

Treatment Cost Calculator

A New Era of Patient Power

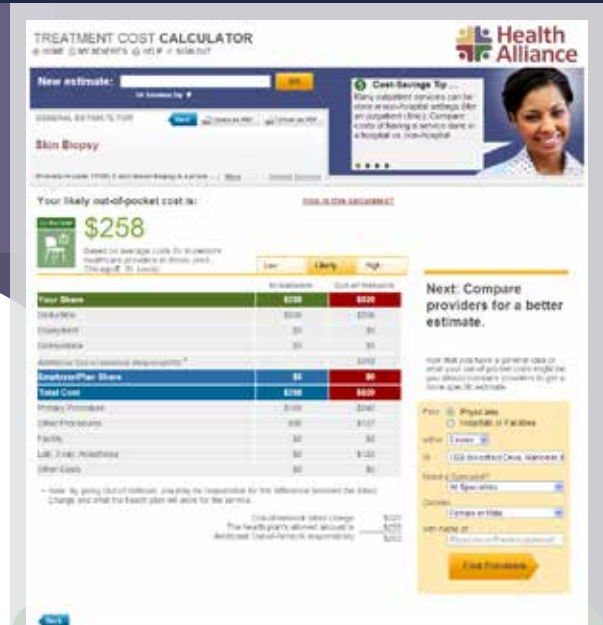

Our Treatment Cost Calculator is a powerful tool that helps members explore a wide range of healthcare options and can potentially save them money.

With the Treatment Cost Calculator members can easily:

- Save money with more informed shopping
- Review a helpful estimate of costs for specific treatments (based on their plan's coverage)
- Compare costs for in-network and out-of-network providers
- Search by medical treatment, service or condition
- Find doctors, hospitals and clinics in their area

It's a new era of patient power in health care.

The Treatment Cost Calculator gives members more control over their healthcare costs, and they'll feel better knowing they made an informed decision about where to go for care.

To use the calculator, members should log in to YourHealthAlliance.org and click the Treatment Cost Calculator banner on the right side of their At A Glance dashboard.
