination of benefits (COB) provision applies when you or your covered Dependents have healthcare coverage under more than one plan. When you are covered by two or more health plans, benefits provided by the other plan will be coordinated with those provided by this Plan.

Definitions

1. A “**Plan**” is any of the following that provides benefits or services for medical or dental care or treatment. However, if separate contracts are used to provide coordinated coverage for Members of a Group, the separate contracts are considered parts of the same plan, and there is no COB among those separate contracts.
 - “Plan” includes: Group insurance, closed panel or other forms of Group or Group-type coverage (whether insured or uninsured); individual or family insurance; closed panel or other individual coverage; medical care components of Group long-term care contracts, such as skilled nursing care; medical benefits under Group or individual automobile contracts; no-fault automobile insurance (by whatever name it is called); and Medicare or other governmental benefits, as permitted by law.
 - “Plan” does not include: Hospital indemnity insurance; school accident-type coverage, benefits for non-medical components of Group long-term care policies; and Medicare supplement policies, Medicaid policies and coverage under other governmental plans, unless permitted by law.
2. The “**Order of Benefit Determination Rules**” determine whether this Plan is a “primary plan” or “secondary plan” when compared to another plan covering the person.
 - When this Plan is primary, its benefits are determined before those of any other plan and without considering any other plan’s benefits.
 - When this Plan is secondary, its benefits are determined after those of another plan and may be reduced because of the primary plan’s benefits.

- When there are more than two health plans covering the person, the Plan may be primary to one or more of the other health plans and secondary to different health plan(s).
3. **“Allowable Expense”** means a healthcare service or expense of a similar service or expense to which COB applies, including Copayments, Coinsurance and Deductibles, that is covered at least in part by any of the plans covering the person. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense or service that is not covered by any of the plans is not an allowable expense. The following are examples of expenses or services that are not allowable expenses:
 - If a Member is confined in a private Hospital room, the difference between the cost of a semi-private room in the Hospital and the private room (unless the patient’s stay in a private Hospital room is Medically Necessary in terms of generally accepted medical practice, or one of the plans routinely provides coverage for private Hospital rooms) is not an allowable expense.
 - If a person is covered under two or more plans that compute their benefit payments on the basis of Maximum Allowable Charges, any amount in excess of the highest of the Maximum Allowable Charge for a specific benefit is not an allowable expense.
 - If a person is covered under two or more plans that provide benefits or services on the basis of negotiated fees, any amount in excess of the highest of the negotiated fees is not an allowable expense.
 - If a person is covered by one plan that calculates its benefits or services on the basis of Maximum Allowable Charges and another plan that provides its benefits or services on the basis of a negotiated fee, the primary plan’s payment arrangement shall be the allowable expense for all plans.
 - The amount a benefit is reduced by the primary plan because a Member does not comply with the plan provisions is not an allowable expense. Examples of these provisions are second surgical opinions, Prior Authorization or when the Member has a lower benefit because he or she did not use a Participating Provider.
 4. **“Claim Determination Period”** means a Benefit Year. However, it does not include any part of a year during which a person has no coverage under this Plan, or before the date this COB provision or a similar provision takes effect.
 5. **“Closed Panel Plan”** is a plan that provides health benefits to Members primarily in the form of services through a panel of Providers who have contracted with Health Alliance, and that limits or excludes benefits for services provided by other Providers, except in cases of an Emergency Medical Condition or referral by a Participating Provider on the panel.
 6. **“Custodial Parent”** means a parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one-half of the calendar year without regard to any temporary visitation.

Order of Benefit Determination Rules

This Plan determines its order of benefits using the first of the following rules that applies:

1. A plan with no provision for coordination with other benefits is considered to pay its benefits before a plan that contains such a provision.
2. **Non-Dependent/Dependent.** The benefits of the plan that covers the person as an Employee or Member (that is, other than as a Dependent) are determined before those of the plan that cover the person as a Dependent.
3. **Dependent Child/Parents not Legally Separated or Divorced.** Except as stated in (4) below, when this Plan and another plan cover the same child as a Dependent of different persons, called “parents:”

- The benefits of the plan of the parent whose birthday falls earlier in a year are determined before those of the plan of the parent whose birthday falls later in the year.
- If both parents have the same birthday, the benefits of the plan that covered one parent longer are determined before those of the plan that covered the other parent for a shorter period of time.

