WHAT IS COVERED/WHAT IS NOT COVERED—PHARMACY BENEFITS

Benefits

Health Alliance administers pharmacy benefits through a national pharmacy benefit manager. Many independent pharmacies and most national chains are Participating pharmacies. To find out if a pharmacy is a Participating pharmacy, call Health Alliance at the number listed on the back of your Health Alliance Identification Card.

You must present your Health Alliance Identification Card for each prescription purchase. Your card contains information needed to process your prescription. The pharmacist will ask you to pay your prescription Deductible, Copayment or Coinsurance at the time it is filled. If you do not present your Health Alliance Identification Card, you may be asked to pay the full retail price of your prescription. To request reimbursement you may submit your itemized receipt, along with the requested information noted on it, to the pharmacy benefit manager's address noted on the back of your Health Alliance Identification Card.

Prescription drugs obtained at a Participating pharmacy when prescribed by a Participating Physician, hereinafter referred to as Physician for purposes of this section, in connection with Medically Necessary services are covered for Members subject to the following terms, conditions and limitations.

Prescription Drugs obtained from a Non-Participating pharmacy in conjunction with Emergency Services are covered subject to the terms, conditions and limitations listed below.

Preauthorization

Some prescription drugs require Preauthorization from Health Alliance and certain criteria to be met by you. Drugs that require Preauthorization are noted on the prescription Drug Formulary.

Newly released prescription drugs require Preauthorization for up to six months from the date of launch until the drugs have undergone review by the Health Alliance Pharmacy and Therapeutics Committee.

Your Physician must contact Health Alliance to obtain Preauthorization. Preauthorization can be verified by calling Health Alliance at the number listed on the back of your Health Alliance Identification Card. If Preauthorization is not obtained, Health Alliance will not provide coverage and you will be required to pay the full cost of the drug.

Prescription Drug Formulary

Health Alliance has developed a prescription Drug Formulary, which is a list of covered Tier 1, Tier 2 and Tier 3, Preventive Drugs, see "Preventive Drugs" section for a complete description and Specialty Prescription Drugs, see "Pharmacy Specialty Prescription Drugs" section for complete description. Tier 1 drugs are generally the lowest cost drugs, which includes most, but not all, generics. Tier 2 drugs are Preferred Formulary Drugs. Most of these drugs are brand name. Tier 3 drugs are Non-Preferred Formulary Drugs. The three-tier system helps manage costs, but provides flexibility and coverage for Members who choose a higher tier drug. This system of cost sharing also helps Health Alliance continue to cover the majority of prescription drugs. The drugs listed in the Health Alliance Formulary are reviewed and revised at least annually by the Health Alliance Pharmacy and Therapeutics Committee. Prescription drugs may be moved between tiers, as new drugs may be added to a tier or an existing drug may be removed from a tier during the Benefit Year. If a drug moves to a higher tier then you will be notified at least 30 days prior to the change so that you can discuss with your Physician any lower tier alternatives available to you.

Some prescription drugs are not included on the Health Alliance Drug Formulary. Non-Formulary Drugs have covered Formulary alternatives in most instances. Coverage of Non-Formulary Drugs requires a request for Medical Exception from your Physician. The Medical Exception request must explain the reason covered Formulary alternatives cannot be used. Medical Exception can be requested using the Preauthorization Request Form.

To access the most up-to-date version of our Standard Drug Formulary, visit the Pharmacy Programs area of our website HealthAlliance.org and choose "Standard Drug List" or call Health Alliance at the number listed on the back of your Health Alliance Identification Card. Some plans' pharmacy benefits may differ from this list. Upon request,

Health Alliance will provide you with information as to whether a prescription drug is included in the Formulary and whether the drug will be covered at the Tier 1, Tier 2 or Tier 3 or Specialty Prescription Drug Copayment or Coinsurance.

Preventive Drugs

As part of the Wellness benefit, preventive drugs are covered under the prescription Drug Formulary. Preventive drugs are Tier 7 drugs. Tier 7 drugs are covered at no charge when prescribed by a Participating Provider and obtained at a Participating Pharmacy. For a listing of the Tier 7 drugs please see section “Wellness Care” under “What is Covered” and/or the Health Alliance Drug Formulary. In addition to the preventive drugs listed here, coverage will also include any other preventive drugs approved by the United States Preventive Service Task Force (USPSTF) that may be upgraded to Grade A or B during the Benefit year. The drugs listed in the Health Alliance formulary are also reviewed and revised at least annually by the Health Alliance Pharmacy and Therapeutics Committee. Prescription drugs may be moved between tiers, as new drugs may be added to a tier or an existing drug may be removed from a tier during the Benefit Year. If a drug moves to a different tier then you will be notified at least 30 days prior to the change so that you can discuss with your Physician any alternatives available to you.

Pharmacy Specialty Prescription Drugs

Pharmacy Specialty Prescription Drugs are defined as any prescription drug, regardless of dosage form, which requires at least one of the following in order to provide optimal patient outcomes and is identified as a Specialty Prescription Drug on the Health Alliance Drug Formulary: (1) Specialized procurement handling, distribution, or is administered in a specialized fashion; (2) Complex benefit review to determine coverage; (3) Complex medical management; or (4) FDA-mandated or evidence-based medical-guideline determined comprehensive patient and/or Physician education.

Pharmacy Specialty Prescription Drugs are available from a specialty pharmacy vendor. Coverage is subject to a prior written order by your Physician and Preauthorization by Health Alliance.

Health Alliance has developed a specialty drug listing, which has a list of covered Tier 4, Tier 5 and Tier 6 Specialty Pharmacy Prescription Drugs. Tier 4 Specialty Drugs are the most clinically and cost effective, these are also known as Preferred Formulary Specialty Drugs. Tier 5 Specialty Pharmacy Prescription Drugs are at a higher cost than Tier 4 and usually have clinically comparable alternatives available at the Tier 4 level. These are also known as Non-Preferred Formulary Specialty Drugs. Tier 6 Specialty Pharmacy Prescription Drugs are the highest cost specialty drugs or drugs that may not have the clinical advantages of Tier 4 or Tier 5 Specialty Drugs. The three-tier system helps manage costs, but provides flexibility and some coverage for Members who choose a higher tier drug. This system of cost sharing also helps Health Alliance continue to cover the majority of Specialty Prescription Drugs. The drugs listed in the Health Alliance Formulary are reviewed and revised at least annually by the Health Alliance Pharmacy and Therapeutics Committee. Pharmacy Specialty Prescription Drugs may be moved between tiers, as new drugs may be added to a tier or an existing drug may be removed from a tier during the Benefit Year. If

a drug moves to a higher tier then you will be notified at least 30 days prior to the change so that you can discuss with your Physician any lower tier alternatives available to you.

