

**Health Alliance**  
**2022 Data Statistics**  
**Medical & Pharmacy Prior Authorization**

**Purpose:** To provide annual medical and pharmacy prior authorization data statistics in accordance with the Illinois Prior Authorization Reform Act, Public Act 102-0409.

**Medical Prior Authorization**  
**October 1, 2021 – September 30, 2022**

Section 20. Disclosure and review of prior authorization requirements.

(g) Entities using prior authorization shall make statistics available regarding prior authorization approvals and denials on their website in a readily accessible format. The statistics must be updated annually and include all of the following information:

(1) A list of all health care services, including medications, that are subject to prior authorization;

[Health Alliance 2022 Standard Prior Authorization List](#)  
[Health Alliance 2022 Standard Durable Medical Equipment \(DME\) Prior Authorization List](#)

(2) The total number of prior authorization requests received:

| <b>Category of prior authorization requests received</b>    | <b>Total number of prior authorization requests received</b> |
|-------------------------------------------------------------|--------------------------------------------------------------|
| Medical, Surgical, Mental Health, or Substance Use Disorder | 92,050                                                       |
| Pharmacy                                                    | 4523                                                         |

(3) The number of prior authorization requests denied during the previous plan year by the health insurance issuer or its contracted utilization review organization with respect to each service described in paragraph (1) and the top 5 reasons for denial;

| <b>Categories of health care services subject to prior authorization</b> | <b>Number of denied prior authorization requests per category</b> |
|--------------------------------------------------------------------------|-------------------------------------------------------------------|
| BONE GROWTH STIMULATORS                                                  | 4                                                                 |
| CARDIAC IMAGING AND PROCEDURES                                           | 731                                                               |
| CHIROPRACTIC AND MASSAGE THERAPY                                         | 8                                                                 |
| GENETIC TESTING (INCLUDING MOLECULAR DIAGNOSTICS)                        | 676                                                               |
| IMAGING: CT, CTA, MRI, MRA, PET, 3D                                      | 3,476                                                             |
| IMAGING: OBSTETRICAL AND DIAGNOSTIC ULTRASOUND                           | 1,083                                                             |