4. **Dependent Child/Parents Legally Separated or Divorced.** If two or more plans cover a person as a Dependent child of divorced or separated parents, benefits for the child are determined in this order:

- The plan of the parent with custody of the child.
- The plan of the Legal spouse of the parent with custody of the child.
- The plan of the parent who does not have custody of the child.
- The plan of the Spouse of the parent who does not have custody of the child.

However, if the specific terms of a court decree state that one of the parents is responsible for healthcare expenses of the child, and the entity obligated to pay or provide the benefits of the plan of that parent has actual knowledge of those terms, the benefits of that plan are determined first. The plan of the other parent will be the secondary plan. This paragraph does not apply to any claim determination period or Benefit Year when any benefits are actually paid or provided before the entity has the actual knowledge.

5. **Dependent Child/Joint Custody.** If the specific terms of a court decree state that the parents will share joint custody, without stating that one of the parents is responsible for the healthcare expenses of the child, the plans covering the child will follow the order of benefit determination rules outlined in (3) above.
6. **Dependent Adult.** If a married Dependent has his or her own coverage as a Dependent under a Spouse's plan and has coverage as a Dependent under either or both parents' plans, the plans covering the Dependent will follow the order of benefit determination rules outlined in (9) below.

- In the event that the Dependent's coverage under the Spouse's plan began on the same date as the Dependent's coverage under either or both parents' plans, the plans covering the Dependent will follow the order of benefit determination rules outlined in (3) above.

7. **Active/Inactive Employee.** The benefits of a plan that covers a person as an Employee who is neither laid off nor retired (or as the Employee's Dependent) are determined before those of a plan that covers that person as a laid off or retired Employee (or as that Employee's Dependent). If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this requirement will be ignored.

8. **Continuation Coverage.** If a person whose coverage is provided by a federal or state laws right of continuation is also covered by another plan, the following will be the order of benefit determination:

- The benefits of the plan covering the person as a Member, or as that person's Dependent, will pay first.
- The benefits of the plan providing continuation coverage will pay second.

If the other plan does not contain the order of benefits determination described within this subsection, and if, as a result, the plans do not agree on the order of benefits, this requirement will be ignored.

9. **Longer/Shorter Length of Coverage.** If none of the above rules determine the order of benefits, the benefits of the plan that covered an Employee or Member longer are determined before those of the plan that covered that person for the shorter term.

10. If none of the previously discussed rules applies, the plans are to share the allowable expenses equally.

Health Alliance will have the right to release and obtain from any Physician, other medical professional, insurance company or other person or organization, any claim information (including copies of records) to pay to any other organization any amount determined to be warranted by this Policy. Health Alliance may recover any overpayment, which may have been made to any person, insurance company or organization under the provisions of this section. Each Member claiming benefits by this Policy must give Health Alliance any information it needs to pay the claim.

Effect on the Benefits of This Plan

When this Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all plans during a claim determination period are not more than 100% of the total allowable expenses. Each benefit is reduced in proportion and then charged against any applicable benefit limit of this Plan.

Right to Receive and Release Needed Information

Certain facts about healthcare coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other plans. Health Alliance may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under this Plan and other plans covering the person claiming benefits. Health Alliance need not tell, or get the consent of, any person to do this. Each person claiming benefits under this Plan must give Health Alliance any facts it needs to apply those rules and determine benefits payable. You must fill out the requested form in writing and return via mail to Health Alliance Medical Plans, 3310 Fields South Drive, Champaign, Illinois 61822 or by fax to our Recovery Department at 217-902-9786. If no response is received within 45 days from the request, claims may not be considered for payment.

Health Alliance may also request updated information from you annually or when information is received that indicates a change from the information we have on file to verify or update your Coordination of Benefits information. You must fill out the requested form in writing and return via mail to Health Alliance Medical Plans, 3310 Fields South Drive, Champaign, Illinois 61822 or by fax to our Recovery Department at 217-902-9786. If no response is received within 45 days from the receipt of the request, claims may not be considered for payment.