To access the most up-to-date version of our Standard Drug Formulary, visit the “Pharmacy Programs” section of our website HealthAlliance.org or call Health Alliance at the number listed on the back of your Health Alliance Identification Card. Some plans’ pharmacy benefits may differ from this list. Upon request, Health Alliance will provide you with information as to whether a Specialty Prescription Drug is included in the Formulary and whether the drug will be covered at the Tier 4, Tier 5 or Tier 6 specialty drug tier Copayment or Coinsurance.

Specialty Prescription Drugs are subject to any applicable Specialty Prescription Drug limitations specified in the “Maximums/Deductibles/Limitations” section on the Description of Coverage and SBC. Deductibles, Copayments or Coinsurance for Specialty Prescription Drugs apply to any applicable Benefit Year Out-of-Pocket Maximum limit specified in the “Maximums/Deductibles/Limitations” section on the Description of Coverage and SBC.

You or any person you have chosen as your authorized representative, including your Physician or other healthcare Provider or attorney, may request an appeal of either category. The party filing the appeal may send us written comments, documents, records, or other information regarding your appeal. All available information relevant to your appeal will be considered when reviewing your appeal. A Clinical Peer not involved in the initial denial will review appeals made on the basis of Medical Necessity, appropriateness, healthcare setting, level of care or effectiveness. A review committee or an individual not involved in the initial denial and who does not work under the authority of the initial decision maker will review administrative appeals.

You, your authorized representative, Physician or other healthcare Provider may request an appeal within 180 days of receiving the initial denial notice by calling the Member Relations Department at 1-800-500-3373 or writing to the Member Relations Department, Health Alliance Midwest, 301 S. Vine St., Urbana, IL 61801-3347.

If the appeal of your Preauthorization request is denied on the basis of Medical Necessity, appropriateness, healthcare setting, level of care or effectiveness, and you have exhausted the internal appeals process, you have the right to request that decision be reviewed by an independent review organization.

Appeal Procedures for Urgent Care Decisions (Pre-Service Claims)

You, your authorized representative, Physician or other healthcare Provider may request an appeal for denial of requested healthcare services that require Preauthorization. Health Alliance will make a decision and notify you, your authorized representative, Physician and any healthcare Provider who recommended services by telephone within 24 hours of receipt of all requested information, but no later than 48 hours after receipt of the request for an appeal. If you have a medical condition where the timeframe for completion of a standard external review would jeopardize your life, your health or your ability to regain maximum function, an expedited external review may be requested. If the requested healthcare services are denied and the denial concerns an emergency admission, availability of care, continued stay or healthcare service and you have not been discharged from the facility, you may request an expedited external review. If the denial of coverage is based on the determination that the requested service or treatment is experimental or investigational and your healthcare Provider certifies in writing that the service or treatment would be significantly less effective if not promptly initiated, you may request an expedited external review.

Appeal Procedures for Concurrent Care Decisions

You, your authorized representative, Physician or other healthcare Provider may request an appeal when coverage will be reduced or terminated for ongoing treatment. The appeal must be made at least 24 hours before the scheduled reduction or termination of coverage for treatment. Health Alliance will make a decision and notify you, your authorized representative, Physician and any healthcare Provider who recommended services by telephone within 24 hours of the request for an appeal. You, your authorized representative, Physician and any healthcare Provider who recommended services will receive written notice within three days of the decision.

If the appeal for coverage of healthcare services is denied and you have exhausted the internal appeals process, you have the right to request that decision be reviewed by an independent review organization. If the request for healthcare services are denied and the denial concerns an emergency admission, availability of care, continued stay or healthcare service and you have not been discharged from the facility, you may request an expedited external review. If the denial of coverage is based on the determination that the requested service or treatment is experimental or investigational and your healthcare Provider certifies in writing that the service or treatment would be significantly less effective if not promptly initiated, you may request an expedited external review.

Health Alliance will not reduce or terminate benefits pending the outcome of the appeal.

Appeal Procedures for Coverage Decisions (Post-Service Claims)

You, your authorized representative, Physician or other healthcare Provider may request an appeal for denial to pay or reimburse healthcare services that have already been provided. Health Alliance will notify the party filing the appeal within 3 business days of all information required to evaluate the appeal. If your claim for coverage is denied on the basis of Medical Necessity, appropriateness, healthcare setting, level of care or effectiveness and you have exhausted the internal appeals process, you have the right to request that decision be reviewed by an independent review organization.

Civil Action under ERISA

You may have the right to file a civil action under Section 502(a) of the Employee Retirement Income Security Act (ERISA) if your appeal has not been approved after all reviews have been completed.

External Review of Appeals

For denials made on the basis of Medical Necessity, appropriateness, healthcare setting, level of care or effectiveness, you, your Physician or other healthcare Provider or attorney may request an external review by an independent review organization if you are not satisfied with the Health Alliance resolution of the denial of coverage for healthcare services. You, your authorized representative, your Physician or other healthcare Provider may file a written request for external review of the Coverage Decision to the Iowa Insurance Commissioner, Iowa Division of Insurance, Two Ruan Center, 601 Locust, Fourth Floor, Des Moines, Iowa 50309.

The request for external review must be written within four months after:

- the date you receive a denial or
- if Health Alliance does not issue a written decision, except to the extent you have requested or agreed to a delay, of an appeal within 30 days after you or your authorized representative filed your appeal, or
- the internal appeal review requirement is waived by Health Alliance.

You may also contact the Iowa Division of Insurance by phone at 1-877-955-1212 or 515-281-6348, by facsimile at 1-515-281-3059 or visit their website at www.iid.iowa.gov. A copy of the Coverage Decision must accompany the request.

Except in the case of an expedited review at an initial Urgent Care Pre-Service Claim denial, you must exhaust the internal review process before a request for an external review can be made.

You will also be considered to have exhausted the internal review process if:

- You have not received our written decision on your Pre-Service Claim appeal within 30 days;
- You have not received our decision on your Urgent Pre-Service Claim appeal within 48 hours; or
- Health Alliance agrees to waive the internal review exhaustion requirement.

Once the Commissioner determines whether or not an external review is warranted based on the external review guidelines, they will have two business days from receipt of a request for external review to certify the request. The Commission will notify you, your Physician or other healthcare Provider and Health Alliance in writing of the decision within the two business day period.

If the Commissioner decides an external review is warranted, the Commissioner will select an external review organization from a list of organizations certified by the Iowa Insurance Division within three business days of receipt of notification. The Commissioner will notify you, Health Alliance, your Physician or other healthcare Provider of the external review organization selected and the right to submit additional information.

