

Save Money with Rxtra

If you're a Health Alliance Northwest member with prescription coverage*, you can save money based on where you have some 30-day supplies of meds filled.

Here's how the pharmacy savings levels work.

- Primary—When you visit Primary pharmacies, you pay the standard copayment for your plan.
- Preferred—When you use Preferred pharmacies, you pay nothing out-of-pocket on hundreds of the most common prescriptions.
- Preferred Plus—In addition to \$0 copayments for the drugs at Preferred pharmacies, you also pay nothing for certain cholesterol and asthma meds at Preferred Plus pharmacies.

Around every corner you'll find a Preferred Plus pharmacy, like:

- Kmart
- Sam's Club
- Fred Meyer
- SavOn
- Walmart
- QFC

Visit HealthAlliance.org/Pharmacy to find Rxtra pharmacies at each savings level near you.

For more information on Rxtra, call the Pharmacy Department at 1-800-851-3379, option 4.

Note: \$0 copayments apply after any deductibles are met.

*Self-funded participants, please contact your benefits administrator to see if you qualify.