Facility of Payment

A payment made under another plan may include an amount that should have been paid under this Plan. If it does, Health Alliance may pay that amount to the organization that made that payment. That amount will then be treated as though it was a benefit paid under this Plan. Health Alliance will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services, in which case “payment made” means reasonable cash value of the benefits provided in the form of services.

RIGHT OF REIMBURSEMENT

If a Member recovers expenses for sickness or Injury that occurred due to the negligence of a third party, the Plan shall have the right to first reimbursement for all benefits paid by the Plan from any and all damages collected from the negligent third party for those same expenses whether by action at law, settlement or compromise, by the Member, Member’s parents, if the Member is a minor, or Member’s legal representative as a result of that sickness or Injury. You are required to furnish any information or assistance or provide any documents that the Plan may reasonably require in order to exercise its rights under this provision. This provision applies whether or not the third party admits liability. You must fill out the requested form in writing and return via mail to Health Alliance Medical Plans, 3310 Fields South Drive, Champaign, Illinois 61822 or by fax to our Recovery Department at 217-902-9786. If no response is received within 45 days from the request, claims may not be considered for payment.

SUBROGATION

The Plan is assigned the right to recover from the negligent third party, or his or her insurer, to the extent of the benefits paid by the Plan for that sickness or Injury. You are required to furnish any information or assistance or provide any documents that the Plan may reasonably require in order to obtain its rights under this provision. This

provision applies whether or not the third party admits liability. Health Alliance may also request information from you based on claims or other information received if a third party is involved. If no response is received within 45 days from the receipt of the request, claims may not be considered for payment.

MEDICARE-ELIGIBLE BENEFICIARIES

The federal “Medicare Secondary Payor” (MSP) laws regulate how certain employers may offer Employer Group healthcare coverage to Medicare-eligible Employees and Dependents. Under the MSP laws, Medicare generally pays

secondary to the Employer Group healthcare coverage provided under this Policy for the following Medicare-Eligible Beneficiaries:

- Members with end-stage renal disease, during the first 30 months of Medicare eligibility or entitlement.
- Members ages 65 and older who are covered under this Plan due to their or their Legal Spouse's current employment status with the Employer Group, if the Employer Group has 20 or more Employees.
- Disabled Members under age 65 who are covered under this Plan due to their or a family member's current employment status with the Employer Group, if the Employer Group employs more than 100 Employees.

To assist your Employer Group and Health Alliance in complying with the MSP laws, you must notify your Employer Group promptly if you or any of your covered Dependents becomes eligible for Medicare or has Medicare eligibility terminated or changed. You must also promptly and accurately complete any requests for information from your Employer Group or Health Alliance concerning your or any of your covered Dependents' Medicare eligibility.

Medicare is the primary coverage for those Medicare-Eligible Beneficiaries to whom the MSP laws do not apply (for example, Retired Employees and their Legal Spouses who are ages 65 or older). Benefits for such Medicare-Eligible Beneficiaries do not include payment for services and items to the extent Medicare payment is available or would be available if the Medicare-eligible Member enrolled in Medicare and made a proper claim for Medicare payment.

For a Medicare-Eligible Beneficiary to obtain the greatest level of benefit, a Medicare-eligible Member to whom the MSP laws do not apply should:

- Enroll in Part A and Part B of Medicare.
- Obtain needed healthcare services and items from Providers according to the terms and conditions of this Policy. For services received from Providers, this Plan will cover any applicable Medicare deductible and coinsurance amounts, as well as any services and items described in the "What is Covered" section that Medicare does not cover.
- Assign his or her claim for Medicare benefits to the Provider. For services received from Providers, this Plan will cover any applicable Medicare deductible and coinsurance amounts, as well as any services and items described in the "What is Covered" section that Medicare does not cover.

If you do not enroll in Part B of Medicare, you will be responsible for the portion of the bills that Medicare would have allowed under Part B coverage.

We encourage you to call Health Alliance at the number on the back of your Health Alliance Identification Card with any questions about the benefits available and how to obtain them. For questions regarding Medicare eligibility or benefits, contact the Centers for Medicare and Medicaid Services.

Members may not be enrolled in Medicare and a qualified high deductible health plan to be paired with a health savings account (HSA).