You, your Physician or other healthcare Provider may object to the external review organization selected by notifying the Commissioner within three business days of receipt of the notification from Health Alliance. The Commissioner will have two business days from receipt of the objection to make a determination and notify you, your Physician or other healthcare Provider and Health Alliance.

Once the external review organization is selected, Health Alliance will provide the external review organization information submitted in support of the request for coverage of a service or treatment under the Health Alliance appeal procedures and any other relevant documentation used in making a determination.

You, your Physician or other healthcare Provider will have 10 business days from the mailing date of the final notification of the selected external review organization to provide any information in support of the internal review and other newly discovered relevant information. Failure to provide the information within 10 business days will be grounds for rejection of consideration of the information by the external review organization.

The external review organization will notify you, your Physician or other healthcare Provider of any medical information needed to conduct the review within five business days of receipt of the documentation. Failure to provide the information will be grounds for rejection of consideration of the information by the external review organization.

The external review organization will make its decision within 30 days from receipt of the request of review. The external review organization will mail the decision to you, your Physician or other healthcare Provider and Health Alliance.

Expedited External Review of Appeals

You or your authorized representative may request an expedited external review: 1) if you have a medical condition with which the timeframe for completion of a standard external review would seriously jeopardize your life or health or the ability to regain maximum function, or 2) if your denial concerns an admission, the availability of care, a continued stay or healthcare services where Emergency Services were received but you have not yet been discharged from the facility, or 3) if the final denial concerns services or treatment that was denied as experimental or investigational and your Physician or Provider has certified in writing that the requested service or treatment would be significantly less effective if not promptly initiated, or 4) if Health Alliance waives the internal review process.

An expedited external review may not be requested unless the Health Alliance internal appeals process has been exhausted or one of the exceptions listed above apply.

Requests for expedited external review should be requested either by phone or in writing to the Insurance Commissioner at Two Ruan Center, 601 Locust, Fourth Floor, Des Moines, Iowa 50309 or 1-877-955-1212 or 515-281-6348. You may also get information from their website at www.iid.iowa.gov.

The Commissioner will assign an independent review organization to do the expedited review. The independent review organization will make a decision as quickly as the medical condition or situation requires, within 48 hours if the appeal is initiated via phone call and within 72 hours after written receipt of the expedited review request.

the child is incapable of self-sustaining employment by an apparent handicapped condition and the child is dependent upon his or her parent or other care providers for lifetime care and supervision, the child will continue to be covered as a Dependent child for the duration of the disability and dependency.

Coverage for healthcare services under this Policy will terminate at 11:59 p.m. on the effective date of termination of this Policy. The obligation of Health Alliance under this Policy is limited to arranging for the provision of the healthcare services stated in this Policy up to the effective date of termination. Health Alliance will not be liable for arranging for the provision of, or reimbursement for the provision of, covered healthcare services after the effective date of termination. "Effective date of termination," for the purposes of this section, will mean that date on which Health Alliance has the right to terminate this Policy according to the terms and conditions of this Policy or the date the Group Enrollment Agreement terminates, or the date you no longer meet the eligibility requirements set forth in the "Eligibility, Enrollment and Effective Date of Coverage" section of this Policy.

In the event Health Alliance decides to no longer offer a particular type of insurance product, the following processes will be followed:

- Health Alliance will notify you and your employer at least 90 days prior to the date that the insurance product is discontinued.
- Health Alliance will offer your employer the option to purchase a plan available in the insurance marketplace that is currently offered.
- If an insurance product is discontinued, Health Alliance would do so uniformly and without regard to any specific employer's claims or Member health conditions.

COORDINATION OF BENEFITS

This coordination of benefits (COB) provision applies when you or your covered Dependent have healthcare coverage under more than one plan. When you are covered by two or more health plans, benefits provided by the other plan will be coordinated with those provided by this Plan.

Definitions

1. A "Plan" is any of the following that provides benefits or services for medical or Dental care or treatment. However, if separate contracts are used to provide coordinated coverage for members of a Group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
 - "Plan" includes: Group insurance, closed panel or other forms of Group or Group-type coverage (whether insured or uninsured), individual or family insurance, closed panel or other individual coverage, medical care components of Group long-term care contracts, such as Skilled Nursing Care; medical benefits under Group or individual automobile contracts, no-fault automobile insurance (by whatever name it is called) and Medicare or other governmental benefits, as permitted by law.
 - "Plan" does not include: Hospital indemnity insurance, school accident type coverage, benefits for non-medical components of Group long-term care policies, and Medicare supplement policies, Medicaid policies and coverage under other governmental plans, unless permitted by law.
2. The "Order of Benefit Determination Rules" determine whether this Plan is a "primary plan" or "secondary plan" when compared to another plan covering the person.
 - When this Plan is primary, its benefits are determined before those of any other plan and without considering any other plan's benefits.
 - When this Plan is secondary, its benefits are determined after those of another plan and may be reduced because of the primary plan's benefits.
 - When there are more than 2 health plans covering the person, the Plan may be primary as to one or more of the other health plans and secondary to different health plan(s).
3. "Allowable Expense" means a healthcare service or expense of a similar service or expense to which COB applies, including Copayments, Coinsurance and Deductibles, that is covered at least in part by any of the plans covering the person. When a plan provides benefits in the form of services (for example, an HMO), the

reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense or service that is not covered by any of the plans is not an allowable expense. The following are examples of expenses or services that are not allowable expenses:

- If a covered person is confined in a private Hospital room, the difference between the cost of a semi-private room in the Hospital and the private room is not an allowable expense (unless the patient's stay in a private Hospital room is Medically Necessary in terms of generally accepted medical practice, or one of the plans provides coverage for Hospital private rooms).
 - If a person is covered under two or more plans that compute their benefit payments on the basis of Maximum Allowable charges, any amount in excess of the highest of the Maximum Allowable charge for a specific benefit is not an allowable expense.
 - If a person is covered under two or more plans that provide benefits or services on the basis of negotiated fees, any amount in excess of the highest of the negotiated fees is not an allowable expense.
 - If a person is covered by one plan that calculates its benefits or services on the basis of Maximum Allowable charges and another plan that provides its benefits or services on the basis of a negotiated fee, the primary plan's payment arrangement shall be the allowable expense for all plans.
 - The amount a benefit is reduced by the primary plan because a covered person does not comply with the plan provisions is not an allowable expense. Examples of these provisions are second surgical opinions, Preauthorization or when the covered person has a lower benefit because he or she did not use a Preferred Provider.
4. "Claim Determination Period" means a Benefit Year. However, it does not include any part of a year during which a person has no coverage under this Plan, or before the date this COB provision or a similar provision takes effect.
5. "Closed Panel Plan" is a plan that provides health benefits to covered persons primarily in the form of services through a panel of Providers that have contracted with Health Alliance, and that limits or excludes benefits for services provided by other Providers, except in cases of an Emergency Medical Condition or referral by a Preferred Provider.
6. "Custodial Parent" means a parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one-half of the calendar year without regard to any temporary visitation.

Order of Benefit Determination Rules

This Plan determines its order of benefits using the first of the following rules that applies:

1. A plan with no provision for coordination with other benefits is considered to pay its benefits before a plan that contains such a provision.
2. **Non-Dependent/Dependent.** The benefits of the plan that covers the person as an employee or Member (that is, other than as a Dependent) are determined before those of the plan that covers the person as a Dependent.
3. **Dependent Child/Parents not Legally Separated or Divorced.** Except as stated in (4) below, when this Plan and another plan cover the same child as a Dependent of different persons, called "parents":
 - The benefits of the plan of the parent whose birthday falls earlier in a year are determined before those of the plan of the parent whose birthday falls later in the year.
 - If both parents have the same birthday, the benefits of the plan that covered one parent longer are determined before those of the plan that covered the other parent for a shorter period of time. However, if the other plan does not have the rule described in the first bullet immediately above, but instead has a rule based upon the gender of the parent, and if, as a result, the plans do not agree on the order of benefits, the rule in the other plan will determine the order of benefits.

4. **Dependent Child/Parents Divorced or Legally Separated or Not Living Together.** If two or more plans cover a person as a Dependent child of divorced or separated parents, benefits for the child are determined in this order:

- The plan of the parent with custody of the child.
- The plan of the Spouse of the parent with custody of the child.
- The plan of the parent who does not have custody of the child.

However, if the specific terms of a court decree state that one of the parents is responsible for healthcare expenses of the child, and the entity obligated to pay or provide the benefits of the plan of that parent has actual knowledge of those terms, the benefits of that plan are determined first. The plan of the other parent will be the secondary plan. This paragraph does not apply to any claim determination period or Benefit Year when any benefits are actually paid or provided before the entity has the actual knowledge.

5. **Dependent Child/Joint Custody.** If the specific terms of a court decree state that the parents will share joint custody, without stating that one of the parents is responsible for the healthcare expenses of the child, the plans covering the child will follow the order of benefit determination rules outlined in (3) above.
6. **Dependent Adult.** If a married Dependent has his or her own coverage as a dependent under a Spouse's plan and has coverage as a Dependent under either or both parent's plan the plans covering the Dependent will follow the order of benefit determination rules outlined in (9) below.
- In the event that the Dependent's coverage under the Spouse plan began on the same date as the Dependent's coverage under either or both parent's plans, the plans covering the Dependent will follow the order of benefit determination rules outlined in (3) above.
7. **Active/Inactive Employee.** The benefits of a plan that covers a person as an employee who is neither laid-off nor retired (or as the employee's Dependent) are determined before those of a plan that covers that person as a laid off or retired employee (or as that employee's Dependent). If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this requirement will be ignored.
8. **Continuation Coverage.** If a person whose coverage is provided by a federal or state law right of continuation is also covered by another plan, the following will be the order of benefit determination:
- The benefits of the plan covering the person as a Member, or as that person's Dependent, will pay first.
 - The benefits of the plan providing continuation coverage will pay second.

If the other plan does not contain the order of benefits determination described within this subsection, and if, as a result, the plans do not agree on the order of benefits, this requirement will be ignored.

9. **Longer/Shorter Length of Coverage.** If none of the above rules determines the order of benefits, the benefits of the plan that covered an employee or Member longer are determined before those of the plan that covered that person for the shorter term.
- Benefits by this Policy will not be increased by virtue of this coordination of benefits limitation. It will be the obligation of any Member claiming benefits by this Policy to notify Health Alliance of the existence of all other Group contracts, as well as the benefits payable by any other Group contract. Health Alliance will have the right to release and obtain from any Physician, other medical professional, insurance company or other person or organization, any claim information (including copies of records) to pay to any other organization any amount determined to be warranted by this Policy. Health Alliance may recover any overpayment, which may have been made to any person, insurance company, or organization under the provisions of this section. Each Member claiming benefits by this Policy must give Health Alliance any information it needs to pay the claim.

10. **Network.** If the primary plan has a network of Providers and the secondary plan does not have such a network, the secondary plan must pay benefits as if it were primary when a covered individual uses a Non-Preferred Provider, unless the services are rendered on an emergency basis or are authorized and paid for by the primary plan.

11. If none of the previously discussed rules apply, then the plans are to share the allowable expense equally.

Effect on the Benefits of This Plan

When this Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all plans during a claim determination period are not more than 100 percent of total allowable expenses. Each benefit is reduced in proportion and then charged against any applicable benefit limit of this Plan.

Right to Receive and Release Needed Information

Certain facts about healthcare coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other plans. Health Alliance may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under this Plan and other plans covering the person claiming benefits. Health Alliance need not tell, or get the consent of, any person to do this. Each person claiming benefits under this Plan must give Health Alliance any facts it needs to apply those rules and determine benefits payable.

Health Alliance may also request updated information from you annually or when information is received that indicates a change from the information we have on file to verify or update your Coordination of Benefits information. You may fill out and return the request via mail or you may contact Health Alliance at the number listed on the back of your Health Alliance Identification Card to respond to these requests. If no response is received within 45 days from receipt of the request of information, claims will not be considered for payment.

Facility of Payment

A payment made under another plan may include an amount that should have been paid under this Plan. If it does, Health Alliance may pay that amount to the organization that made that payment. That amount will then be treated as though it was a benefit paid under this Plan. Health Alliance will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services, in which case “payment made” means reasonable cash value of the benefits provided in the form of services.

RIGHT OF REIMBURSEMENT

If a Covered Person recovers expenses for sickness or Injury that occurred due to the negligence of a third party, the Plan shall have the right to first reimbursement for all benefits paid by the Plan from any and all damages collected from the negligent third party for those same expenses whether by action at law, settlement, or compromise, by the covered Person or covered Person’s legal representative as a result of that sickness or Injury.

You are required to furnish any information or assistance or provide any documents that the Plan may reasonably require in order to exercise its rights under this provision. This provision applies whether or not the third party admits liability.

SUBROGATION

The Plan is assigned the right to recover from the third party, or his or her insurer, to the extent of the benefits paid by the Plan for that sickness or Injury. You are required to furnish any information or assistance or provide any documents that the Plan may reasonably require in order to obtain its rights under this provision. This provision applies whether or not the third party admits liability. Health Alliance may also request information from you based on claims or other information received if a third party is involved. If no response is received within 45 days from the receipt of the request, claims will not be considered for payment.