PAYMENT OF CLAIMS

The Plan pays benefits or assigns payment of benefits to the healthcare Provider unless you advise Health Alliance otherwise by the time the claim is submitted for payment. If services are received outside of your network, or outside of the United States, you may be required to pay the Provider at the time services are received, and submit an itemized statement to Health Alliance for reimbursement. You may also be required to submit any payment due by Health Alliance to the Provider. In situations where a monetary conversion is required, conversion will be based on the rate that was in effect on the date of discharge by the Provider or facility. Any claim for reimbursement or bills for covered healthcare services must be submitted within 20 days, but no later than 90 days or as soon as reasonably possible after the occurrence or commencement of any loss covered by the Policy. Notice given by or on behalf of the insured or the beneficiary to Health Alliance at the

address listed below, via electronic claims billing, or to any authorized agent of the company, with information sufficient to identify the insured, shall be deemed notice to the company. All claims should be submitted to:

Claims Department
Health Alliance Medical Plans, Inc.
3310 Fields South Drive
Champaign, IL 61822

The company, upon receipt of a notice of a claim, will furnish to the claimant such claims forms, as requested, within 15 days of this notice or request. If after 15 days the forms are not furnished, the claimant shall be deemed to have complied with the requirements of this Policy as to proof of loss upon submitting his or her initial notice and as long as proof of notice was within the time frames listed in this section. Health Alliance also accepts itemized bills in lieu of completed claim forms from Non-Participating Providers.

The Plan is not responsible for any claims or bills submitted more than one year after the provision or initiation of the service to which the claim or bill relates. Health Alliance will notify you and your Provider if additional information is needed to process your claim. You, your authorized representative or Provider have 45 days from the receipt of the notice to provide the requested information. The claim may be denied if the requested information is not received within the time frame given to provide the information.

Unless Health Alliance receives prior written instruction from you, any healthcare benefits unpaid at your death will be paid to the healthcare Provider rendering the service for which benefits are due or reimbursed to your estate. If benefits payable are \$1,000 or less, Health Alliance may pay someone related to you by blood or marriage that Health Alliance considers to be entitled to the benefits. Health Alliance will be relieved of further obligation as to this benefit payment when made by Health Alliance in good faith.

FRAUD WARNING: Any person who, with intent to defraud or knowing that they are facilitating a fraud against an insurer, submits an application or files a claim containing a false or deceptive statement, or conceals information for the purpose of misleading may be guilty of insurance fraud and subject to criminal and/or civil penalties.

CONSOLIDATED OMNIBUS BUDGET RECONCILIATION ACT OF 1985 (COBRA)

This section applies only to Members of an Employer Group with 20 or more Employees.

Continuation Coverage Rights Under COBRA

Under federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), certain Employees and their Dependents covered under the Plan will be entitled to elect a temporary extension of healthcare coverage (called “COBRA continuation coverage”) when coverage under the Plan would otherwise end. This notice is intended to inform you, in summary fashion, of your rights and obligations under the continuation coverage provisions of COBRA, as amended and reflected in final and proposed regulations published by the Department of the Treasury. This notice is intended to reflect the law and does not grant or take away any rights under the law.

What is COBRA continuation coverage?

COBRA continuation coverage is the temporary extension of Employer Group health plan coverage that must be offered to certain Policyholders and their eligible Dependents (called “Qualified Beneficiaries”) at Employer Group rates. The right to COBRA continuation coverage is triggered by the occurrence of a life event that results in the loss of coverage under the terms of the Plan (the “Qualifying Event”). The coverage must be identical to the Plan coverage that the Qualified Beneficiary had immediately before the Qualifying Event, or if the coverage has been changed, the coverage must be identical to the coverage provided to similarly situated active Employees who have not experienced a Qualifying Event (in other words, similarly situated non-COBRA beneficiaries).

Who can become a Qualified Beneficiary?

In general, a Qualified Beneficiary can be:

- (i) Any individual who, on the day before a Qualifying Event, is covered under a Plan by virtue of being on that day either a covered Employee, the Legal Spouse of a covered Employee or a Dependent child of a covered Employee. If, however, an individual is denied or not offered coverage under the Plan under circumstances in which the denial or failure to offer constitutes a violation of applicable law, then the individual will be considered to have had the Plan coverage and will be considered a Qualified Beneficiary if that individual experiences a Qualifying Event.
- (ii) Any child who is born to or placed for adoption with a covered Employee during a period of COBRA continuation coverage, and any individual who is covered by the Plan as an alternate recipient under a qualified medical support order. If, however, an individual is denied or not offered coverage under the Plan under circumstances in which the denial or failure to offer constitutes a violation of applicable law, then the individual will be considered to have had the Plan coverage and will be considered a Qualified Beneficiary if that individual experiences a Qualifying Event.