LIABLE THIRD PARTY

If you and/or any of your covered Dependents incur a claim for medical expenses as a result of Injuries caused by someone else's negligence, wrongful act or omission, this Plan is not responsible to pay these expenses. This Plan also does not provide benefits to the extent that there is other coverage under non-Group medical payments including auto or medical expense type coverage. However, this Plan will provide benefits, otherwise payable under this Plan, only on the following terms and conditions:

1. In the event that benefits are provided under this Plan, the Plan shall be subrogated to all of your and/or your Dependent's rights of recovery against any person or organization to the extent of the benefits provided. Subrogation is a legal right allowing the Plan to recover medical expenses paid by the Plan on behalf of a Member from another party if the Member's Injuries are caused by the other party's negligence. You and/or your covered Dependents agree to do whatever is necessary to secure the rights of the Plan. You and/or your covered Dependents agree not to do anything after loss to prejudice the rights of the Plan. You and/or your covered Dependents agree to cooperate with the Plan and/or any representatives of the Plan in completing forms and in giving information surrounding any accident the Plan or its representatives believe necessary to fully investigate the incident.
2. The Plan is also granted a right of reimbursement from the proceeds of any recovery by settlement, judgment or otherwise. This right of reimbursement is cumulative with and not exclusive of the subrogation right granted in paragraph 1, but only to the extent of the benefits provided by the Plan.
3. The Plan, by payment of any benefits, is granted a lien on the proceeds of any settlement, judgment or other payment received by you and/or your covered Dependents. You and/or your covered Dependents consent to the lien and agree to take whatever steps are necessary to assist the Plan to secure a lien.
4. The Plan, by payment of any benefits, is granted an assignment of the proceeds of any settlement, judgment or other payment received by you and/or your covered Dependents to the extent of the benefits paid. By accepting benefits, you and/or your covered Dependents consent to assignment and authorize and direct his and/or her attorney, personal representative or any insurance company to directly reimburse the Plan or its designee to the extent of the benefits paid. This assignment becomes effective and is binding upon any attorney, personal representative or any insurance company upon service of a copy of this provision upon them by the Plan or its designee.
5. The subrogation and reimbursement rights, assignments and liens apply to any recoveries made by or on behalf of you and/or your covered Dependents as a result of the Injuries sustained, including but not limited to the following:
 - Payments made directly by the third party responsible for Injuries or any insurance company on behalf of the third party responsible for Injuries or any other payments on behalf of the third party responsible for Injuries.
 - Any payments, settlements, judgment or arbitration awards paid by any insurance company under an uninsured or underinsured motorist coverage, whether on behalf of you and/or your covered Dependents or other person.
 - Any other payments from any source designed or intended to compensate you and/or your covered Dependents for Injuries sustained as the result of negligence or alleged negligence of a third party.
 - Any workers' compensation award or settlement.
6. The Plan's right to recover (whether by subrogation or reimbursement) shall apply to decedents, minors and incompetent or disabled persons' settlements or recoveries.
7. You and/or your covered Dependents shall not make any settlement that specifically reduces or excludes, or attempts to reduce or exclude the benefits provided by the Plan.

8. The Plan's right of recovery shall be a prior lien against any proceeds recovered by you and/or your covered Dependents, which right shall not be defeated or reduced by the application of any so-called Made-Whole Doctrine, or any other such doctrine that intends to defeat the Plan's recovery rights by allocating the proceeds exclusively to non-medical expense damages.
9. You and/or your covered Dependents shall not incur any expenses on behalf of the Plan in pursuit of the Plan's rights. Specifically, no court costs or attorneys' fees may be deducted from the Plan's recovery without the prior expressed written consent of the Plan. This right shall not be defeated by any so-called Fund Doctrine or Common Fund Doctrine, or Attorney's Fund Doctrine.
10. The Plan shall recover the full amount of benefits without regard to any claim of fault on the part of you and/or your covered Dependents, whether under comparative negligence or otherwise.
11. The benefits under this Plan are secondary to any coverage under no-fault of similar insurance.
12. In the event that you and/or your covered Dependents fails or refuses to comply with the terms of this agreement, you and/or your covered Dependents shall reimburse the Plan for any and all costs and expenses including attorneys' fees, incurred by the Plan in enforcing its rights.

Health Alliance may also request information from you based on claims or other information received to verify Third Party Liability information or to verify if a Third Party is involved. You must fill out the requested form in writing and return via mail to Health Alliance Midwest, 301 South Vine Street, Urbana, IL 61801 or via facsimile to our Recovery Department at 217-365-7488. If no response is received within one year from the request, claims will not be considered for payment.

MEDICARE-ELIGIBLE BENEFICIARIES

The federal "Medicare Secondary Payor" (MSP) laws regulate how certain employers may offer Employer Group healthcare coverage to Medicare-eligible employees and Dependents. Under the MSP laws, Medicare generally pays secondary to the Employer Group health coverage provided under this Policy for the following Medicare-eligible Beneficiaries:

- Members with end-stage renal disease, during the first 30 months of Medicare eligibility or entitlement.
- Members age 65 and over who are covered under this Policy, due to his or her or his or her Spouse's current employment status with the Employer Group, if the Employer Group has 20 or more employees.
- Disabled Members under age 65 who are covered under this Policy due to their or a family member's current employment status with the Employer Group, if the Employer Group employs more than 100 employees.

To assist your Employer Group and Health Alliance in complying with the MSP laws, you must notify your Employer Group promptly if you or any of your covered Dependents become eligible for Medicare or has Medicare eligibility terminated or changed. You must also promptly and accurately complete any requests for information from your Employer Group or Health Alliance concerning your or any of your covered Dependents' Medicare eligibility.

Medicare is the primary coverage for those Medicare-eligible Beneficiaries to whom the MSP laws do not apply (for example, Retired Employees and their Spouses who are age 65 or older). Benefits for such Medicare-eligible Beneficiaries do not include payment for services and items to the extent Medicare payment is available or would be available if the Medicare-eligible Member enrolled in Medicare and made a proper claim for Medicare payment.

For a Medicare-Eligible Beneficiary to obtain the greatest level of benefits, a Medicare-eligible Member to whom the MSP laws do not apply should:

- Enroll in Part A and Part B of Medicare.
- Obtain needed healthcare services and items from Providers according to the terms and conditions of this Policy. For services received from a Provider, this Plan will cover any applicable Medicare Deductible and

Coinsurance amounts, as well as any services and items described in the “What Is Covered” section that Medicare does not cover.

- Assign his or her claim for Medicare benefits to the Provider. For services received from a Provider, this Plan will cover any applicable Medicare Deductible and Coinsurance amounts, as well as any services and items described in the “What Is Covered” section that Medicare does not cover.

If you do not enroll in Part B of Medicare, you will be responsible for the portion of the bills that Medicare would have allowed under Part B coverage.

We encourage you to call Health Alliance at the number on the back of your Health Alliance Identification Card with any questions about the benefits available and how to obtain them. For questions regarding Medicare eligibility or benefits, contact the Centers for Medicare and Medicaid Services.

Members may not be enrolled in Medicare and a qualified high deductible health plan to be paired with a health savings account (HSA).

PAYMENT OF CLAIMS

The Plan pays benefits to the healthcare Provider unless you advise Health Alliance otherwise by the time the claim is submitted for payment. Any claim for reimbursement or bills for covered healthcare services must be submitted within 90 days of the service or as soon as reasonably possible. Notice given by or on behalf of the insured or the beneficiary to Health Alliance at the address listed below, via electronic claims billing, or to any authorized agent of the company, with information sufficient to identify the insured, shall be deemed notice to the company. All claims should be submitted to:

Claims Department
Health Alliance Midwest, Inc.
301 S. Vine St.
Urbana, IL 61801-3347

The Plan is not responsible for claims or bills submitted more than one year after the provision or initiation of the service to which the claim or bill relates. Health Alliance will notify you and your Provider if additional information is needed to process your claim. You, your authorized representative or Provider have 45 days from the receipt of the notice to provide the requested information. The Claim will be denied if the requested information is not received within the timeframe given to provide the information.

Unless Health Alliance receives prior written instruction from you, any healthcare benefits unpaid at your death will be paid to the healthcare Provider rendering the service for which benefits are due or reimbursement to your estate. If benefits payable are \$1,000 or less, Health Alliance may pay someone related to you by blood or marriage that Health Alliance considers to be entitled to the benefits. Health Alliance will be relieved of further obligation as to this benefit payment when made by Health Alliance in good faith.

FRAUD WARNING: Any person who, with intent to defraud or knowing that he is facilitating a fraud against an insurer, submits an application or files a claim containing a false or deceptive statement, or conceals information for the purpose of misleading may be guilty of insurance fraud and subject to criminal and or civil penalties.

CONSOLIDATED OMNIBUS BUDGET RECONCILIATION ACT (COBRA)

This section applies only to Members of an Employer Group with 20 or more employees.

Continuation Coverage Rights Under COBRA

Under federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), certain employees and their families' Dependents covered under the Plan will be entitled to elect a temporary extension of health coverage (called "COBRA continuation coverage") where coverage under the Plan would otherwise end. This notice is intended to inform you, in summary fashion, of your rights and obligations under the continuation coverage provisions of COBRA, as amended and reflected in final and proposed regulations published by the Department of the Treasury. This notice is intended to reflect the law and does not grant or take away any rights under the law.

What is COBRA continuation coverage?

COBRA continuation coverage is the temporary extension of Employer Group health plan coverage that must be offered to certain Policyholders and their eligible Dependents (called "Qualified Beneficiaries") at Employer Group rates. The right to COBRA continuation coverage is triggered by the occurrence of a life event that results

in the loss of coverage under the terms of the Plan (the “Qualifying Event”). The coverage must be identical to the Plan coverage that the Qualified Beneficiary had immediately before the Qualifying Event, or if the coverage has been changed, the coverage must be identical to the coverage provided to similarly situated active employees who have not experienced a Qualifying Event (in other words, similarly situated non-COBRA beneficiaries).

Who can become a Qualified Beneficiary?

In general, a Qualified Beneficiary can be:

- (i) Any individual who, on the day before a Qualifying Event, is covered under a Plan by virtue of being on that day either a covered employee, the Spouse of a covered employee, or a Dependent child of a covered employee. If, however, an individual is denied or not offered coverage under the Plan under circumstances in which the denial or failure to offer constitutes a violation of applicable law, then the individual will be considered to have had the Plan coverage and will be considered a Qualified Beneficiary if that individual experiences a Qualifying Event.
- (ii) Any child who is born to or placed for adoption with a covered employee during a period of COBRA continuation coverage, and any individual who is covered by the Plan as an alternate recipient under a qualified medical support order. If, however, an individual is denied or not offered coverage under the Plan under circumstances in which the denial or failure to offer constitutes a violation of applicable law, then the individual will be considered to have had the Plan coverage and will be considered a Qualified Beneficiary if that individual experiences a Qualifying Event.
- (iii) A covered Retired Employee who retired on or before the date of substantial elimination of Plan coverage which is the result of a bankruptcy proceeding under Title 11 of the U.S. Code with respect to the employer, as is the Spouse, surviving Spouse or Dependent child of such a covered employee if, on the day before the bankruptcy Qualifying Event, the Spouse, surviving Spouse or Dependent child was a beneficiary under the Plan.

The term “covered employee” includes not only common-law employees (whether part-time or full-time) but also any individual who is provided coverage under the Plan due to his or her performance of services for the employer sponsoring the Plan (e.g., self-employed individuals, independent contractor or corporate director).

An individual is not a Qualified Beneficiary if the individual’s status as a covered employee is attributable to a period in which the individual was a nonresident alien who received from the individual’s employer no earned income that constituted income from sources within the United States. If, on account of the preceding reason, an individual is not a Qualified Beneficiary, then a Spouse or Dependent child of the individual will also not be considered a Qualified Beneficiary by virtue of the relationship to the individual. A Dependent who does not qualify as a Policyholder’s tax Dependent under IRS rules is not considered a Qualified Beneficiary.

Each Qualified Beneficiary (including a child who is born to or placed for adoption with a covered employee during a period of COBRA continuation coverage) must be offered the opportunity to make an independent election to receive COBRA continuation coverage.

Qualified Beneficiaries who are entitled to elect COBRA may do so even if they have other Employer Group health coverage or are entitled to Medicare benefits on or before the date on which COBRA is elected. However, a Qualified Beneficiary’s COBRA coverage will terminate automatically if, after electing COBRA, he or she becomes entitled to Medicare benefits or becomes covered under another Employer Group health plan.

What is a Qualifying Event?

A Qualifying Event is any of the following if the Plan provided that the Member would lose coverage (i.e., cease to be covered under the same terms and conditions as in effect immediately before the Qualifying Event) in the absence of COBRA continuation coverage:

- (i) The death of a covered employee.

- (ii) The termination (other than by reason of the Employee's gross misconduct), or reduction of hours, of a covered employee's employment.
- (iii) The divorce or legal separation of a covered employee from the Employee's Spouse.
- (iv) A covered employee's enrollment in any part of the Medicare program.
- (v) A Dependent child's ceasing to satisfy the Plan's requirements for a Dependent child (for example, attainment of the maximum age for dependency under the Plan).
- (vi) The employer files for bankruptcy under Title 11 of the U.S. Code and you are a Retired Employee.