- (iii) A covered Retired Employee who retired on or before the date of substantial elimination of Plan coverage that is the result of a bankruptcy proceeding under Title 11 of the U.S. Code with respect to the Employer, including the Legal Spouse, surviving Legal Spouse or Dependent child of such a covered Employee if, on the day before the bankruptcy Qualifying Event, the Legal Spouse, surviving Legal Spouse or Dependent child was a beneficiary under the Plan.

The term “covered Employee” includes not only common-law Employees (whether part-time or full-time) but also any individual who is provided coverage under the Plan due to his or her performance of services for the Employer sponsoring the Plan (e.g., self-employed individuals, independent contractor or corporate director).

An individual is not a Qualified Beneficiary if the individual’s status as a covered Employee is attributable to a period in which the individual was a nonresident alien who received from the individual’s Employer no earned income that constituted income from sources within the United States. If, on account of the preceding reason, an individual is not a Qualified Beneficiary, then a Legal Spouse or Dependent child of the individual will also not be considered a Qualified Beneficiary by virtue of the relationship to the individual. A Domestic Partner who does not qualify as a Policyholder’s tax dependent under IRS rules is not considered a Qualified Beneficiary. However, per the Group Enrollment Agreement, Domestic Partners may be eligible for COBRA. A Dependent who does not qualify as a Policyholder’s tax Dependent under IRS rules is not considered a Qualified Beneficiary.

Each Qualified Beneficiary (including a child who is born to or placed for adoption with a covered Employee during a period of COBRA continuation coverage) must be offered the opportunity to make an independent election to receive COBRA continuation coverage.

Qualified Beneficiaries who are entitled to elect COBRA may do so even if they have other Employer Group healthcare coverage or are entitled to Medicare benefits on or before the date on which COBRA is elected. However, a Qualified Beneficiary’s COBRA coverage will terminate automatically if, after electing COBRA, he or she becomes entitled to Medicare benefits or becomes covered under another Employer Group health plan.

What is a Qualifying Event?

A Qualifying Event is any of the following if the Plan provided that the Member would lose coverage (i.e., cease to be covered under the same terms and conditions as in effect immediately before the Qualifying Event) in the absence of COBRA continuation coverage:

- (i) The death of a covered Employee.
- (ii) The termination (other than by reason of the Employee’s gross misconduct), or reduction of hours, of a covered Employee’s employment.
- (iii) The divorce or legal separation of a covered Employee from the Employee’s Legal Spouse.
- (iv) A covered Employee’s enrollment in any part of the Medicare program.
- (v) A Dependent child’s ceasing to satisfy the Plan’s requirements for a Dependent child (for example, attainment of the Limiting age for dependency under the Plan).
- (vi) The Employer files for bankruptcy under Title 11 of the U.S. Code, and you are a Retired Employee.

If the Qualifying Event causes the covered Employee, or the covered Legal Spouse or a Dependent child of the covered Employee, to cease to be covered under the Plan under the same terms and conditions as in effect immediately before the Qualifying Event (or in the case of the bankruptcy of the Employer, any substantial elimination of coverage under the Plan occurring within 12 months before or after the date the bankruptcy proceeding commences), the persons losing such coverage become Qualified Beneficiaries under COBRA if all the other conditions of COBRA are also met. For example, any increase in contribution that must be paid by a

covered Employee, or the Legal Spouse or a Dependent child of the covered Employee, for coverage under the Plan that results from the occurrence of one of the events listed above is a loss of coverage.

If a covered Employee discontinues coverage for his or her Legal Spouse in anticipation of divorce or other Qualifying Event prior to the actual event, when the divorce or other Qualifying Event becomes final, the Employer must be notified so the notification can be sent.