If the Qualifying Event causes the covered employee, or the covered Spouse or a Dependent child of the covered employee, to cease to be covered under the Plan under the same terms and conditions as in effect immediately before the Qualifying Event (or in the case of the bankruptcy of the employer, any substantial elimination of coverage under the Plan occurring within 12 months before or after the date the bankruptcy proceeding commences), the persons losing such coverage become Qualified Beneficiaries under COBRA if all the other conditions of COBRA are also met. For example, any increase in contribution that must be paid by a covered employee, or the Spouse or a Dependent child of the covered employee, for coverage under the Plan that results from the occurrence of one of the events listed above is a loss of coverage.

If a covered employee discontinues coverage for his or her Spouse in anticipation of divorce or other Qualifying Event prior to the actual event, when the divorce or other Qualifying Event becomes final, the employer must be notified so the notification can be sent.

If your employer is subject to the Family and Medical Leave Act of 1993 (FMLA), the taking of leave under FMLA does not constitute a Qualifying Event. A Qualifying Event will occur, however, if an employee does not return to employment at the end of the FMLA leave and all other COBRA continuation coverage conditions are present. If a Qualifying Event occurs, it occurs on the last day of FMLA leave and the applicable maximum coverage period is measured from this date (unless coverage is lost at a later date and the Plan provides for the extension of the required periods, in which case the maximum coverage date is measured from the date when the coverage is lost). Note: The covered employee and family members will be entitled to COBRA continuation coverage even if they failed to pay the employee portion of premiums for coverage under the Plan during the FMLA leave.

What is the procedure for obtaining COBRA continuation coverage?

The Plan has conditioned the availability of COBRA continuation coverage upon the timely election of such coverage. An election is timely if it is made during the election period.

What is the election period and how long must it last?

The election period is the time period within which the Qualified Beneficiary can elect COBRA continuation coverage under the Plan. The election period must begin no later than the date the Qualified Beneficiary would lose coverage on account of the Qualifying Event and must not end before the date that is 60 days after the later of the date the Qualified Beneficiary would lose coverage on account of the Qualifying Event or the date notice is provided to the Qualified Beneficiary of her or his right to elect COBRA continuation coverage.

Qualified Beneficiaries should take into account that a failure to elect COBRA will affect future rights under federal law. Qualified Beneficiaries should take into account the Special Enrollment rights available under federal law. Qualified Beneficiaries have the right to request Special Enrollment in another Employer Group health plan for which you are otherwise eligible (such as a plan sponsored by your Spouse's employer) within 30 days after your Employer Group health coverage under the Plan ends because of a Qualifying Event. Qualified Beneficiaries will also have the same Special Enrollment right at the end of COBRA coverage if you get COBRA coverage for the maximum time available to you.

Note: If a covered employee who has been terminated or experienced a reduction of hours qualifies for a trade readjustment allowance or alternative trade adjustment assistance under a federal law called the Trade Act of 2002, and the employee and his or her covered Dependents have not elected COBRA coverage within the normal election period, a second opportunity to elect COBRA coverage will be made available for themselves and certain family members, but only within a limited period of 60 days or less and only during the six months immediately after their Employer Group health plan coverage ended. Any person who qualifies or thinks that he and/or his family members may qualify for assistance under this special provision should contact the employer for further information.

Is a covered employee or Qualified Beneficiary responsible for informing the employer of the occurrence of a Qualifying Event?

The Plan will offer COBRA continuation coverage to Qualified Beneficiaries only after the employer has been timely notified that a Qualifying Event has occurred. The employer (if the employer is not the Plan Administrator) will notify the Plan Administrator of the Qualifying Event within 30 days following the date coverage ends when the Qualifying Event is:

- the end of employment or reduction of hours of employment,
- death of the employee,
- commencement of a proceeding in bankruptcy with respect to the employer, or
- enrollment of the employee in any part of Medicare.

IMPORTANT:

For the other Qualifying Events (divorce or legal separation of the employee and Spouse or a Dependent child's losing eligibility for coverage as a Dependent child), you or someone on your behalf must notify your employer in writing within 60 days after the Qualifying Event occurs, using the procedures specified below. If these procedures are not followed or if the notice is not provided in writing to your employer during the 60-day notice period, any Spouse or Dependent child who loses coverage will not be offered the option to elect continuation coverage. You must send this notice to your employer.

NOTICE PROCEDURES:

Any notice that you provide must be ***in writing***. Oral notice, including notice by telephone, is not acceptable. You must mail, fax or hand-deliver your notice to your employer. If mailed, your notice must be postmarked no later than the last day of the required notice period. Any notice you provide must state:

- the ***name of the plan or plans*** under which you lost or are losing coverage,
- the ***name and address of the employee*** covered under the plan,
- the ***name(s) and address(es) of the Qualified Beneficiary(ies)***, and
- the ***Qualifying Event*** and the ***date*** it happened.

If the Qualifying Event is a ***divorce or legal separation***, your notice must include ***a copy of the divorce decree or the legal separation agreement***.

There are other notice requirements in other contexts, for example in order to qualify for a disability extension.

Once your employer receives *timely notice* that a Qualifying Event has occurred, COBRA continuation coverage will be offered to each of the Qualified Beneficiaries. Each Qualified Beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage for their Spouses, and parents may elect COBRA continuation coverage on behalf of their children. For each Qualified Beneficiary who elects COBRA continuation coverage, COBRA continuation coverage will

begin on the date of the Qualifying Event. If you or your Spouse or Dependent children do not elect continuation coverage within the 60-day election period described above, the right to elect continuation coverage will be lost.

Is a waiver before the end of the election period effective to end a Qualified Beneficiary's election rights?

If, during the election period, a Qualified Beneficiary waives COBRA continuation coverage, the waiver can be revoked at any time before the end of the election period. Revocation of the waiver is an election of COBRA continuation coverage. However, if a waiver is later revoked, coverage need not be provided retroactively (that is, from the date of the loss of coverage until the waiver is revoked). Waivers and revocations of waivers are considered made on the date they are sent to the employer, as applicable.

When may a Qualified Beneficiary's COBRA continuation coverage be terminated?

During the election period, a Qualified Beneficiary may waive COBRA continuation coverage. Except for an interruption of coverage in connection with a waiver, COBRA continuation coverage that has been elected for a Qualified Beneficiary must extend for at least the period beginning on the date of the Qualifying Event and ending not before the earliest of the following dates:

- (i) The last day of the applicable maximum coverage period.
- (ii) The first day for which Timely Payment is not made to the Plan with respect to the Qualified Beneficiary.
- (iii) The date upon which the employer ceases to provide any Employer Group health plan (including a successor plan) to any employee.
- (iv) The date, after the date of the election that the Qualified Beneficiary first enrolls in the Medicare program (either part A or part B, whichever occurs earlier).
- (v) In the case of a Qualified Beneficiary entitled to a disability extension, the later of:
 - (a) 29 months after the date of the Qualifying Event, or (ii) the first day of the month that is more than 30 days after the date of a final determination under Title II or XVI of the Social Security Act that the disabled Qualified Beneficiary whose disability resulted in the Qualified Beneficiary's entitlement to the disability extension is no longer disabled, whichever is earlier; or
 - (b) The end of the maximum coverage period that applies to the Qualified Beneficiary without regard to the disability extension.

The Plan can terminate for cause the coverage of a Qualified Beneficiary on the same basis that the Plan terminates for cause the coverage of similarly situated non-COBRA beneficiaries, for example, for the submission of a fraudulent claim.

In the case of an individual who is not a Qualified Beneficiary and who is receiving coverage under the Plan solely because of the individual's relationship to a Qualified Beneficiary, if the Plan's obligation to make COBRA continuation coverage available to the Qualified Beneficiary ceases, the Plan is not obligated to make coverage available to the individual who is not a Qualified Beneficiary.

What are the maximum coverage periods for COBRA continuation coverage?

The maximum coverage periods are based on the type of the Qualifying Event and the status of the Qualified Beneficiary, as shown below.

- (i) In the case of a Qualifying Event that is a termination of employment or reduction of hours of employment, the maximum coverage period ends 18 months after the Qualifying Event, if there is not a disability extension, and 29 months after the Qualifying Event, if there is a disability extension.

- (ii) In the case of a covered employee's enrollment in the Medicare program before experiencing a Qualifying Event that is a termination of employment or reduction of hours of employment, the maximum coverage period for Qualified Beneficiaries other than the covered employee ends on the later of:
 - (a) 36 months after the date the covered employee becomes enrolled in the Medicare program; or
 - (b) 18 months (or 29 months, if there is a disability extension) after the date of the covered employee's termination of employment or reduction of hours of employment.
- (iii) In the case of a bankruptcy Qualifying Event, the maximum coverage period for a Qualified Beneficiary who is the Retired Employee ends on the date of the Retired Employee's death. The maximum coverage period for a Qualified Beneficiary who is the covered Spouse, surviving Spouse or Dependent child of the Retired Employee ends on the earlier of the Qualified Beneficiary's death or 36 months after the death of the Retired Employee.
- (iv) In the case of a Qualified Beneficiary who is a child born to or placed for adoption with a covered employee during a period of COBRA continuation coverage, the maximum coverage period is the maximum coverage period applicable to the Qualifying Event giving rise to the period of COBRA continuation coverage during which the child was born or placed for adoption.
- (v) In the case of any other Qualifying Event than that described above, the maximum coverage period ends 36 months after the Qualifying Event.

Under what circumstances can the maximum coverage period be expanded?

If a Qualifying Event that gives rise to an 18-month or 29-month maximum coverage period is followed, within that 18- or 29-month period, by a second Qualifying Event that gives rise to a 36-month maximum coverage period, the original period is expanded to 36 months, but only for individuals who are Qualified Beneficiaries at the time of both Qualifying Events. In no circumstance can the COBRA maximum coverage period be expanded to more than 36 months after the date of the first Qualifying Event. The employer must be notified of the second Qualifying Event within 60 days of the second Qualifying Event. This notice must be sent to the employer.

How does a Qualified Beneficiary become entitled to a disability extension?

A disability extension will be granted if an individual (whether or not the covered employee) who is a Qualified Beneficiary in connection with the Qualifying Event that is a termination or reduction of hours of a covered Employee's employment, is determined under Title II or XVI of the Social Security Act to have been disabled at any time during the first 60 days of COBRA continuation coverage. To qualify for the disability extension, the Qualified Beneficiary must also provide the employer with notice of the disability determination on a date that is both within 60 days after the date of the determination and before the end of the original 18-month maximum coverage. This notice should be sent to the employer.

Does the Plan require payment for COBRA continuation coverage?

For any period of COBRA continuation coverage under the Plan, Qualified Beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage. Qualified Beneficiaries will pay up to 102 percent of the applicable premium and up to 150 percent of the applicable premium for any expanded period of COBRA continuation coverage covering a disabled Qualified Beneficiary due to a disability extension. The Plan will terminate a Qualified Beneficiary's COBRA continuation coverage as of the first day of any period for which Timely Payment is not made.

Must the Plan allow payment for COBRA continuation coverage to be made in monthly installments? Yes. The Plan is also permitted to allow for payment at other intervals.

What is Timely Payment for payment for COBRA continuation coverage?

Timely Payment means a payment made no later than 30 days after the first day of the coverage period. Payment that is made to the Plan by a later date is also considered Timely Payment if either under the terms of the Plan, covered employees or Qualified Beneficiaries are allowed until that later date to pay for their coverage for the period or under the terms of an arrangement between the employer and the entity that provides Plan benefits on the employer’s behalf, the employer is allowed until that later date to pay for coverage of similarly situated non-COBRA beneficiaries for the period.

Notwithstanding the above paragraph, the Plan does not require payment for any period of COBRA continuation coverage for a Qualified Beneficiary earlier than 45 days after the date on which the election of COBRA continuation coverage is made for that Qualified Beneficiary. Payment is considered made on the date on which it is postmarked to the Plan.

If Timely Payment is made to the Plan in an amount that is not significantly less than the amount the Plan requires to be paid for a period of coverage, then the amount paid will be deemed to satisfy the Plan’s requirement for the amount to be paid, unless the Plan notifies the Qualified Beneficiary of the amount of the deficiency and grants a reasonable period of time for payment of the deficiency to be made. A “reasonable period of time” is 30 days after the notice is provided. A shortfall in a Timely Payment is not significant if it is no greater than the lesser of \$50 or 10 percent of the required amount.

Must a Qualified Beneficiary be given the right to enroll in a conversion health plan at the end of the maximum coverage period for COBRA continuation coverage?

If a Qualified Beneficiary’s COBRA continuation coverage under an Employer Group health plan ends as a result of the expiration of the applicable maximum coverage period, the Plan will, during the 180-day period that ends on that expiration date, provide the Qualified Beneficiary with the option of enrolling under a conversion health plan if such an option is otherwise generally available to similarly situated non-COBRA beneficiaries under the Plan. If such a conversion option is not otherwise generally available, it need not be made available to Qualified Beneficiaries.