If your Employer is subject to the Family and Medical Leave Act of 1993 (FMLA), the taking of leave under the Family and Medical Leave Act of 1993 (FMLA) does not constitute a Qualifying Event. A Qualifying Event will occur, however, if an Employee does not return to employment at the end of the FMLA leave and all other COBRA continuation coverage conditions are present. If a Qualifying Event occurs, it occurs on the last day of FMLA leave and the applicable maximum coverage period is measured from this date (unless coverage is lost at a later date and the Plan provides for the extension of the required periods, in which case the maximum coverage date is measured from the date when the coverage is lost). **Note:** The covered Employee and Dependents will be entitled to COBRA continuation coverage even if they failed to pay the Employee portion of premiums for coverage under the Plan during the FMLA leave.

What is the procedure for obtaining COBRA continuation coverage?

The Plan has conditioned the availability of COBRA continuation coverage upon the timely election of such coverage. An election is timely if it is made during the election period.

What is the election period and how long must it last?

The election period is the time period within which the Qualified Beneficiary can elect COBRA continuation coverage under the Plan. The election period must begin no later than the date the Qualified Beneficiary would lose coverage on account of the Qualifying Event and must not end before the date that is 60 days after the later of the date the Qualified Beneficiary would lose coverage on account of the Qualifying Event or the date that notice is provided to the Qualified Beneficiary of their right to elect COBRA continuation coverage.

Qualified Beneficiaries should take into account that a failure to elect COBRA will affect future rights under federal law. Qualified Beneficiaries should take into account the special enrollment rights available under federal law. Qualified Beneficiaries have the right to request special enrollment in another Employer Group health plan for which you are otherwise eligible (such as a plan sponsored by your Legal Spouse's Employer) within 30 days after your Employer Group healthcare coverage under the Plan ends because of a Qualifying Event. Qualified Beneficiaries will also have the same special enrollment right at the end of COBRA coverage if you get COBRA coverage for the maximum time available to you.

Note: If a covered Employee who has been terminated or experienced a reduction of hours qualifies for a trade readjustment allowance or alternative trade adjustment assistance under a federal law called the Trade Act of 2002, and the Employee and his or her covered Dependents have not elected COBRA coverage within the normal election period, a second opportunity to elect COBRA coverage will be made available for themselves and certain family members, but only within a limited period of 60 days or less and only during the six months immediately after their Employer Group health plan coverage ended. Any person who qualifies or thinks that they and/or their Dependents may qualify for assistance under this special provision should contact the Employer for further information.

Is a covered Employee or Qualified Beneficiary responsible for informing the Employer of the occurrence of a Qualifying Event?

The Plan will offer COBRA continuation coverage to Qualified Beneficiaries only after the Employer has been timely notified that a Qualifying Event has occurred. The Employer (if the Employer is not the Plan Administrator) will notify the Plan Administrator of the Qualifying Event within 30 days following the date that coverage ends when the Qualifying Event is:

- the end of employment or reduction of hours of employment,
- death of the Employee,

- commencement of a proceeding in bankruptcy with respect to the Employer, or enrollment of the Employee in any part of Medicare.

IMPORTANT:

For the other Qualifying Events (divorce or legal separation of the Employee and Legal Spouse or a Dependent child's losing eligibility for coverage as a Dependent child), you or someone on your behalf must notify your Employer in writing within 60 days after the Qualifying Event occurs, using the procedures specified below. If these procedures are not followed or if the notice is not provided in writing to your Employer during the 60-day notice period, any Legal Spouse or Dependent child who loses coverage will not be offered the option to elect continuation coverage. You must send this notice to your Employer.

NOTICE PROCEDURES:

Any notice that you provide must be **in writing**. Oral notice, including notice by telephone, is not acceptable. You must mail, fax or hand-deliver your notice to your Employer. If mailed, your notice must be postmarked no later than the last day of the required notice period. Any notice you provide must state:

- the **name of the plan or plans** under which you lost or are losing coverage,
- the **name and address of the *Employee*** covered under the plan,
- the **name(s) and address(es) of the Qualified Beneficiary(ies)**, and
- the ***Qualifying Event*** and the **date** it happened.

If the Qualifying Event is a **divorce or legal separation**, your notice must include **a copy of the divorce decree or the legal separation agreement**.

There are other notice requirements in other contexts. See, for example, the discussion below under the heading entitled, "Duration of COBRA Coverage." That explanation describes other situations in which notice from you or the Qualified Beneficiary is required in order to gain the right to COBRA coverage.

Once your Employer receives *timely notice* that a Qualifying Event has occurred, COBRA continuation coverage will be offered to each of the Qualified Beneficiaries. Each Qualified Beneficiary will have an independent right to elect COBRA continuation coverage. Covered Employees may elect COBRA continuation coverage for their Legal Spouses, and parents may elect COBRA continuation coverage on behalf of their eligible children. For each Qualified Beneficiary who elects COBRA continuation coverage, COBRA continuation coverage will begin on the date of the Qualifying Event. If you or your Legal Spouse or Dependent children do not elect continuation coverage within the 60-day election period described above, the right to elect continuation coverage will be lost.

Is a waiver before the end of the election period effective to end a Qualified Beneficiary's election rights?

If, during the election period, a Qualified Beneficiary waives COBRA continuation coverage, the waiver can be revoked at any time before the end of the election period. Revocation of the waiver is an election of COBRA continuation coverage. However, if a waiver is later revoked, coverage need not be provided retroactively (that is, from the date of the loss of coverage until the waiver is revoked). Waivers and revocations of waivers are considered made on the date they are sent to the Employer, as applicable.

When may a Qualified Beneficiary's COBRA continuation coverage be terminated?

During the election period, a Qualified Beneficiary may waive COBRA continuation coverage. Except for an interruption of coverage in connection with a waiver, COBRA continuation coverage that has been elected for a

Qualified Beneficiary must extend for at least the period beginning on the date of the Qualifying Event and ending not before the earliest of the following dates:

- (i) The last day of the applicable maximum coverage period.
- (ii) The first day for which Timely Payment is not made to the Plan with respect to the Qualified Beneficiary.
- (iii) The date upon which the Employer ceases to provide any Employer Group health Plan (including a successor plan) to any Employee.
- (iv) The date, after the date of the election that the Qualified Beneficiary first enrolls in the Medicare program (either part A or part B, whichever occurs earlier).
- (v) In the case of a Qualified Beneficiary entitled to a disability extension, the later of:
 - (a) 29 months after the date of the Qualifying Event, or (ii) the first day of the month that is more than 30 days after the date of a final determination under Title II or XVI of the Social Security Act that the Disabled Qualified Beneficiary whose disability resulted in the Qualified Beneficiary's entitlement to the disability extension is no longer Disabled, whichever is earlier; or
 - (b) the end of the maximum coverage period that applies to the Qualified Beneficiary without regard to the disability extension.

The Plan can terminate for cause the coverage of a Qualified Beneficiary on the same basis that the Plan terminates for cause the coverage of similarly situated non-COBRA beneficiaries; for example, for the submission of a fraudulent claim.

In the case of an individual who is not a Qualified Beneficiary and who is receiving coverage under the Plan solely because of the individual's relationship to a Qualified Beneficiary, if the Plan's obligation to make COBRA continuation coverage available to the Qualified Beneficiary ceases, the Plan is not obligated to make coverage available to the individual who is not a Qualified Beneficiary.

What are the maximum coverage periods for COBRA continuation coverage?

The maximum coverage periods are based on the type of the Qualifying Event and the status of the Qualified Beneficiary, as shown below.

- (i) In the case of a Qualifying Event that is a termination of employment or reduction of hours of employment, the maximum coverage period ends 18 months after the Qualifying Event, if there is not a disability extension and 29 months after the Qualifying Event, if there is a disability extension.
- (ii) In the case of a covered Employee's enrollment in the Medicare program before experiencing a Qualifying Event that is a termination of employment or reduction of hours of employment, the maximum coverage period for Qualified Beneficiaries other than the covered Employee ends on the later of:
 - (a) 36 months after the date the covered Employee becomes enrolled in the Medicare program; or
 - (b) 18 months (or 29 months, if there is a disability extension) after the date of the covered Employee's termination of employment or reduction of hours of employment.
- (iii) In the case of a bankruptcy Qualifying Event, the maximum coverage period for a Qualified Beneficiary who is the covered Retired Employee ends on the date of the Retired Employee's death. The maximum coverage period for a Qualified Beneficiary who is the covered Legal Spouse, surviving Legal Spouse or Dependent child of the Retired Employee ends on the earlier of the Qualified Beneficiary's death or 36 months after the death of the Retired Employee.

- (iv) In the case of a Qualified Beneficiary who is a child born to or placed for adoption with a covered Employee during a period of COBRA continuation coverage, the maximum coverage period is the maximum coverage period applicable to the Qualifying Event giving rise to the period of COBRA continuation coverage during which the child was born or placed for adoption.
- (v) In the case of any qualifying event other than those described above, the maximum coverage period ends 36 months after the Qualifying Event.

Under what circumstances can the maximum coverage period be expanded?

If a Qualifying Event that gives rise to an 18-month or 29-month maximum coverage period is followed, within that 18- or 29-month period, by a second qualifying event that gives rise to a 36-month maximum coverage period, the original period is expanded to 36 months, but only for individuals who are qualified beneficiaries at the time of both qualifying events. In no circumstance can the COBRA maximum coverage period be expanded to more than 36 months after the date of the first qualifying event. The Employer must be notified of the second qualifying event within 60 days of the second qualifying event. This notice must be sent to the Employer.

How does a Qualified Beneficiary become entitled to a disability extension?

A disability extension will be granted if an individual (whether or not the covered Employee) who is a qualified beneficiary in connection with the qualifying event that is a termination or reduction of hours of a covered Employee's employment, is determined under Title II or XVI of the Social Security Act to have been disabled at any time during the first 60 days of COBRA continuation coverage. To qualify for the disability extension, the qualified beneficiary must also provide the Employer with notice of the disability determination on a date that is both within 60 days after the date of the determination and before the end of the original 18-month maximum coverage. This notice should be sent to the Employer.

Does the Plan require payment for COBRA continuation coverage?

For any period of COBRA continuation coverage under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage. Qualified beneficiaries will pay up to 102 percent of the applicable premium and up to 150 percent of the applicable premium for any expanded period of COBRA continuation coverage covering a Disabled qualified beneficiary due to a disability extension. The Plan will terminate a qualified beneficiary's COBRA continuation coverage as of the first day of any period for which Timely Payment is not made.

Must the Plan allow payment for COBRA continuation coverage to be made in monthly installments?

Yes. The Plan is also permitted to allow for payment at other intervals.

What is Timely Payment for payment for COBRA continuation coverage?

Timely Payment means a payment made no later than 30 days after the first day of the coverage period. Payment that is made to the Plan by a later date is also considered Timely Payment if either under the terms of the Plan, covered Employees or qualified beneficiaries are allowed until that later date to pay for their coverage for the period or under the terms of an arrangement between the Employer and the entity that provides Plan benefits on the Employer's behalf, the Employer is allowed until that later date to pay for coverage of similarly situated non-COBRA beneficiaries for the period.

Notwithstanding the above paragraph, the Plan does not require payment for any period of COBRA continuation coverage for a qualified beneficiary earlier than 45 days after the date on which the election of COBRA continuation coverage is made for that qualified beneficiary. Payment is considered made on the date on which it is postmarked to the Plan.

If Timely Payment is made to the Plan in an amount that is not significantly less than the amount the Plan requires to be paid for a period of coverage, then the amount paid will be deemed to satisfy the Plan's requirement for the amount to be paid, unless the Plan notifies the qualified beneficiary of the amount of the deficiency and grants a reasonable period of time for payment of the deficiency to be made. A "reasonable period of time" is 30 days after

the notice is provided. A shortfall in a Timely Payment is not significant if it is no greater than the lesser of \$50 or 10 percent of the required amount.

Must a Qualified Beneficiary be given the right to enroll in a conversion health plan at the end of the maximum coverage period for COBRA continuation coverage?

If a qualified beneficiary's COBRA continuation coverage under an Employer Group health plan ends as a result of the expiration of the applicable maximum coverage period, the Plan will, during the 180-day period that ends on that expiration date, provide the qualified beneficiary with the option of enrolling under a conversion health plan if such an option is otherwise generally available to similarly situated non-COBRA beneficiaries under the Plan. If such a conversion option is not otherwise generally available, it need not be made available to Qualified Beneficiaries.
